

### Injury Reported In One of Many County Accidents

Roger Edward Carrigan, 22, of 1040 Oak st., Central Point, was treated for facial cuts Sunday night at Sacred Heart hospital following an accident near the state police office on Highway 99 north of Medford.

State police also reported a series of week end accidents on Jackson county highways. A car driven by Charles Alfred Warren, 20, of Central Point, sustained minor damage about 10:30 p.m. Saturday on Hillside dr. north of Old Stage rd. Warren lost control of his car on loose gravel, state police said.

Also Sunday afternoon, a car driven by Dona Mae Edwards, 40, of 2583 South Stage rd., struck and killed a deer on the Crater Lake highway at Antelope creek bridge, police said. The front end of the car sustained moderate damage, state police said.

A Southern Pacific train and a car were involved in an accident at Stewart ave. and the railroad crossing Sunday night. No injuries resulted, state police said.

The car was operated by Devone Muzzelle, 17, of 1049 Jasper st., Medford, and was stopped for a traffic light at the Highway 99 intersection. The rear bumper of the car was even with one of the railroad tracks when the engine operated by Howard Edgar McLean, 41, of 2976 Crater Lake ave., hit the rear fender.

The train consisted of three diesel units and 83 cars, state police said.

### Car Vacation Costs For Local Residents Are Running Higher

Vacation expenditures, for residents of Jackson county traveling by automobile, are running higher this year than they did last.

The reason for it? An increase in the cost of overnight accommodations, an increase in tolls and a hike in gasoline and other taxes in some areas.

The sad news comes from the Commerce Clearing House and from the Automobile Club of New York.

The finding is that the average couple, driving 300 miles a day, must figure on a daily budget of \$31 for necessary spending. That is \$2 more than was needed last summer.

**Where Expenses Go** - It breaks down to \$10.50 for meals and snacks, \$11 for overnight lodgings, \$7 for car operation and \$2.50 for tolls and miscellaneous needs.

Also being encountered, in many states, are higher taxes on gasoline, cigarettes and on purchases in general, which are subject to sales taxes in 37 states.

A "vacation tax map," issued by the Commerce Clearing House, shows gas taxes ranging from 5 to 8 cents a gallon.

Cigarette taxes, collected in all but three states, begin at 2 cents a pack and reach a high of 8 cents.

As for sales taxes, they go from a low of 2 per cent to a top of 4 per cent.

These are state taxes. In addition, there are the usual federal taxes and, sometimes, overlapping local levies.

In the state of Oregon, vacationers are paying 6 cents on gasoline, nothing in sales taxes and nothing on cigarettes.

Of much more importance to the Jackson county car owner than these trip expenditures, is the bigger question of how much it is costing him per year to own and operate his car.
