### Manor-Isms

By ETHELYN EVANS

Mr. and Mrs. Elmer Franzwa, who came here from the San Fernando valley, have returned from a two week visit to Southern California. Mr. Franzwa is a past regional governor of Rotary and they attended a large meeting of Rotary International. They report very cold weather—never above 60 degrees—and said they were "burned up" reading about the lovely weather in the Rogue valley.

In Akron, Ohio, a newspaper clipping reports that a Manor member, Lee Ellsworth, has made reservations to attend a big and important golf tournament at the Firestone Country club there. This paper thought it remarkable that a man nearly 70 would travel 2800 miles to attend the tournament. We who know Mr. Ellsworth are not in the least surprised. Mrs. Ellsworth is going along and they will be gone about 6 weeks.

Fourteen Rogue Manor members attended the luncheon meeting of the Jackson County Republican Women's Federation at the Jackson House. Candidate Carl Fisher, Eugene, told us, among other things already reported, about attending a meeting of the National Republican committee in Seattle. This is the first time the committee has ever met in the Northwest.

Mrs. Harry D. Norvell, whose lovely poems are often published in the "Poets' Corner" of the Mail Tribune, has returned from an extended visit in the eastern states, most of the time in New York City, her old home.

Our Rogue Manor administrators provide many conveniences for our membership. One among the many is placing a large weekly schedule on the bulletin board in the Post Office lobby. Each day has one large square and in it is listed exactly what will take place in the way of entertainment, science or travel pictures, classes, dances—anything of a community nature. This leaves us no excuse to "miss out" on things—if we read it. Some of us do not always do so, and then we go around fussin' and fumin' because no one told us about something we wanted to see or do. Human nature!

And in addition to this bulletin, once during either luncheon or dinner hour, or both, Mr. Higgins announces some especially interesting event over the public address system. Of course, not all the members are present, because, thank Heaven, we have flexible dining hours. There is a spread of one and one-half hours for meals. Members can reserve tables up to eight places for special guests and parties.

In addition to the NEAT job of clearing done on the west rim of our Hill-Top, Earl Tye, from Menlo Park, did a grand job on the north border, practically single handed; and Dr. and Mrs. R. H. Henderson led the field workers on the east bank, Joseph Jefferies, Peoria, Ill., thinks first things come first, so he ignores the weeds and keeps on picking up rocks, of which there are plenty on this hill. Other members swing scythes and man rakes. However, there are members who are just not approve of physical effort or cannot because of health, so many of these are making dollar contributions to the landscaping fund or presenting special plants, etc. All members seem determined to make the Manor and the grounds a real show-place in the valley.
