CAUGHT – A six-year-old boy is caught in the act as he turns in a false alarm at a box in front of a Chicago school. Fire alarms installed in front of all schools after the Our Lady of Angels school fire in 1958 has led to a large increase in false alarms. This picture was made by Chicago Daily News photographer Luther Joseph, working with a fire department squad seeking to catch the false alarmers. (UPI)

Frank Duncan Still Believes Mother Innocent

San Quentin, Calif. –(UPI)– Lawyer Frank Duncan still is convinced of the innocence of the woman convicted of hiring two men to kill his pregnant wife.

His belief was so strong that he waged a legal fight to save the life of the woman – his mother, Mrs. Elizabeth Duncan, 58, up to the moment she walked to California's gas chamber Wednesday.

The two hirelings died with her in California's first triple execution since 1936.

As plump Mrs. Duncan stepped into San Quentin's apple green execution chamber at 9:02 a.m., her son stood defeated on a San Francisco street corner. Only seven minutes earlier his last hope, a plea for a stay of execution and a new appeal, was rejected by Federal Judge Walter L. Pope.

He seemed not to notice a fire truck racing along the street.

Although Mrs. Duncan was accused of hiring two men to slay her son's wife, Olga, in 1958, Frank insisted she was innocent.

"They won't listen," Duncan said as he left the court. "It's a most barbaric thing."

Interim Committee To Study Problems

Salem – (UPI) – The legislative interim committee on agriculture will look into property assessment and zoning problems caused by a law passed last year which allows agricultural land in suburban areas to get a lower tax rate.

Only a few counties will be using the new system in the coming tax year.

The subject will be discussed at the committee session in Newport Aug. 17.

At the meeting the committee will also hear discussions of proposals for state inspection of poultry, fiscal controls for commodity commissions, enabling legislation for bargaining agencies, state marketing orders, tax reappraisal procedures and food processing operations developed at Oregon State university.

Check Received For County Share of Sales

Jackson county's share of sales at the Howard Prairie Recreation area for July totaled $449.64.

A check for that amount was presented to the county court Wednesday by Johnston Stores, 112 South Riverside ave., Medford, concessionaires. The amount represented the percentage of sales due the county under the concessionaries' contract.

PIGGLY WIGGLY

Best Buys...

If you're looking for values to stretch your budget, shop Piggly Wiggly. You'll find "best buys" in every department of the store and you'll save even more with S & H GREEN STAMPS.
