### On Designing a Motel

## Dick West Has Own Ideas on Designing Motel For Politicians

By DICK WEST  
Washington—(UPI)—Anyone who has been more than three blocks from home in the past five years undoubtedly is aware of the fantastic boom in motel construction. If you build a better motel, the world doesn't have to beat a path to your door.

The government will provide a six-lane divided highway. Motels, I hardly need point out, have been becoming increasingly luxurious, palatial and super de luxe, not to mention expensive to stay in. Any day now I expect to read that a motel has just opened with hot and cold swimming pools, restaurants, night clubs, cocktail lounges, theaters and the other familiar accoutrements of modern roadside lodges.

Only the builders discover that they forgot to provide a place for the guests to sleep. What got me on this subject was a press release I received heralding the opening of a new motel.

The proposed \$500 million city, to be built 10 miles west of Portland, will straddle the Sunset Highway. H. R. Watchie Associates of Seattle, a controlling corporation, Watchie said the firm's initial investment is \$10 million for the last four years. About 6,000 acres are involved.

The city is expected to be finished in 12 to 15 years.

**U. S. Steps Up Test Ban Pressure**  
Geneva—(UPI)—The United States prepared a fresh attempt Tuesday to convince the Soviet Union it should make concessions to bring about an early nuclear test ban agreement.

**YOW'S**

ing this fall of the Skyline Inn, a motel located on Capitol Hill and designed to appeal primarily to politicians. Figuring that this might be the ultimate, I arranged to have a chat with Frederick Fox, a noted Broadway stage set designer who served as an architectural and decorative consultant for the project.

**Hatfield Sees City As Confidence Vote**  
Portland—(UPI)—Gov. Mark Hatfield Monday described a plan for a new community in Oregon as a solid vote of confidence in Oregon's economy and its continued growth.

The dining room, rather than having tables and booths, would serve meals from a public trough, and the swimming pool would be equipped with a floating stable for e hanging horses in mid-stream.

**This GW Certificate**

**Guarantees You The Best USED-CAR WARRANTY**

**Here's Why:**

- The Guaranteed Warranty, unlike most merchandise warranties, not only guarantees you 15% discount on all parts, but also guarantees you 15% discount on ALL LABOR for non-collision repairs . . . and is good for ONE FULL YEAR without any mileage limitation.
- The Guaranteed Warranty is not limited to the dealer where you buy your used car. Your GW Certificate will be honored by more than 8,000 franchised new car dealers throughout the U.S. and Canada.
- The Guaranteed Warranty, unlike other warranties, includes most maintenance items—such as tires, mufflers, batteries, brake adjustments and linings, lights, spark plugs, tune-ups, wheel balancing, front-end alignment, etc.
- The Guaranteed Warranty is your assurance of quality service by factory-trained mechanics with factory parts, because only franchised new car dealers can qualify as members of the GW Plan.
- The Guaranteed Warranty assures you of a TRUE discount because you do not show the official GW Certificate UNTIL AFTER the repair work is done.

Buy A GW Used Car From Your New Car Dealer Who Displays This Emblem And Ask For The FREE GW Certificate

ARRIVING AT WARDS IN MEDFORD 3:30 P.M. TOMORROW

# LONGEST CAB RIDE IN HISTORY!

VERIFIES TEST-TRACK EVIDENCE: "MONTHS MORE RIDE WITH RIVERSIDE TIRES"

Tomorrow you can see one of the two cabs criss-crossing America to prove publicly the superior mileage built into Wards famous Riverside ST-107 Tires. Cabs are equipped with regular Riverside Tires taken directly from retail stocks. Marathon cab ride will equal 3 years' driving for the average motorist. Tires will be driven until they're smooth—and total mileage is expected to reach surprisingly high levels. Previous test-track findings last Fall proved Riversides gave months more ride than 4 other nationally advertised, first-line 4-ply Nylons. Now these facts get open-road demonstration. See the cab, talk to the driver at Wards!

**Riverside 4-SQUARE GUARANTEE**

- Against road hazards for the specified time. Adjustments prorated on months used.
- Against defects in materials, workmanship for life of tread. Adjustments prorated on tread wear.
- Nationwide service at all branches.
- Satisfaction guaranteed nationwide. Adjustments based on sale price when returned.

**Riverside NYLON ST-107 PROVEN BEST BY TEST!**

ALL prices plus excise tax. Whitewalls \$3 more per tire.

**GUARANTEED 27 MONTHS**

**NO MONEY DOWN! FREE MOUNTING!**

### Test-Tracks, labs already prove Wards Riverside Tires Tops!

Nearly 50 years of careful testing, superb design and top-notch quality go into Riverside Tires. Made in one of the world's largest tire factories, Riverside "Check-rated" Tires are built to a standard of quality—not to meet a price! At a giant test track in Lancaster, California, Riverside ST-107's were driven for 1000 miles at 95 MPH—to assure Riverside buyers of maximum safety at expressway speeds. At another test track in Texas, Riversides—and other major brands—were driven almost continuously over a 376-mile loop—1100 miles a day. It is here that tire engineers learned conclusively that Riversides would give months more ride than 4 other major-brand tires. More ride, more safety, better all-around performance. Because of the continuous, top-quality test program maintained by Riverside, many major fleet operators rely on Riverside Tires in rugged commercial use with expensive pay-loads. These cost-conscious, big-volume purchasers depend on Riverside "specifications" and Quality Control. Any motorist can get the same fine Riversides at more than 1200 Wards stores nationwide.

**FREE TIRE ROTATION**

Bring this coupon any Monday, Tuesday or Wednesday to Wards Auto Service Center in the next 30 days and get FREE ROTATION and inspection of your present tires—regardless of brand or age. Nothing to buy; no obligation.

**U. S. AUTO CLUB CERTIFIES CROSS-COUNTRY RIDE!**

Famous United States Auto Club—supervisor of the annual Mobilgas Economy Run and other major automotive test events—is judge of "the longest cab ride in history." USAC picked the tires used for the rugged open-road ride at random directly from various Wards store retail stocks. A USAC observer has been riding with each cab, since they pulled out of Detroit, May 26 on the cross-country marathon ride. Max White, USAC observer with Cab #1, is co-chairman of the Technical Committee, Indianapolis 500 Mile Race. A. J. Shepherd, USAC Observer in Cab #2 during the entire trip, is a former Indianapolis "500" driver—who qualified for the race at 143 MPH! Drivers will sign affidavits at the end of the run certifying compliance with USAC rules.

**Guess The Meter "Bill" WIN A PAIR OF 2 RIVERSIDES**

Can you estimate the "bill" on the meter to date—the cab pulls into Wards here? Remember, the cab left Detroit May 26—and has been attempting 400 miles per day, 3 days per week. Meter rate is 40¢ for the first 1 mile—10¢ per additional 1/2 mile—plus 10¢ for each 2 minutes wait time in traffic at stoplights and train crossings. A 400-mile day is about \$120.20 plus waiting time charges. Final meter reading \$\_\_\_\_\_

My estimate of the total cab meter "bill" to date as it pulls into the parking lot here: \$\_\_\_\_\_

Bring to Wards Auto Department before 6 PM this Saturday or mail to Wards Auto Department here, postmarked no later than 6 PM Saturday. Winner notified by mail next week.
