Injunction Sought In Space Walkout

Huntsville, Ala. (UPI)—Contractors at space construction centers here Wednesday night asked for an injunction against a strike which has halted work on the giant rocket for America's manned flight to the moon.

Work on about 40 projects, most connected with space programs, has stopped because 1,500 workers refuse to cross picket lines set up by 150 members of striking Local 558 of the International Brotherhood of Electrical Workers (AFL-CIO).
