

# Algerian Terrorists Continue Bombings

Algiers, Algeria—(UPI)—The European Secret Army Organization resumed its Oran offensive today as weary fire fighters brought under control the huge oil fire which terrorists set Monday.

Plastic bombs shattered telephone exchanges in two districts, cutting communications with two major police stations. A building housing the departmental headquarters of the Health Ministry was burned.

Official sources estimated

that nearly half the original European population of 300,000 in Oran now has left the western port city for France, 50,000 of them since June 5.

Unless the current wave of OAS scorched earth terrorism ends quickly, the number leaving is expected to rise sharply.

Reliable sources said that while the fires in the oil storage area of the port were still raging this morning, all danger of the fire spread now had ceased. No casualties were reported.

For a time the flames threatened to engulf a wide area of the city and harbor but officials said they believed they had contained the blaze to a section of 10 storage tanks.

The blaze lit up the entire waterfront and smothered a four-square mile area with thick smoke. At times

firemen could get no closer than 200 yards.

Gen. Joseph Katz, Oran military commander, took charge of the battle and flew over the area in a helicopter. Extra firefighters were sent in from the big Mers-El-Kebir naval base.

Residents fled homes near the fire area, some of them crying in panic. Ten thousand persons flocked to the area to watch the battle.

"It is criminal," said one bystander bitterly.

"It is normal," said another. "All must burn."

Ships in Oran's busy harbor blew their whistles and upped anchor to get away from the flames licking hundreds of feet into the air.

# Blue Chips Pace Furious Rally On Stock Market

New York—(UPI)—Blue chips paced a furious rally on the New York Stock Exchange today.

With high speed tickers dropping behind floor transactions almost immediately, Alcoa, Owens-Illinois, and International Nickel were ahead more than 2 points and American Telephone, Allied Chemical, Union Carbide, Procter & Gamble, Chrysler, General Motors, Woolworth, Sears Roebuck, Johns-Manville, Texaco, and Jersey Standard between 1 and 1 1/2.

More than 75 issues showed gains running past a point and some were up 2 or better, notably IBM, Xerox, Reynolds Tobacco, Standard Brands, Hiram Walker, U.S. Freight, United Carbon and Litton.

Many rails moved up at least a point and utilities began pulling ahead on a broad front after a half-hour of narrowness. Many issues in the metals, tobacco, foods, stores and drugs were up 1 or better.

# Activity Against Business Mergers Suggested in High Court Decision

Washington—(UPI)—Sharply increased Justice Department activity against business mergers was suggested today by a resounding government victory in the Supreme Court in a shoe industry case.

The ruling was part of a voluminous outpouring of opinions and various other actions which brought the high court's 1961-62 term to a close Monday.

The court acted on lunch counter sit-ins, sale and mailing of obscene material, congressional contempt, narcotics addiction and school segregation.

It also handed down one of the most far-reaching religious freedom decisions in recent times by outlawing use of an official state prayer in New York public schools.

The justices now disperse for the summer. Barring a special emergency term, they will not return to the bench until Oct. 1.

Besides the shoe industry

decision, the government also won an anti-trust ruling that officials acting for corporations are subject to the stiff penalties of the Sherman anti-trust law as well as the less severe Clayton anti-monopoly law. The Supreme Court reinstated several Sherman act charges against corporation officers which were dismissed by lower courts.

Chief Justice Earl Warren wrote 51 pages in the shoe case, analyzing for the first time 1950 amendments to the Clayton act designed to plug loopholes in the 1914 statute and bring it up to date.

Warren declared it was the intent of Congress to curb "tendencies toward concentration in industry" in their beginnings, "particularly when those tendencies are being accelerated through giant steps striding across a hundred cities at a time."

The opinion said the court agreed with the government that so far as the shoe industry was concerned "this is an appropriate place at which to call a halt."

The judgment means divestment of the Brown Shoe Co. of St. Louis and the G. R. Kinney Co., the nation's largest retail chain.

The Justice Department also won a victory of sorts in a price discrimination case involving two big milk distributors in the Chicago area—Bowman Dairy Co. and the Borden Co. A lower court had accepted the companies' cost justification for price discounts to chain stores but the Supreme Court ordered more proceedings. The case is 11 years old.

In the field of obscenity, the court did not act the way the Justice Department suggested. Instead, it set aside a post office order barring from the mails three magazines appealing to male homosexuals.

The court ruled that the magazines were not offensive or indecent enough to be obscene. A minority of three even said the postmaster general did not have authority from Congress to determine what is too obscene to be

mailed.

The court agreed to examine next term a book publishers' challenge to a Rhode Island commission established in 1956 to discourage sales of obscene literature. The publishers are Bantam Books, Inc., Dell Publishing Co., Inc., Pocket Books, Inc., and the New American Library of World Literature, Inc.

# Financier's Wife Under Court Order

New York—(UPI)—The wife of runaway financier Edward M. Gilbert today was under court order forbidding her to dispose of \$867,784 in art objects and furnishings in her Fifth ave. apartment.

Justice Francis X. Conlon Monday signed a temporary restraining order at the request of E. L. Bruce and Co., Inc., and scheduled a hearing for today.

Gilbert, former president of the Bruce corporation, left the country after making a \$2 million withdrawal from company funds and now is in Brazil.

The firm sought the injunction on the ground that Gilbert had assigned the art objects and furnishings to the company to cover notes totaling \$1,953,000.

John E. Lee Jr., treasurer of the company, said the company was entitled to all the contents of the apartment, including suits, underwear and socks.

# South Carolinians Pick Congressman

Columbia, S.C.—(UPI)—South Carolina voters will choose today the former head of Democrats for Nixon-Lodge and one of President Kennedy's state campaign managers in a runoff primary for Congress.

State Rep. Albert W. Watson, 40, one of the men who almost helped swing this traditionally Democratic state for the GOP in 1960, led a field of five in the June 12 primary. But his 7,000-vote margin over runnerup Dr. Frank Owens fell short of the necessary majority.

Owens, former Columbia mayor, was financial chief for Kennedy's South Carolina campaign in 1960.

They are seeking the 2nd District seat being relinquished by the widow of Rep. John J. Riley (D-S.C.). Mrs. Riley served out her husband's unexpired term but did not bid for reelection.

# Ohio Woman Hurt In Two-Car Crash

An Ohio woman was treated for minor injuries and released from Rogue Valley hospital following an accident yesterday afternoon on Highway 99 near the Fern valley intersection, state police said.

Helen Koser, 53, of Bellevue, Ohio, complained of neck injuries when the car in which she was riding was struck from behind, state police said.

The Koser car was driven by Louis Clayton Koser, 34, of Seattle, and the other car was driven by Clifford Ivan Burton, 55, of 26 Richmond ave., Medford.

Early this morning, two Medford men were lodged in the county jail on charges of being drunk on a public highway following a one-car accident on the South Stage rd., three-fourths of a mile west of the Highway 99 intersection, state police said.

Being held are the driver, Leo Wayne Cox, 23, of 4925 South Pacific highway, Medford, and his passenger, Robert Olin Allen, 45, of 2616 West Main st., Medford.

# DOW-JONES AVERAGES

New York—(UPI)—Dow-Jones final stock averages: 30 industrials 536.27, off 2.92; 20 railroads 115.96, off 1.26; 15 utilities 103.05, off 1.62, and 65 stocks 187.38, off 1.69. Sales Monday were about 7.09 million shares compared with 5.84 million shares Friday.

# Tax Collections Total 85.4 Per Cent For Current Year

The Jackson county sheriff's tax office has collected 84.5 per cent of the taxes due for the current year, according to County Treasurer Karl Janouch.

This percentage represents three quarters, Janouch said, since the fourth quarter collections are due on Aug. 15. These figures are based on the overall amount levied for all districts such as school, water, fire, irrigation and various cities.

The amount due from all levies is \$7,577,059.97. The amount paid during the three quarters is \$6,468,435.79.

From 1956 through 1961, the tax collections have never run below 93.6 per cent of the amount needed for the over-all levies, Janouch's figures show.

In 1958 the amount collected was 107.7 per cent of the total levies in Jackson county.

There are four dates payments are due, the county treasurer explained. Most of it is collected in the first quarter collection date which is Nov. 15. The other collection dates are Feb. 15, April 15, and Aug. 15.

During the last six years the amount of the total levy not collected is less than 7 per cent, Janouch continued.

Since county operations are financed by O and C and national forest timber receipts almost entirely, a tax levy for the county has not been needed. Tax collections have almost met the total amount due from levies to run the cities and special districts, the treasurer explained.

Budget estimates from the special districts and cities are always more than what is actually needed since they have to be made a year ahead, so the resulting levy would be higher than the absolute needs, the county treasurer concluded.

# Foreign Briefs

**REFUGEES FLEE COMMUNIST CHINA**  
Macao—(UPI)—A fishing boat loaded with refugees from Communist China successfully escaped to Macao today, but two others were captured by a Communist patrol boat.

The three sampans fled from Tia Mui Kuang in Red China. One reached Black Sand Beach here with four men.

**BLIZZARDS HALT RAILWAY TRAFFIC**  
Mendoza, Argentina—(UPI)—Blinding week end blizzards and deep snowdrifts in the high Andes halted railroad traffic between Chile and Argentina, it was reported today.

**COMMUNIST RECEIVES HONORS DEGREE**  
Cambridge, England—(UPI)—Brian Pollitt, Communist president of the Cambridge debating society, got a first class honors degree from the university Monday.

Pollitt was beaten up during his campaign for election and had to take his final examinations in bed.

**CONGOLESE SEIZE UGANDA TRUCKS**  
Entebbe, Uganda—(UPI)—Congoese troops seized 19 trucks from Uganda Monday, halting trade between the Congo and East Africa.

# PLANNED LONGEVITY

Lincoln Continental is the automobile that gives no quarter to the false philosophies of "conspicuous consumption" and "planned obsolescence." The Continental has been specifically designed to make its owners contented, and keep them that way. To this end, its design features have been made the ultimate in elegance, luxury, and timelessness. Its engineering is so precise, so durable that the Continental is the only American car which offers (or deserves) a 24,000 mile, or 2-year warranty. Because of this "planned longevity," the Lincoln Continental will remain an up-to-date automobile throughout the years, reflecting its owner's taste, discrimination and foresight.
