

Pro Football Teams Drill For Games in Portland

Portland — On four widely-scattered sites, the teams that will participate in Portland's two professional football games this year are now getting ready for the 1962 season. Training camps have opened for all National Football League teams and, as Coach Norm Van Brocklin of the Minnesota Vikings describes it, "we'll find out who the football players are."

Van brings his Vikings here Aug. 18 for a game at Multnomah stadium against his former teammates, the Los Angeles Rams. The Vikings are training at Bemidji, Minn.

The Rams have moved to a new training site at Orange, Calif., where Coach Bob Waterfield says he will separate

"the plums from the lemons." Portland's second game features the Cleveland Browns against the San Francisco Forty Niners Aug. 25. The Browns are drilling at Ilwaco, and the Forty Niners are going through their paces under Coach Red Hickey at Moraga, Calif.

Good advance sales for pro football reportedly are common to Oregon Sports Attractions, since past games have averaged more than 25,000. However, Ticket Manager George Rickles reports one of the heaviest mail order responses in history for both games. Tickets are available by mail at OSA headquarters, 510 S.W. Yamhill, Portland.

Umpires, Scorers Named For Monday's All-Star Baseball

New York (UPI) — Umpiring and scorers assignments for Monday's major league All-Star game in Chicago have been announced by the office of Baseball Commissioner Ford Frick.

The umpires will be Jocko Conlan (National League) plate; Bill McKinley (American League), 1b; Ken Burkhardt (NL), 2b; John Rice (AL), 3b; Al Forman (NL), and Bill Kinnaman (AL), foul lines.

Official scorers will be Bob Wolf of the Milwaukee Journal, vice president of the Baseball Writers Association of America; Edgar Munzel of the Chicago Sun-Times; and Jim Enright of the Chicago American.

We're still waiting for a more complete explanation from United Press International concerning a picture that was sent the other day via UPI Telephoto offices in Chicago. The caption said: "Financier John W. Cox... said he gave Yankee stadium to Rice university because he thought it was a good idea. Cox, a 1927 graduate of Rice, said he did not know its value."

Nice guy.

Although construction has started on the proposed Crater High school stadium, we learned this week that about \$5,000 more is needed to finance the \$30,000 project.

Stadium promoters hope to sell at least 100 more tickets. They sell for \$50 and are valid for three years. The Crater High school office will accept all contributions and requests for tickets.

The contractor is now pouring concrete and is ready to "pour" the seats. Poles for the lights were being installed Saturday.

Last week we had the pleasure of attending a dinner given for members of the local American Legion junior baseball team. Gene Orr mentioned that new traveling and warm-up jackets were being ordered for the team next year. In addition to the new blue and white jackets, the players will sport new caps with the AL emblem on the front. It should be a sharp looking group.

Coach (Chief) McLean made the quote for the day when he said the fellows were "darn good ball players and darn good citizens." We might add that this goes for a lot of other youths involved in sports activities, too.

Scott Eaton and Monte Jones, former Medford High football stars, planned to leave early this morning by plane for Portland to start drills for the annual Shrine All-Star game Aug. 11.

The players are to be issued equipment at the Multnomah Athletic club this afternoon. Members of the State squad will be quartered in a downtown hotel and practice at the Woodrow Wilson High school field.

Soap Box derby fans in Sacramento, Calif., recently witnessed a special test race following the Northern California-Nevada derby finals.

A "Rocket Car" propelled by two bottles of carbon dioxide fitted with "nozzles" that give it a 60-mph level ground speed, raced against the top winners of the soap box cars, The "Rocket," going up hill from the starting line and the soap boxers going down from the starting line ran a dead-heat tie race. (See UPI picture above.)

Associate George (known by the initials G.H.B.) still refuses to accept the title of this column, "Fare Fan." We keep telling him that it's the logical name for a replacement to R.D.J.'s "Fanfare" column.

Our faithful critic (and friend) will be glad to learn that the boss will return to the sports desk Monday after two weeks of vacationing.

Medford Netters Beat KF

Klamath Falls — Medford's city tennis team added another win to its record here Friday when they surpassed the Pelicans in both girls and boys play.

The girls slipped by the Klamath netters 4 to 3, but the Pear City fellows posted a 6 to 1 victory. The Medford squad was fresh from a win Thursday when the girls defeated Grants Pass 7 to 0.

16-Year-Old Sets Swim Mark

Osaka, Japan — (UPI) — Sharon Finneran, 16, of the Los Angeles city swim club broke the world record for the women's 400-meter individual medley Saturday with a time of five minutes, 21.9 seconds during the Japanese National Swimming Championships.

Earlier, she set a Japanese international record for the 400-meter freestyle with a clocking of 4:51.5 in a trial heat.

Donna De Varona, 15, Santa Clara, Calif., held the previous record for the 400-meter individual medley of 5:34.5 set Aug. 11, 1961. However, the young Olympian was second today to Miss Finneran with a time of 5:24.1.

Miss De Varona came back to win the women's 100-meter backstroke with a new Japanese international record of 1:09.9. Former national record holder Stoke Tanaka was second.

The United States won both the men's and women's 400-meter medley relays. The men's team was composed of Jed Graef, Chet Jastremski, Fred Schmidt and Steve Jackson, who were timed in 4:10.4, while the winning women's team, clocked in the Japanese international record time of 4:52.5, consisted of Miss Finneran, Miss De Varona, Robie Whipple and Robyn Johnson.

State, Metro Teams Practice in Portland

Portland — Drills for the 15th annual Shrine's hospital All-Star football game here Aug. 11 were to start today.

The rival teams, Metro and State, are each composed of 27 senior starts selected from last year's Oregon prep ranks. The game will be played under the arcs at Multnomah stadium.

Medford athletes will participate. Scott Eaton, quarterback, and Monte Jones, tackle. Both are former members of the Medford Black Tornadoes football team.

State's head coach, Roseburg's Roy Thompson, and his two aides — North Salem's Spike Hillstrom and Tillamook's Doug Hogland — are hopeful they can put together an aggregation which will break a long Metro win streak, interrupted by last year's 19-19 standoff.

Duke Moore, the astute leader of Beaverton high school grid fortunes, will lead the Metro eleven and his assistants will be Tom DeSylvia, former Jefferson High School and John Allen of Jesuit high school.

Rock Climbing School Planned

A local mountaineering group has announced plans to sponsor a rock climbing school to promote interest in the sport as well as to keep it safe by teaching proper techniques.

The Mountaineers, headed by Mel Jackson, will hold indoor sessions Aug. 2 and Aug. 9, from 7-9 p.m., at the Medford YMCA. An outdoor session is scheduled Aug. 4 and 5 — from Saturday noon to about 7 p.m. Sunday they will be at the "Rabbit Ears."

Fundamentals stressed will include rope handling, balance, belaying, rappelling and judgment.

Cost for the school will be \$2 per person. No experience is necessary, and persons may register by telephoning Jackson, 772-4372. The school will be limited to 20 persons, 15 years and older.

Helping Jackson with the instruction will be Tom Owens, Mike Wickersham, Nick Nixon and Bill Beutner.

Why are the wheels crooked?

A split rear axle. The rear wheels are individually suspended, to adjust to the shape of the road.

(Most European racers have this, but few passenger cars.)

Take the opposite: the rigid rear axle. What if your car hits a rut hole?

Clunk. Seasoned drivers wait for this thump.

In a Volkswagen, it never comes. "I've been fooling around in my Volks for 3 years," says one commuter, "and I'm still surprised when the jolt doesn't come."

Volkswagens also have torsion bar suspension. (Not many passenger cars have this, either.) Ordinary springs can "hit bottom." VW torsion springs twist. The more they twist, the more spring they develop. This cradles the car. You get a sure-footed ride over rough terrain.

Crooked wheels? That's what keeps the Volkswagen on the level.

Many of our customers report 30,000 miles, and more, from the original tread of this tire — Gates Air Float Deluxe. They're happy. Many, in fact, most, say Gates Air Float Deluxe tire is the best tire they've ever had. They're sold on this tire just as we are.

There's a reason why Gates AFD tire wears longer

It delivers at least 25% more miles than other leading tires costing the same money because of its advanced low profile design — a feature that reduces tread distortion, scuffing, and heat.

THIS WEEK ONLY we have been authorized to offer a very special price on Gates AFD if you phone us or come in and ask about the AFD offer.
