Hatfield Declares Thornton Reckless

Salem—Gov. Mark Hatfield said today that Atty. Gen. Robert Y. Thornton has "recklessly sought by innuendo to cast doubt on the integrity of the highest court in Oregon."

At the same time, Hatfield called Thornton's record in office "deplorable."

Hatfield said that a news release issued by Thornton Tuesday inferred that the State Supreme Court has been influenced by politics in deciding cases where, as Thornton said, "political power or control in the state was at stake."

Hatfield and Thornton are the Republican and Democratic candidates for governor in November.

The controversial sentence in Thornton's news release said: "If you were to take over the cases where political power or control in the state was at stake, such as the secretary of state dispute, the Elmo Smith voters' pamphlet matter, the liquor commission investigation case, etc., our batting average would be even more impressive."

Thornton was defending the percentage of cases involving Thornton's office that have been affirmed by the high court in the more than nine years that Thornton has been attorney general.

Thornton rested on that statement today, but added that in the secretary of state dispute in 1958, "Mr. Hatfield announced the decision over a Portland radio station before the court did."

This was the ruling which affirmed Hatfield's appointment of Howell Apppling Jr. as secretary over the appointment of Dave O'Hara as secretary by outgoing Democratic Gov. Robert D. Holmes.

Hatfield declared that Thornton has been making attacks on the high court in private, and Hatfield has ignored them, but "as governor of this state, I cannot ignore such irresponsible charges now made public."

"The Oregon Supreme Court," Hatfield said, "has long demonstrated its posture above partisan politics. This is in the highest tradition of impartial justice."

Foreign Briefs

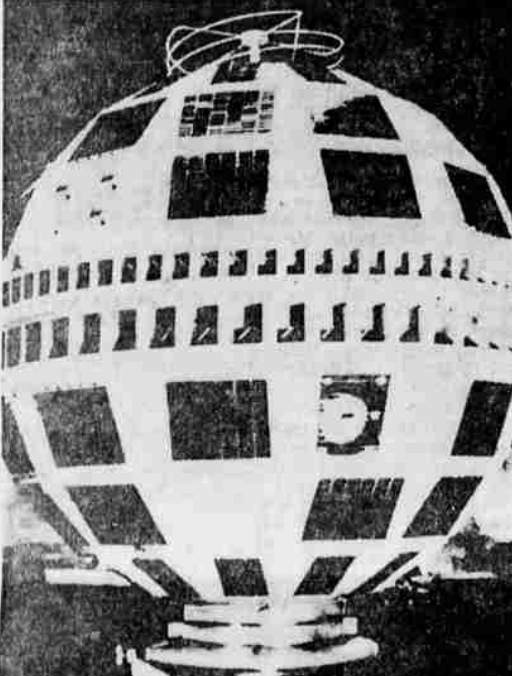

SOUTH AMERICAN ECONOMY SAID STRAINED
Cairo—(UPI)—A delegate to the economic development conference from Brazil complained Tuesday the European common market is straining the economy of South America.

Oclavio Dias Carneiro said tariff reductions among the six common market members have had "an adverse effect" on such exports as coffee from Brazil and meat from Uruguay.

FRANCE TO CUT TOBACCO PRICES
Paris—(UPI)—France will cut its prices on tobacco from common Market countries beginning July 16 while prices on cigars from Cuba will be raised up to 26 per cent, according to an announcement here Tuesday.

HUNGER STRIKE PROTESTS NUCLEAR TEST
London—(UPI)—Mrs. Helen Allegranza started a 10-day hunger strike in Holloway prison Tuesday to protest the U.S. "rainbow" nuclear test, according to a spokesman for the committee of 100.

Mrs. Allegranza, 32, has served five months of a one-year sentence for violating the country's Official Secrets act. A spokesman for the anti-nuclear organization said she also has refused to do any prison work.

FIRST TRANSMISSIONS—Telstar satellite, launched from Cape Canaveral, Fla., Tuesday, later in the day successfully transmitted its first pictures from space. A fuzzy picture—a small but recognizable image of a man—was received from the United States by England and France. No sound accompanied the picture in England but the audio and image were perfect in France. The map above shows how the image was transmitted from Andover, Maine, to the satellite and sent back to Europe. The lower photo is a still picture as it looked after it was transmitted to and re-broadcast from the satellite. It is a picture of the satellite itself. (UPI)

AIR CONDITION YOUR PRESENT CAR NOW

WITH MARK IV'S MONITOR PLUS INSTALLATION

COOLS FASTER, MORE EFFICIENTLY
Just switch Monitor on: in seconds car interior temperature is dropping. The Self-automatic control holds temperature where you want it, prevents freeze-ups. New air directors put out more cool air faster than conventional louvers.

SAVES YOU MONEY
Monitor's coils cool economically, inside the car—while factory units under the hood must fight engine heat. Monitor normally costs far less originally than factory air, saves still more at trade-in time when it transfers easily to your next car.

See MARK IV'S MONITOR, America's top selling custom installed auto air conditioner, at

Stock List Shows Signs of Rallying Following Selloff

New York (UPI)—Stocks showed signs of rallying toward the close of the first hour today after a fairly broad sell-off at the opening.

Strength was apparent among the electronics sector (IBM turned an opening loss into a gain of more than 2 points) and gradually to other sectors of the list.

American Telephone showed a gain of nearly 2 points in continuing response to the successful launching of its Telstar communications satellite. Du Pont was off a major fraction since the blue-chips and Eastman Kodak down less than a point. Procter & Gamble was up more than 1 and American Can a small fraction.

DOW JONES AVERAGES
New York—(UPI)—Dow Jones final stock averages: 30 industrials 586.01, up 5.19; 20 railroads 123.24, up 1.41; 15 utilities 113.60, up 0.88; 65 stocks 203.95, up 1.86. Sales Tuesday were about 7.12 million shares, compared with 2.95 million shares Monday.
