

Kennedy Covers Wide Range of Topics at News Conference

Electronics, Lead in Firm, Active Stock Market; IBM Continues Higher

New York—(UPI)—Electronics took the lead in a firm and active stock market today. IBM, Wednesday's pacesetter, added another point followed by Motorola, Zenith, Schlumberger and Fairchild Camera, up at least 1/2 point.

Steels, autos and oils firmed while Du Pont tacked on about 1/2 in a mostly higher chemical sector. The company recently received a basic patent covering production of a major plastic.

Some aircrafts, tobaccos, finance shares and rails also moved higher.

Boeing, Corning Glass, Liggett & Myers, U.S. Gypsum, Xerox, Philip Morris, Polaroid, Swingline, Financial Federation, Foxboro and Wilson-Jones managed to rise 1 or more. Tennessee Corp. added about 1 despite lower earnings.

Twentieth Century-Fox dropped about 1/2 after omitting its 2 per cent stock dividend and reporting a \$12.5 million loss for the first half of the year.

DOW JONES AVERAGES

New York—(UPI)—Dow Jones final stock averages: 30 industrials 615.54, up 6.90; 20 railroads 212.47, up 1.14; 15 utilities 120.81, up 0.38 and 65 stocks 212.84, up 1.89. Sales Wednesday were about 4.52 million shares compared with 3.73 million shares Tuesday.

TO SPEAK—L. W. James, a nationally-known expert on real estate, will speak at the Board of Realtors meeting Friday noon at the Rogue Valley Country Club. James' topic will be "Securing Listings at a Realistic Price." He has been asked to speak before more than 500 leading real estate organizations, including conventions, real estate boards and multiple-listing groups. A native of Illinois, James is a graduate of the University of Illinois and has headed his own Los Angeles sales office since 1940. He has lectured in more than 53 major cities during the last three years.

Need for Negro Envoys, Nuclear Subs Discussed

Washington—(UPI)—The tremendous topical range of a presidential news conference, from Negro diplomats to U.S. nuclear submarines at the North Pole, was demonstrated vividly Wednesday in President Kennedy's meeting with reporters.

It was the Chief Executive's 40th such conference in Washington since taking office with 365 persons in attendance, plus a few privileged tourists who brought along their kids for a look at history in the raw.

Meeting with correspondents for the first time in three weeks, the President in 30 minutes handled 33 questions on 21 different subjects. He was on live television and radio and his comments flooded across the nation instantaneously.

As such conferences go, there was little earth-shaking about Wednesday's presidential treatment of the questions. But there were points of unusual interest or importance.

His disclosure that two U.S. nuclear submarines, the Skate and the Sea Dragon, had completed a rendezvous under the polar ice cap and surfaced together through a small opening in the ice at the North Pole.

Issued Priority List—A five-point legislative priority list for Congress next week, Kennedy has expressed similar preferences before, but Congress has not always followed his wishes. His comments on the legislative situation demonstrated one of his principal reasons in holding frequent news conferences—to push his legislative program.

His "go get 'em" attitude toward the Senate stockpile investigation and his broad rejection of the complaints of former Treasury Secretary George M. Humphrey, the President thought Humphrey's firm during the Eisenhower administration made "extremely large profits with very little risk to the company." Furthermore, Kennedy foresaw similar disclosures about other companies and thought "the Congress ought to do its job."

His statement that anybody claiming that the United States is not behind Russia in space exploration is misleading the American people, Kennedy pointed out that this country's space program started late and still runs behind the Soviet effort, particularly in long-range boosters. The President thought, however, America would be ahead before this decade is over.

Discounted Moral Issues—He thought there was no moral issue involved when a country accepts aid from the United States and still does business with Communist bloc countries. Giving American aid to other nations must, he said, depend on "what serves our interest, whether the country is pursuing policies which are not inimical to the long-range interests of the United States."

Kennedy said the United States had no information on Russian troops entering Cuba, as reported by exile groups, but it is known that Soviet ships are bringing large numbers of Communist technicians and supplies to Cuba.

At present, it is not known whether Soviet Premier Nikita Khrushchev will come to the United Nations session in New York this fall, but if he comes the President hopes to talk with him.

The President agreed there should be more Negro Ambassadors representing this country abroad. Of America's present 97 envoys, only two are Negro. This, a reporter pointed out, was the same ratio under the Eisenhower administration. "I quite agree we have to do better," Kennedy said.

Young Republicans Plan Meeting

The Jackson County Young Republican club will meet at 7:30 p.m. Friday, Aug. 24, at the home of Mr. and Mrs. C. L. Hopkins, 3773 Old Military rd.

The group is open to persons between the ages of 18 and 40 years. Its purpose is to further the Republican cause in the November election.

The Friday meeting will include swimming, informal discussion, and a program to inform prospective members of the purpose and plans of the group, according to Dr. A. L. Clay, membership chairman.

Washington—Net increase of resident aliens in the U.S. during 1955 was 207,000.

Soblen Lawyers Subpoena Documents Exchanged Between U.S. and Britain

London—(UPI)—Lawyers for Soviet spy Dr. Robert Soblen said today they have served a subpoena requiring British Home Secretary Henry Brooke to produce correspondence between the United States and Britain on the case.

Government lawyers, however, produced a certificate claiming "crown privilege" which would permit Brooke to ignore the request to produce the documents. The certificate was signed Foreign Secretary Lord Home.

Soblen's chief attorney, F.

Elwyn Jones, argued before Britain's high court that "because of requisitions by the United States government," Britain was, in effect, trying to extradite Soblen to the United States where he faces life imprisonment for wartime espionage for the Soviet Union.

Espionage is not an extraditable offense in Britain.

The subpoena requiring the government to produce the correspondence was served on a representative of the treasury in court.

Jones made his statement

on the subpoena during the second day of arguments in Soblen's effort to stop his deportation to the United States. Soblen, who says he has leukemia, was in court, watching unsmilingly as Jones argued against the deportation order.

The serving of the subpoena closed the presentation of Soblen's case.

Atty. Gen. Sir John Hobson opened the government's case by telling the court there was medical evidence that Soblen's leukemia was "in remission."

Soblen has said that if he is returned to face his life sentence in the United States he will in effect be condemned to die in prison. He claims that he would die within six months.

Hobson said Soblen's blood

cancer has not become worse. Soblen, 61, who Wednesday entered court leaning on attendants and staggered out of the court room three times during the hearing, today managed to walk in unaided.

Yankton was South Dakota territory's capital until 1883.

Foreign Briefs

BUENOS AIRES NEWSPAPERS RESUME
Buenos Aires—(UPI)—The newspapers La Nacion, Clarin and El Mundo resumed publication today, ending a week's suspension resulting from a labor dispute.

The four newspapers laid off about 2,000 printers a week ago because they had been staging hour-long nuisance strikes. The printers returned to work Wednesday afternoon, vowing that they would continue their harassing tactics.

ITALIAN SOCIALIST LEADER IMPROVES
Aosta, Italy—(UPI)—Socialist party leader Pietro Nenni, declared out of danger from a heart attack which followed a fall during a vacation, returned to Rome by train today.

He suffered the attack Aug. 18 when he slipped from a rock into a stream.

YUGOSLAVIA TO SET UP TANGANYIKA EMBASSY
Dar Es Salaam, Tanganyika—(UPI)—Yugoslav Charge D'Affaires Sava Obradovic arrived Wednesday to establish an embassy here.

Other Communist nations represented here include China, Russia and Poland.
