

Space Phenomena Encountered by X15 Remains Mystery

Committee OKs Gen. Taylor As Joint Chiefs Chairman

Washington—(UPI)—The Senate Armed Services Committee today unanimously approved the nomination of Gen. Maxwell Taylor to be chairman of the Joint Chiefs of Staff.

The committee similarly approved Gen. Earle G. Wheeler to be the new chief of staff of the Army.

The committee recommended Senate confirmation of the two nominees after questioning them at a public session.

In his testimony, Taylor assured the committee that he plans no revolutionary changes in the nation's defense structure. He made it clear he has abandoned his recommendation that the military services be placed under a single commander. His intention, he assured the senators, is to "make the present system as effective as possible."

The new military chief, who succeeds Gen. Lyman Lemnitzer in November, also went out of his way to allay European concern that he would downgrade the role of nuclear weapons to defend that continent from Red attack.

He said he would defend Western Europe with "what-

ever forces" it would take to defeat an enemy aggressor—nuclear, conventional or a combination of the two. He said that should a broad scale

Sentence Suspended For Trail Man

Dennis Lee Dowty, 22, of Trail, had imposition of sentence suspended for five years today in circuit court on a charge of contributing to the delinquency of a minor. Judge James M. Main placed Dowty on probation.

Charles Vernon Krout, 46, of Compton, Calif., was arraigned this morning on charges of uttering and publishing a false check. His case was continued and George Rode was appointed counsel.

Scientists Unable To Identify Strange Object

Edwards ABF, Calif.—(UPI)—A possibility the X15 encountered strange phenomena in space today with scientists unable to identify a mysterious object both sighted and photographed by Maj. Bob White on a soaring flight by the rocket ship.

Scientists said Wednesday they could give no explanation whatsoever for the objects that appeared near the X15 on July 17 when White sky-rocketed to a world airplane altitude record of nearly 60 miles.

"It is impossible to explain the object's presence at this time," space agency scientists said. "As a matter of fact, we aren't even sure that what White saw and the camera photographed were two different objects."

The National Aeronautics and Space Administration, after intensively studying White's sighting report and films from a tail movie camera on the X15, released photographs of an object that darted above and behind the plane.

Alaska Rising Among Oil Producing States

New York—(UPI)—Alaska is rapidly becoming an important oil producing state, according to Oil Facts magazine.

The first successful well was completed in September, 1957, and by 1961 the state ranked 19th among the 31 American states producing oil.

Portland Youth Killed by Gunshot

Portland—(UPI)—William Franklin Cooley III, 19, Portland, was shot and killed in a North Portland marina parking lot early today following a disturbance.

A complaint charging manslaughter against Edward Elmore Hargrave, 48, operator of Hargrave's Marina, was signed by Detective Capt. Gordon Auburn of the sheriff's office.

Hargrave said he had fired a warning shot after arguing with Cooley and three other young people who were creating a disturbance in the lot shortly after 1 a.m. (PST).

Cooley's companions at the time of the shooting were James Lee Foley, 23; Marilyn Louise Warren, 17, and Janice Marlene Van Horn, 18, all of Portland.

They told police they had been sitting in a car in the parking lot about an hour before Hargrave came out to complain about noise.

Awakened By Noise

Hargrave told officers he and his wife were awakened by loud talking and a disturbance in the lot. Hargrave said he armed himself with a 44-magnum revolver and went outside to see what the trouble was.

He said he found the four young people in a car. He talked with them for several moments and then walked around to the front of the car to note the license number. He said he took a pen from his pocket to jot down the tag number and at that time, Cooley and Foley got out of the car and walked towards him.

He said Cooley threatened him and he raised the gun to fire a warning shot. The shot rang out and Cooley slumped to the ground. Hargrave said

Collisions Checked By State Police

Two minor accidents were reported to Oregon state police Wednesday.

At 6:40 p.m., vehicles operated by Sherman Taylor Shults, 74, of 714 Narregan st., Medford, and Gerald William Gains, 21, of 2217 Kings highway, Medford, collided at the intersection of Stewart ave. and Cherry st., according to police.

Vehicles operated by Darryl Duane Bohn, 16, of 965 Garden way, Ashland, and Robert Giles Deboer, 16, of 760 Clay st., also Ashland, collided about 8 p.m. yesterday on Highway 99 near Talent, police said.

Minor property damage resulted from both accidents, but no injuries were reported.

Six of the seven basic food groups require refrigeration to keep them in a safe and healthful condition.

TV STAR SAYS OREGON FRYERS ARE TOPS

KOIN KITCHEN'S Betty Davis says, "the fresher the fryer the finer the flavor... that's why I always prefer Oregon-grown fryers on my TV show, and at home." Smart home-makers know Oregon-grown fryers are tops, too. Farm fresh when you buy 'em—and when you eat 'em.

HUGE STALIN STATUE TO BE REPLACED
Vienna—(UPI)—The huge monument of Josef Stalin in Prague, said to be the world's biggest statue of the former Soviet dictator, will be replaced by a "house of culture," it was reported Wednesday.

The Czech government announced last year that it would remove the monument as part of the Soviet bloc's destalinization movement.

CAR STOLEN IN ALGERIA FOUND IN FRANCE
Toulouse, France—(UPI)—Alberic Mosse, a Frenchman recently repatriated from Algeria, was walking through the streets here Wednesday and suddenly spotted the car which was stolen from him last month in Algeria.

Police confirmed Mosse's claim, and then jailed another repatriate, Francois Carbone, who confessed he brought the stolen car with him when he skipped to France July 14.

ARAB LEAGUE TO ADMIT ALGERIA
Cairo—(UPI)—The Arab League will hold a special meeting later this month to admit Algeria as its 12th active member, reliable sources said Wednesday.

Stocks Back, Fill As Few Issues Record Changes

New York—(UPI)—Stocks backed and filled today. The market was so narrow that only a dozen common stocks could be found showing a change of as much as a point.

Leading motors and steels were soft with Arco off 1 and the international oils and big chemicals almost unchanged. International Nickel and Alcoa, both up a point in the metals, were the only blue chip features, aside from AT&T, down 1.

DOW JONES AVERAGES
New York—(UPI)—Dow Jones final stock averages: 30 industrial 590.94, up 2.59; 20 railroads 120.24, up 0.37; 15 utilities 117.09, up 0.07 and 65 stocks 205.36, up 0.67. Sales Wednesday were about 3.08 million shares compared with 2.97 million shares Tuesday.

Illness Average Is Equal Between Sexes

New York—(UPI)—There is remarkably little difference between the average working man and woman in the number of days lost from work because of illness or injury, according to Health Insurance News.

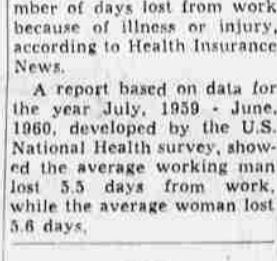

A report based on data for the year July, 1959 - June, 1960, developed by the U.S. National Health survey, showed the average working man lost 5.5 days from work, while the average woman lost 5.6 days.
