The Payroll Savings Plan makes sure that it goes into savings before you can dribble it away. And, if you buy a \$25.00 Bond a month (cost, \$18.75), in 40 months you'll have Bonds worth \$1,000 at maturity. You really won't miss it because it adds up to only 63¢ a day.

The Big Blow By Betty Kahn

Here is some fun for your party. First prepare your egg, making a small opening at the top and at the bottom and blow out the contents of the egg from the top opening. Now it is hollow.

A center line across the middle of your dining table comes next. The two teams of players sit at opposite sides of the table and try to blow the empty egg (at the word "Go!") across the goal line to their opponents' side and off the table.

Five points are scored for the team that blows the egg off the table. Don't touch that egg, though, while the Big Blow is on!
