County Residents Reminded of Date For Registration

Residents of Jackson county have been reminded that voter registration is now in progress for the general election Nov. 6.

Voters may register at the elections department of the county clerk's office or with official registrars throughout the county. The deadline for registration is 8 p.m., Oct. 6, County Clerk Marvin Madden noted.

To register, the applicant must be a citizen of the United States, reached the age of 21 prior to the date of the election, had his legal home residence for the six-month period immediately preceding the date of the election in Oregon and be able to read and write English.

Satisfied Requirements—Persons who have satisfied the age and residency qualifications during the period when the register of elections is closed, may register during the period between Sept. 6 and Oct. 6, Madden said.

A voter must re-register if his registration has been cancelled because of failure to vote in previous elections, if he has moved to another precinct in the state, his name has been changed by marriage or court order or he wishes to change his political party affiliation.

If a voter registered in Jackson county moves to a new precinct in the county before the register of elections has closed, he may ask the county clerk for a form to transfer his registration. Madden said. If the form is correctly completed and delivered to the clerk's office before registration closes, the transfer will be made.

Hearing Scheduled On Vacation of Road

The Jackson county court signed an order this morning setting a public hearing Oct. 10 for proposed vacation of an old section of the Evans creek rd., north of Evans Creek.

County Engineer Robert J. Carstensen recommended the vacation of an older section of the road since a new section has been constructed and is open to travel. The old section has poor alignment and a bad grade. Vacation of the old section would eliminate use of two bridges which are unsafe, he said.

In other action related to county roads, the county court also said it had signed bid advertisements for construction of the Dry creek bridge on Rogue River dr., five miles south of Shady Cove.

Turns New Twist—A stolen Cezanne turns up with new twist: St. Louis City Art Museum Director Charles Nagel turns over the museum's stolen and recovered Cezanne painting, "The Artist's Sister" (top), revealing a second previously unknown portrait discovered on the back of it (bottom). "The Artist's Sister" was stolen Aug. 13, 1961, in one of Europe's largest art thefts at Aix-en-Provence, France, where the painting was on loan. The painting was recovered April 11, 1962, and in restoring it the portrait on the back of the canvas was discovered by James Roth of Kansas City. The discovered portrait has been called "The Peasant Model." (UPI)
