Resignation of Freeman Requested

Washington—(UPI)—Texas Atty. Gen. Will Wilson Sunday called on Agriculture Secretary Orville L. Freeman to resign because of the Billie Sol Estes case.

Heading the Texas investigation into Estes' financial manipulations, Wilson said Undersecretary Charles S. Murphy should be fired along with a number of other Agriculture department officials.

Wilson said he believed Estes built his empire on the basis of favors from government officials—especially officials in the Agriculture department.

Group Submits Petitions Seeking Sewer System

The Anti-Annexation committee presented petitions containing approximately 773 signatures of owners of property southwest of Medford and registered voters in the area affected, to the Jackson county court, June 29.

These petitions request the county court, under state law to have a survey made of the area involved to determine the best and most practical plan to solve the sanitation problem. This survey could be extended to include other areas in the county which are in need of a sewer system.

The court will determine the boundaries and the feasibility of putting in a sewage disposal system to be paid for by those property owners who would benefit by such a system.

Petitions Incomplete
There are still a number of petitions that have not been completed which will be presented to the court in the near future, it was reported.

The plan for a county sewage disposal system will be presented to the people in the area involved for approval or disapproval at a public hearing upon completion of the survey.

The petitions were presented to the county court by Chairman Elmer W. Lusehen and Mrs. Lou Ann Williams.

Special calls and work sessions are now filling the morning hours, with regular rehearsals starting at 1 p.m. and lasting until midnight. Light crews take over at midnight, filling out the clock span.

Except for opening night itself, a good selection of seats remain for all performances. Regular patrons are advised to make their seating

Red China Renews Invasion Charge

Tokyo—(UPI)—The Communist radio charged again Monday that Nationalist China is preparing for a "large-scale invasion" of the Red-held mainland and boasted that "we will destroy it."

Peiping broadcasts quoting Foreign Minister Chen Yi and the official Communist "People's Daily" hammered away at the theme that the United States is encouraging the invasion and will be held responsible for it.
