WINDOW AWNINGS • DOOR HOODS • PATIOS

HANDSOME NEW PROTECTION AGAINST SUN AND WEATHER

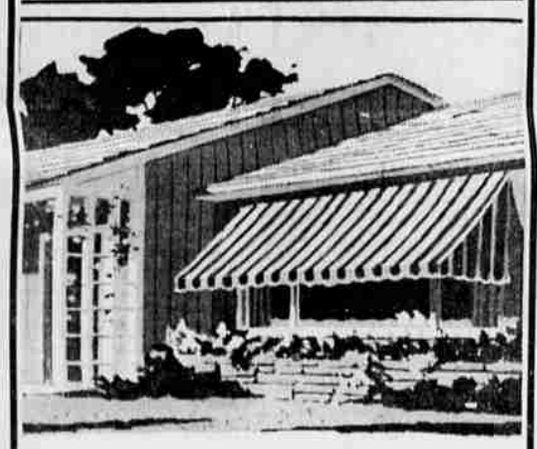
with new style Flexalum ROLL-UP ALUMINUM AWNINGS

Get the new Flexalum awning that rolls up and down to give you shade when you need it, sun when you want it.

Year 'round service, no storage or deterioration. Made of Flexalum spring-tempered aluminum with a beautiful 2-coat baked enamel finish.

Matching styles for door, porches, patios and carports.

Guaranteed by Good Housekeeping



CANVAS AWNINGS

keep interiors cool and shady

If you want a cool, comfortable house during hottest summer days, don't depend on inside blinds to keep out sun heat. Inside blinds and draperies reduce the glare . . . but the heat comes right on through. It takes outside shading—like canvas awnings—to stop those sun rays before they enter your home. By keeping out 75% of the sun heat, canvas awnings reduce room temperatures 8° to 15°. . . air conditioning works better at less expense. Let us talk over your awning needs without obligation. Call or come by.

Thornton Attacks Gov. Hatfield Over Withycombe Affair; Loss Said Near $60,000

Pendleton —(UPI)— Atty. Gen. Robert Y. Thornton, Democratic nominee for governor, said here Friday night that Gov. Mark Hatfield was "evading his responsibility as commander of the Oregon National Guard."

Thornton blasted the governor, his opponent in the November elections, with regard to the Camp Withycombe National Guard equipment shortages reported earlier this summer.

He said he received information before leaving Salem Friday that the value of the material missing from the camp was "nearer $60,000 than the announced, $6,000."

Thornton urged an open investigation of the matter instead of the current "secret" investigation.

Travis Cross, Gov. Hatfield's press secretary, accused Thornton of "trial by headline."

"Every citizen accused of wrongdoing has the right to trial by a jury of his peers," Cross said. "The Attorney General is not content with the finding of the grand jury and is continuing a political diatribe even while the military inquiry is underway. It is a sad commentary that the state's legal officer engages in trial by headline."

Looked Into

The shortages in equipment were looked into by the Clackamas county grand jury which refused to return an indictment. Gov. Hatfield appointed a three-man special board to go over evidence uncovered in the earlier investigation. Shortages in equipment were reported to be about $6,000, according to the grand jury investigation.

Thornton made the remarks before a Umatilla County Democratic rally here. He returned to western Oregon this morning for an appearance at the Tualatin Valley Crafish festival.

At Tualatin, Thornton said he received the information from "a person in the position to have the facts." He said his source asked that his identity remain confidential.

Thornton said, "I don't see any more reason for any more secret investigations. I think the public is entitled to the facts. The grand jury has found there is no criminal violation, so what reason is there for further secrecy?

"I think they're (the governor's office) simply keeping the facts from the people."

Unander Calls For Cuts In Foreign Aid To South Asia

Portland — (UPI) — Sig Unander, Republican nominee for U.S. Senate, told a news conference Saturday that foreign aid to Southeast Asian countries should be cut while our determination to stand behind the countries in their struggle for freedom should be bolstered.

Unander returned Friday night from a two - week tour of the Far East.

He said that 2¾ billion dollars was spent last year in foreign aid to combat communism in Southeast Asia. It represents about one of every two dollars we spend on foreign aid throughout the world, he said.

He said the Southeast Asian nations need our unqualified moral support and backing and the need to know that we must be "unyielding against communism in their support."

Unander restated his position of opposition to recognition of Red China and in support of the Republic of China and in support of the Republic of China on Formosa.

Cannot Survive

"Contrary to my opponent, Senator Wayne Morse, I am rock - solid in my belief that we cannot survive by stroking the dragon's back or that sweet words and soft phrases will satisfy his hunger," he said.

Unander said the free Chinese troops were well trained and dedicated to the return to their homeland.

He said President Kennedy's position on the offshore islands of Quemoy and Matsu is not clear to the people of that area of the world. Unander said the two islands are part of the free world and are "the responsibility of the free world."

Blasts Morse

Moving to the home front, Unander blasted Morse for the Democratic senator's filibuster in Congress against the administration's Telstar bill.

Unander said the Morse-led filibuster "insulted his own party leaders, confounded the work of the Senate, delayed vital appropriations and stalled the machinery of government . . ."

The Republican candidate said he was in favor of the administration's bill and did not think it would be good to delay a vote on the matter.

District Attorney Speaks To Group

Members of the Jackson County Motor Court association will meet Sept. 12 at Casey State park on the Rogue river for their annual picnic. Between 10 a.m. and noon there will be a social hour.

Motor court operators on the upper Rogue river are to supply the meat, and hot dishes and salads will be supplied by the Medford operators. Ashland motor court operators are to take deserts and drinks, and the trailer court operators are to take butter and rolls. Luncheon will be served at noon, and a trip to the state fish hatchery near the park is planned for the afternoon.

Alan B. Holmes, district attorney, was guest speaker at the group's late meeting. Introduced by Norman Wade, vice president of the association, Holmes spoke on general laws and situations pertaining to motor court operators. With him were two deputies, Tom Owens and Bob Fox.

He encouraged the motel owners to keep clear registers with vehicle license numbers and to notify authorities as soon as possible of any complaint. He added that they should also keep a record of make, model and serial numbers of all major appliances.

Holmes explained that the operator's were within their right to hold personal property of guests who will not pay their bill.

Ruling Sought In Textbook Case

Portland — (UPI) — A suit seeking a restraining order against announced plans by Portland School District No. 1 to collect textbooks on loan to parochial schools was filed in circuit court here Friday.

The suit, in effect, asked for continued use of 98,640 textbooks by some 11,000 parochial school children in the school district.

It was filed by Leo Smith, a Portland attorney, on behalf of the parents of two parochial school children, John W. Moran and William McCoy Jr. of Portland.

Smith said that should the district withhold the textbooks, parochial school children either would have to buy their own books, worth more than $200,000, or would lose their constitutional right to attend the schools of their choice.

He added that the district, under its announced plans, would have thousands of books it would not need.

The Oregon Supreme Court ruled last year in favor of a suit filed in Clackamas county in 1959 against distribution of public textbooks to parochial schools.

The court's decision, which overruled a circuit court ruling, has been appealed.

Prisoner Donates Body To Research

Stanford, Calif. —(UPI)— The cyanide pellets that caused the death of condemned killer Luis Moya also denied Moya his last wish — that his eyes be used by Stanford university for a transplant operation.

Moya, 23, was executed Wednesday in the San Quentin prison gas chamber as one of the hired killers who murdered the daughter-in-law of Elizabeth Duncan.

He had tried while he was alive to give his eyes away, but state attorneys refused his request because of the possibility of legal liability in the event his death sentence was commuted.

So he willed his body to Stanford in the hope his eyes would be used for transplants.

It was discovered Wednesday night that cyanide gas had penetrated the corneas of his eyes.

"We were afraid to take a chance," a spokesman said. "We felt that possibly this would prevent a graft from taking in the recipient.

Bellinger To Seek Convention Route In Governor Race

Salem —(UPI)— Another candidate is going to try to get into the Oregon gubernatorial race by the convention route.

Don Bellinger, Salem contractor, said Saturday a meeting of electors to nominate him would be held at the American Legion hall in Albany at 2:30 p.m. Aug. 18.

If he gets the signatures of 250 registered voters attending the meeting he will join Republican Gov. Mark Hatfield, Democratic Atty. Gen. Robert Y. Thornton and independent Robert Wampler on the governor's ballot in November.

Wampler, a Clackamas county deputy sheriff from Wilwaukie, held a convention last month which resulted in his official candidacy.

Bellinger will be running on a conservative platform.

Nominate Fleming

He said he had been informed the Albany convention would also be asked to nominate Leslie Fleming, Eugene, for the U. S. Senate.

Fleming, who was defeated by Dr. Edwin Durno for the Republican nomination to Congress in 1960, could not be reached for comment.

In Eugene his wife said she knew nothing of the report.

The convention method of nominating candidates has been little used in partisan races in recent years.

Eight candidates for governor have used it in the past, the last time being in 1948.

Julius Meier, elected in 1930, is the only independent who was elected governor.

Nixons End Visit To World's Fair

Seattle — (UPI) — Richard Nixon and his family ended their two-day visit to the World's Fair Friday and the former vice president left with the opinion that the exposition is "great."

"I'm sorry I can't spend more time here," he said. "I'd like to sneak back."

The family split up while on the fairgrounds Friday. Nixon went with fair officials on a tour of the foreign pavilions. His wife, Pat, accompanied wives of fair officials on a similar tour.

Nixon's teen-age daughters were taken on a tour of the fair gayway.

Douglas Fir Output Below 1959 Figures

Portland —(UPI)— Douglas fir sawmill production fell an alarming 607 million board feet in the first seven months below a comparative period in 1959, the last fairly normal year, the West Coast Lumbermen's association said Saturday.

Output so far this year was 232 million board feet below a comparable period in 1960, a slow year, the association said.

C. G. Edgett, executive vice president of the group, said, "We are feeling the pinch of increasing imports of cheaper-made Canadian lumber."

He said Canadians now dominate the water shipments to the east coast with 65 per cent of the volume.

GOP To Hear State Committee Head

Phillip J. Roth, Portland, state Republican central committee chairman, will speak Wednesday, Aug. 15, at the Jackson County Central Committee meeting at the Red Cross building at 8 p.m.

All party members, Republican candidates and other interested persons are invited to attend, according to Hugh Jennings, local chairman.

Four Non-Injury Accidents Reported

Medford city police investigated four non-injury vehicle accidents Thursday. Two drivers, both involved in the same accident, were cited for violations, officers said.

Cited were Don Rey, 53, Independence, Mo., and Ralph Wendell Wier, 26, Roseburg, whose cars collided about 6:12 p.m. at Edwards and Niantic sts. Rey was cited for failure to yield the right of way and Wier was cited for violation of the basic rule.

Vehicles operated by Robert Leroy Larson, 29, of 1024 East Jackson blvd. and Grant Louis Buell, 36, of 329 West Park st., collided about 9:22 a.m. at Hawthorne and East Main sts., according to police.

A third mishap occurred about 10:45 p.m. at South Central ave. and 12th st. Drivers involved were Dale Arlin Bernard, 18, of 1375 Orchard st., and Wanda Lee Rubottom, 32, of 528 South Ivy. st., according to police records.

A two-car collision involving vehicles operated by William Thomas Andrews, 22, White City, and Mildred Dirion Laird, 59, Ashland, occurred about 2:30 p.m. at Main and Genessee sts., police said.

Medford Man Held For Arizona Charge

A 55-year-old Medford man was lodged in Jackson county jail Friday pending arrival of an extradition agent from Arizona, where he is wanted on a charge of statutory rape.

Medford police arrested Chester Ashley Wise, 55, of 1815 Barnett rd. shortly after receiving a governor's warrant for his extradition at 2 p.m. Friday.

Wise is wanted by authorities in Maricopa county, Arizona.

Theft Of Leather Goods Reported

The theft of $750 worth of leather goods was reported to Medford police Friday.

Ronald Sylvester Stevens of Salem told police at 8:35 a.m. that three sample cases and one attache case containing miscellaneous leather goods were taken from his parked car during the night.

The car was parked at a motel at 345 South Central ave.
