Glare Can Kill!

5 KILLED BY GLARE!

A Central Point driver, apparently blinded temporarily by the setting sun, was one of the victims of the southern Oregon tragedy, as his car swung head-on into another in a collision.

Proper Sun Glasses are not a luxury but a MUST for safe drivers. Glare causes general fatigue, adversely affects your reflexes, makes it difficult to judge safe passing distances. DON'T TAKE CHANCES — IF YOU DRIVE, combat deadly glare with scientifically fitted glasses. We can supply them for either daytime or nighttime use.
