

# Two-Rule Closure Now in Effect in Rogue River Forest

Rogue River National forest officials have reminded area residents and travelers that the two-rule closure is now in effect in the national forest.

The two-rule closure includes smoking restrictions and tools specified by the forester while in the forest. Smoking is prohibited while traveling in timber, brush or grass areas except in vehicles on roads.

Tools required by campers and picnickers not using prepared campgrounds or picnic areas include one axe not less than 26 inches in length overall, with head weighing two or more pounds; one shovel not less than 36 inches in length overall, with blade not less than eight inches wide; and one water container, capacity of one gallon or more.

The smoking restrictions apply to everyone in Rogue River National forest. The tool requirements apply to travelers in vehicles or on horseback, but does not apply to hikers or people using developed campgrounds or picnic areas.

Roads in the higher elevations, including the Mt. Ashland Loop rd., still are closed by snow, but all other roads are open. Lower elevation areas have dried out considerably, and the fire hazard in some areas is approaching the extreme point, forest officials said.

The weekly recreation report by districts:

**Applegate District** - Ashland Loop rd. is still closed by snow. All other roads are open although being used by logging trucks and will be found to be dusty, except immediately after watering.

McKee and Jackson campgrounds have had heavy use on week ends. Other campgrounds, except Wrangle, have had moderate use.

Fishing is poor in the Applegate river, but lakes and streams are fair. The river is warming up and even the "tender souls" have been swimming.

Grass along all roads is drying out, and travelers are asked to be careful with fire.

**Ashland District** - Fishing at Fish Lake was good last week end. Fish Lake campground and the facilities at the Fish Lake resort were filled to capacity. Stream fishing is improving.

The woods are now dry enough for fires to spread rapidly. Smokers and persons building campfires are reminded that good judgment must be applied to the use of fires.

Governor Hatfield has announced that the Ashland watershed is closed to entry because of the fire danger. However, the Ashland Loop rd. and the Tolman Creek rd. will remain open for through traffic. Detailed information concerning this closure may be obtained from the district ranger at Ashland.

Construction activity on the new highway between Lake of the Woods and Fish Lake may cause delays in travel. The road is rough. The road from the Dead Indian rd. to Fish Lake has been graded, and is in fair shape. The Mt. Ashland Loop rd. is still blocked by snowdrifts.

**Butte Falls District** - All district roads are open and in good condition. The Blue Rock and Rustler Peak roads have been plowed out and are open to the lookouts.

Fishing has remained poor in Blue canyon. Willow lake has been fair, with catches spotty. Stream fishermen have met with only fair success.

Blue Rock and Rustler Peak lookouts are manned and visitors are welcome. Direction to the lookouts can be obtained by stopping at the ranger station.

The evenings have warmed

# Goldwater Slated For Portland Talk

Portland - Sen. Barry Goldwater was due here today for a fund-raising dinner that Republicans said would net them at least \$50,000.

The Arizona Republican was to arrive late this afternoon and speak tonight.

Dinner chairman Walter M. Treece said more than 500 tickets to the \$100-a-plate dinner have been sold. He said he was still aiming for 750.

As expected, the resolution passed by voice vote condemning every facet of the administration's proposal to finance medical care for the aged through the social security system.

No Head Count

There was no head count of the delegates present at the time of the vote, but it appeared that all 218 members of the house were present.

But the Committee on Legislation and Public Relations, which prepared the resolution, pulled a surprise by calling special attention to a section of the AMA's "principles of medical ethics" which says:

# AMA Resolution Leaves Decision Up To Doctors

Chicago - The American Medical Association's House of Delegates Thursday shouted approval of a resolution which leaves it up to the conscience of individual doctors whether they should participate in an administration medicare program.

As expected, the resolution passed by voice vote condemning every facet of the administration's proposal to finance medical care for the aged through the social security system.

No Head Count

There was no head count of the delegates present at the time of the vote, but it appeared that all 218 members of the house were present.

But the Committee on Legislation and Public Relations, which prepared the resolution, pulled a surprise by calling special attention to a section of the AMA's "principles of medical ethics" which says:

"A physician should not dispose of his services under terms or conditions which tend to interfere with or impair the free and complete exercise of his medical judgment and skill or tend to cause a deterioration of the quality of medical care."

No Direct Action

Top AMA spokesmen, including the chairman of the legislation committee, said the principles of ethics were cited so that doctors would know it was up to them to decide whether they should cooperate with the provisions of the administration-backed King-Anderson bill if it becomes law.

The committee did not take direct action on a proposal by the Louisiana delegation for a doctors' boycott if King-Anderson goes into effect.

But the Louisiana delegates said they got just what they wanted in the resolution approved by the policy-making house.

Dr. Philip H. Jones, New Orleans, said "It supports on an individual basis our resolution. It's exactly what we wanted."

**CRISIS AVERTED**  
Scotts Mills, Ore. - An immediate wage crisis here has been averted due to temporary plugging of a leak in the city's 8,000 gallon reservoir, an old wooden tank, city officials said Thursday.

**WAGE HIKES APPROVED**  
Washington - Eight cent an hour wage increases have been approved for 163 Army Air Force Wage Board employees at Portland International Airport, Sen. Wayne Morse (D-Ore.) said Thursday.

Day or Night Service

Cemetery, Mortuary, Mausoleum, Cremations

up considerably, and camping should be more pleasant. Visitors can pick up information about recreation activities at the district office in Butte Falls.

**Union Creek District** - Forest roads on the Union Creek district are closed by snow at elevations about 5500 feet. Tourists are advised to use caution on the lower portions of the Huckleberry Mt. and National-Wizard access roads because of heavy logging traffic. Mt. Stella Lookout is now up. Hershberger Lookout is still blocked by snow.

A welcome change in the climate has brought warm weather and clear skies making fishing conditions ideal. Reported catches are few.

With the exception of Huckleberry mountain all campgrounds are now open.

To provide additional facilities in the Union Creek campground, road construction will continue.

Beekies cafe is now open 6:30 a.m. to 9:30 p.m. standard time. Tourist accommodations are available at the Union Creek resort. Supplies and gas may be purchased from 7 a.m. to 9 p.m. standard time.
