Jacksonville Gold Rush Jubilee

Queen Candidates Will Tour Valley

Jacksonville — A caravan of cars all gaily decorated and carrying the eight Jacksonville Gold Rush Queen Candidates will leave the United States hotel in Jacksonville at 9:30 tomorrow morning.

Included in its trip will be most of the towns and cities in Rogue River Valley. John Keaveny, Jubilee chairman, said that the purpose of the caravan is to help promote the Gold Rush Jubilee and give the folks in the valley a peek at our lovely queen candidates.

Automobiles used to transport the queen candidates will be loaned through the courtesy of Whitney Oldsmobile agency, Crater Lake motors, the Ford agency, Dean and Taylor Pontiac and Skinner's Buick and Cadillac agency.

Driving the courtesy cars will be members of the Jacksonville Lions club, the sponsors of the Gold Rush Jubilee.

The following schedule will be maintained for the caravan: 9 a.m., Caravan assembly at United States Hotel; 9:30 a.m., departure; 10 a.m., Phoenix, north entrance; 10:30 a.m., Talent, north entrance; 11 a.m., Ashland, north entrance; 12 noon, AT HOME.

Illinois Valley — Mrs. Jack Woods is home from Sacred Heart hospital. In Medford, she underwent surgery on two fingers that had been injured some time ago. Grafts of skin from her foot were used to complete the surgery. She is still wearing a cast, but it is scheduled to be removed Thursday.

Teachers and parents have cooperated to build a really fine band out of a small group of young people. (The entire school system enrollment ranges from 150 to 80 students per year.)

Directed Plays — In addition to band and choral concerts, Boggan has directed the majority of high school plays, been a class advisor, student council advisor and has helped on nearly every activity and sport held at the high school.

Boggan is now attending summer session at Southern Oregon college and will complete it August 11.

Boggan assumed the duties of superintendent the latter part of February of this year when William B. Hunter, superintendent, was recalled to active duty in the United States Air Force.

Mr. and Mrs. Boggan and their two children, David and Barbara will make their home at Brownville, Ore.

Copeland, former vice principal of La Grande High school, arrived this week to fill the vacancy of superintendent of Butte Falls schools. He has assumed his duties and is hard at work preparing for the coming year. The Copeland family will arrive as soon as housing facilities are available.

Among the new teachers employed for the coming year are James Yule of Jinn, La., and Walter Humphrey of Medford.

Yule will be the shop-ice instructor at the high school and Humphrey will fill the seventh grade vacancy at the grade school. The high school still has one opening for a music major.

Gloria fell from a horse July 3 and suffered a compound fracture, which developed into bone gangrene.

For the past two weeks she had been in solitary confinement at Sacred Heart hospital and must remain there for several more days.

Gloria looks forward to receiving cards and letters and would appreciate hearing from school classmates and friends. Gifts are inadvisable as everything must be destroyed after she touches it.

Cards may be sent to her at Sacred Heart hospital or her home, Rt. 1, Box 830, Eagle Point.

Fortunately, Gloria is left-handed and will be able to continue her school work this fall.

AFTER 49 YEARS—These two brothers, born in Green County, Pa., who hadn't seen each other since they parted in Pennsylvania 49 years ago, were reunited in Grants Pass this week. Russell Pierce, left, was located in Grants Pass by letters written to his church by Enoch Pierce of Bartlesville, Okla. Both men had moved several times and had lost the addresses of the other. Russell was 20 when he said goodbye to his 22-year-old brother. (UPI)

Construction Of Rifle Range Under Way in Eagle Point

Eagle Point — Construction of a rifle range in the new Eagle Point Community center was started this week. Leveling was completed for the building site and target pits were started.

A meeting has been called for Wednesday, Aug. 1 at 7:30 p.m. in the community building for the purpose of talking over the idea of a gun club and laying out plans both for its organization and work details for its actual construction.

According to Theodore Hoffman, who is heading up the project with the backing of the city council and the community building executive board, a regular gun club is being planned. All people using the range will have to adhere to the regulations and rules set up by the group which will include knowledge and using safety precautions in handling their gun.

All youngsters who have taken the hunter safety course are urged to attend the meeting Wednesday night. This will be a family club, giving parents an opportunity to both shoot and teach their children to shoot.

The range itself is located some 200 yards south of the community building, with the target pits next to the Little Butte Creek. All of the work will be done by members of the club and other volunteers.

Hoffman stated that the lighter work such as painting etc. can be done by the girls. A 12 inch thick, seven feet high building will be constructed with winged sides of like material to serve as a deflection, and a cap roof is to be built into the hillside among a grove of Oak trees.

A range 75 to 80 yards will be made for regular shooting; 80 to 100 yards for the perfect location of running targets; trap and skeet shooting range; and a range from point blank to 80 yards for pistol shooting.

Soft Sand — A sand trap will be inside the building as well as soft sand in the foreground of the range to absorb any bullets falling short of their targets. Burlap hanging inside the building will muffle the sound.

The range itself is located on flat ground and the range will be well cleared and marked to avoid any possible accidents. Much research and planning has been given to the project for the past year and a half by Hoffman and his associates on the project as well as volunteer crews to obtain the needed materials for the building.

Hoffman said he has been making arrangements with some of the professional gunmen and gunwomen in the area to have them as instructors with the club for the various classes on shooting.

All interested persons are urged to attend the meeting Wednesday night.

RESIGNS — Central Point — Edward Sousser, a teacher recently hired by the District 6 school board, has resigned to take up service in the armed forces. He would have taught freshman English at Crater High school.

Alert Dog Saves Ranch Near Wonder — Wonder — Fire threatened the Bella Maria ranch, the residence of Mr. and Mrs. Connie Sellers, near here early this morning, but thanks to an alert dog tragedy was averted.

"Ladybug," a Great Dane, spotted flames coming from the ranch pump house about 2:30 a.m. today and aroused Mrs. Sellers with her barking. Mr. and Mrs. Sellers, together with houseguests from St. Louis, Mo. and neighbors, fought the fire and kept it from spreading to other buildings. The local rural fire department responded, but the fire was virtually out when firemen arrived.

Cause of the fire was believed to have been either spontaneous combustion or sparks from the well pump. The incident concluded a busy day for Ladybug, who had alerted the family to a rattlesnake in the yard during the day yesterday.

ZONING MEASURE — Grants Pass — The Grants Pass City Council in a lengthy informal meeting this week ironed out most of the remaining objections to the city's proposed new comprehensive zoning ordinance.

The council ordered three changes in the draft of the ordinance, which will be given its first reading at the next council meeting Aug. 1. Some 30 local businessmen were present to air their views at the informal Tuesday night session.

The changes, all pertaining to off-street parking requirements for new construction in the central commercial district, are as follows:

(1) Increases from 200 to 400 square feet the area of floor space for which each new structure must provide one off-street parking space;

(2) Provides that an existing structure can be demolished and replaced by new construction without furnishing new parking space;

And (3) provides that any changes in use for an existing structure may be made without requiring additional off-street parking.

James Praised For Work On Youth Activity Committee

By MARY KELL

Gold Hill — Ralph A. James, Sams Valley, a representative for the Gold Hill Chamber of Commerce on the adult youth activity planning committee was praised by fellow members of the chamber for the excellent job that he is doing in helping to promote worthwhile recreation for teen-agers in this community.

During the July 19 Chamber session James gave a progress report of the youth activity committee of which he is chairman. He said the young people are making their own plans and have decided to have the next party on Tuesday, July 31 commencing at 6 p.m. with games and a cook out in the city park.

This is to be followed by open air dancing if the city officials grant them permission to use Fourth st. between Gail's Gold Hill market and Walker's Service station.

Several members of the chamber offered James assistance. Frank Sutcliffe, manager of Ideal Cement Company plant, offered to help in the way of having extra lighting installed if needed for the dance.

C. Norman Gail, owner of Gail's market, said an electric outlet would be made available if needed to hook up a record player for dancing.

And Norman R. Matteson, judge of Justice Court Gold Hill district, said he would look into the possibility of securing a popular dance band to donate some time that evening.

Miss Laura Thomas is chairman of a committee of teen-agers who are in charge of arrangements. Parents who would like to act as chaperones are asked to telephone Mrs. John Thomas, a member of the adult entertainment committee of the youth activity planning group.

Chamber president Richard Abbott reported that Girl Scouts of Troop 121, who recently made a trip to the World's Fair at Seattle, Wash., left Gold Hill Chamber of Commerce brochures en route at various motels and chambers of commerce.

As a result of this a number of requests for information of this area have been received and answered by the secretary, Mrs. Clyde Kell, who reported that 410 requests have been received since May 10 from people throughout the United States, Canada, Hawaii, Alaska and other points. To these Gold Hill Chamber of Commerce brochures have been sent and replies given to their inquiries.

The Gold Hill Chamber of Commerce is participating in the organization Vacation Land of Southern Oregon to promote Jackson and Josephine counties.

The preparation and printing of an attractive brochure describing this area, and the mailing of them in response to requests from readers of the ads which are published in well known magazines has been, among others, a major project of the Gold Hill chamber during 1962.

Chamber members feel the response thus far in this activity has been gratifying. Some who seek information on recreation, employment, homesites, etc., will come to visit and some will come to stay. In any event this area will be benefited, they feel.

The local chamber has represented residents of this area at a number of meetings when community interests have been affected, during the half way period of 1962 activities.

Gold Hill — A party for teen-agers in the Gold Hill community will be held Tuesday. The event will commence at 6 p.m. with games in the city park on Second ave. A cook out will be held between 7 and 8 p.m. Miss Laura Thomas has been in charge of arrangements.

Between 8 and 10:30 p.m. there will be dancing for the teen-agers in the street between Gail's Gold Hill market and Walker's service station.

Parents who would like to act as chaperones are requested to telephone Mrs. John Thomas at 855-1114. Mrs. Thomas is a member of the adult entertainment committee of the youth activity here.

There will be a fee of 25 cents charged to cover expenses.

It is closely working with the federal authorities for the establishment of overnight camping facilities on the Rogue River near Gold Hill. And a joint co-operative advertising campaign among the business people of the area has been sponsored by the chamber to promote the idea of "Trade At Home."

A lengthy discussion took place during the last chamber meeting in regard to business advertising to entice residents of the area to trade at home.

A representative from a printing firm was present to explain his various advertising plans that he thought might apply to the local need.

This plan will be considered by the advertising committee, which is a group completely separate from the Chamber of Commerce. As a result of the co-operative advertising sponsorship by the Chamber a committee composed of Sams Valley and Gold Hill business people was formed.

On Committee — Co-ordinators for the advertising committee are Norman Matteson and Mrs. Virginia Plummer, of Clark J. Walker agency. Others on this committee are C. Norman Gail, Richard Abbott, Wesley McDonough, Lloyd Calkins, and Darrell Ross. Business people who are interested in cooperative advertising should contact this group for further information.

Mrs. Plummer stated that she is having a sign installed that will read "Welcome Tourists." And she will provide tourist information. She asked that anyone who has information that will help travelers to contact her.

Mrs. Plummer requested that the chamber look into the possibility of having the city of Gold Hill lease the Southern Pacific property from Fourth st. to the bridge and to have same developed with rest rooms and trailer space for tourists as a rest area.

No action was taken by the Chamber on this issue. It will be on the agenda for discussion at next meeting.

11,253 Books Checked Out of Jacksonville Library During Year

Jacksonville — A total of 11,253 books was checked out of the Jacksonville library during the 1961-62 fiscal year, Helen Roberts, librarian reported today.

On the shelves of the library at this moment are 3,465 books. The library acquired 147 new patrons during the fiscal year, bringing the total number of patrons at this date to 509.

Mrs. Roberts also reported that she filled 334 requests for special books during the fiscal year.

It is closely working with the federal authorities for the establishment of overnight camping facilities on the Rogue River near Gold Hill. And a joint co-operative advertising campaign among the business people of the area has been sponsored by the chamber to promote the idea of "Trade At Home."
