

# OSU Tells Amount Of Grants Gained During Past Year

Corvallis—Gifts and grants to Oregon State university this past fiscal year totaled \$4,381,118. Dr. James H. Jensen, university president, reported.

This past year's figure was \$1,285,186 higher than last year's total of \$3,095,932.

Of the \$4,381,118 total, government grants accounted for \$3,680,774 and the remaining \$700,344 was from other sources.

Grants for research totaling \$2,774,079 accounted for the major share of the grant total. Of this amount, \$2,333,749 was provided by the federal government and \$440,330 from other sources.

The \$4,381,118 received was divided into the following categories: research, \$2,774,079; institutes, \$658,612; construction, \$500,000; overseas training, \$20,507; scholarships, \$169,865; student loan funds, \$123,830; books, supplies and equipment, \$85,714; and advancement of teaching and miscellaneous items, \$48,511.

Biggest single item was a \$500,000 grant from the National Science Foundation to apply toward construction of a \$868,000 oceanographic building on the campus.

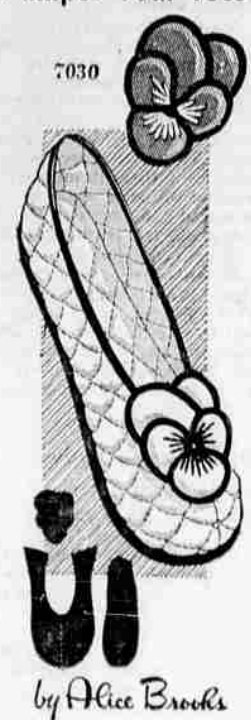

Research grants were received by OSU's Science Research Institute, the agricultural and forest research divisions of the Agricultural Experiment station, the Engineering Experiment station and most of the teaching departments.

Areas studied by Oregon State university scientists with the research funds provided include cancer tissues, long-range weather forecasts, arthritis and metabolic diseases, detoxication mechanisms in insects, waste water lagoon criteria for maritime climates, forest seeds and genetics, susceptibility of pears to carbon dioxide injury, and use of zinc bacitracin in fattening of beef cattle.

## POLICEMAN JAILED

New York — (UPI) — A city policeman who loaned his revolver to friends for a robbery received a stiff jail sentence Tuesday. "You are a traitor and disgrace and belong in jail," Judge Samuel S. Leibowitz told Toy Robinson Jr., 26, as he sentenced him to serve from 10 to 15 years in Sing Sing Prison.
