Wednesday:
7:30 p.m.—Midweek prayer meeting

FIREMEN SCATTERED—Firemen reel from an explosion of natural gas in a sewer excavation at Philadelphia, Pa., which killed at least two workers 50 feet below the surface. Two more bodies are believed trapped. Rescue operations were complicated by natural and petroleum gases saturating the area. (UPI)

AWARD RECEIVED — Harold T. Nelson, left, of the regional office of the bureau of reclamation, Boise, Idaho, this week presented a certificate, citation and check for superior performances to James A. Callan, supervising construction management engineer for the Talent division of the Rogue basin project. In addition to representatives from all three irrigation districts, Callan's son, Michael, 17, and daughter, Jackie, were present. Mrs. Callan was absent due to an illness in the family.

Narcotics Law Unconstitutional

Portland—(UPI)—The Oregon law which makes use of narcotics a crime is unconstitutional, Multnomah County Circuit Judge Dean F. Bryson ruled Thursday.

The Oregon law is patterned after a California statute which was thrown out by the U.S. Supreme Court in June. The opinion said the law violates the segment of the federal constitution which protects citizens against cruel and inhuman punishment.

The Supreme Court decision was based on the failure of the state to provide adequate, humane treatment for the addict.

The Oregon law does provide for hospital treatment of addicts, but Judge Bryson said, "it still leaves much to be desired in order to comply with the Supreme Court decision."

The local decision freed Edward Joseph McNealley Jr., 25, who was arrested in a Portland hotel room March 26. Police said they found a quantity of dihydralid, a morphine derivative, in his room after noticing needle marks on his hands.

This particular law made use of narcotics only a misdemeanor, but police had used it to get more serious narcotics convictions.

'Balloon Loaf' Decision in Hands of Justice Brand

Portland—(UPI)—Pros and cons of the "balloon loaf" of bread were aired at a five hour hearing here Thursday, and the matter left in the hands of a retired Oregon Supreme Court justice who will decide whether consumers are being deceived.

Justice James T. Brand, Salem, heard 14 witnesses—10 of them opposed to a petition by Langendorf and Davidson's Bakeries, Portland, to legalize the balloon loaf. The department's regulations now ban the extra fluffy loaf.

Wholesale bakeries throughout the state are baking the balloon loaf.

Retailers opposed. Most of the 10 witnesses opposing the petition were competing retailers who bake their own bread. Only two consumers testified, and both opposed the balloon loaf—a one pound loaf baked in a one and a half pound pan that the department says is "30 per cent air."

The department, in an unusual move, engaged Brand as a neutral party, rather than have one of its own officers hear the case. Brand's ruling is expected sometime next month.

In addition to Langendorf and Davidson's, those supporting the petitions were spokesmen for two other Portland bakeries, Stein's, and Continental.

Robert Leedy of Portland, counsel for Langendorf, denied the department's charge of deception. He said that labels clearly show the weight of each loaf, and the fluffier loaf provides more slices. Also, the fluffier texture appeals to many persons, he said.

James Bruce of Portland, attorney for Davidson's, submitted 186 letters, mostly from grocers, favoring the controversial loaf.

Waterfowl Area Hearing Planned

Boardman, Ore.—(UPI)—The U.S. Corps of Army Engineers will conduct a hearing here next Tuesday on a proposed waterfowl management area near the John Day dam.

The U.S. Fish and Wildlife Service has requested that 36,000 acres be devoted for the area. Cost of the refuge would be \$1.6 million. Some 10,000 acres would be acquired from private owners.

The Space Age Park Industrial Development Association, a group of citizens from Umatilla and Morrow counties, has voiced opposition to the proposal.

TO OWN PAINTING

Washington—(UPI)—Astronaut John Glenn soon will own a painting that depicts the city of Perth, Australia, on the night he orbited over it. Owen Garde, a professional painter who is here on a world-wide tour, said Thursday he painted the picture as the citizens of Perth turned on thousands of lights so Glenn could see them from his capsule.

Tax Collections In Oregon Show 5.4 Per Cent Hike

Salem—(UPI)—The Oregon Tax Commission said today it collected \$11.7 million in July, an increase of 5.4 per cent over collections in July, 1961.

The greatest gains, by percentage, were in corporation excise and income tax receipts, up 11.2 per cent.

Collections of the commission's major tax—personal income—were \$10.8 million, up 5.2 per cent over the previous July.

The breakdown of collections, with the July, 1961, comparison in parenthesis includes:

Personal income tax—\$10,808,795 (\$10,275,994).

Corporation excise, income—\$819,893 (\$737,370).

Amusement device—\$45,087 (\$40,745).

Class A & B forest lands—\$44,218 (\$56,047).

Class C forest lands—none (\$6,581).

Class D forest lands—\$416 (none).

Totals—\$11,718,409 (\$11,116,737).

The commission said it expects to collect \$450,000 with the new Eastern Oregon severance tax on timber during the current fiscal year.

The commission said after deducting statutory reserves and expenses, a balance of \$336,000 is anticipated. This will be apportioned among Eastern Oregon counties as property tax offsets.

Disabled Vets Voted Increase

Washington—(UPI)—The Senate has voted for an average 9.4 per cent increase in the monthly payments to disabled veterans. The measure would cost \$98 million in the first year.

The bill was whisked through without opposition on a voice vote and sent to the House for action on Senate changes.

Just before the final vote, the Senate adopted an amendment by Senate GOP Leader Everett M. Dirksen, Illinois, making the increases retroactive to July 1, instead of going in effect two months after enactment of the law.

Under the bill, disability payments for service-connected injuries for both wartime and peacetime veterans would be boosted all down the line. It would affect an estimated 1.9 million disabled veterans in the first year.

The increases would vary from a payment of \$19 to a payment of \$20 for veterans suffering 10 per cent disability; up to a hike from \$600 to \$725 a month in the top bracket for the 100 per cent disabled.

Des Moines—One acre of rich soil will yield as many as 50,000 earthworms.
