BUT TOO FRIENDLY

Dubuque, Iowa — (UPI) — Three youths were fined \$5 each during the week end for befriending motorists. The youths didn't think it was right for a motorcycle policeman to hide in an open garage, so they posted this sign: "Cop ahead — one block."

will be a senior this year; Tom Tomjack, 20, of 918 Grant ave., a junior; Douglas Snider, 18, of 2500 Argonne place, a freshman, and John Harmon, 18, of 2500 Country Club dr., also a freshman.

Farra and Tomjack, both majors in business administration, expect to leave this week end. Tomjack is a member of the university's rugby team.

Contract Awarded For Water Main

The Medford water commission awarded a contract last week to James G. Robertson to install a water main along Hillcrest dr., Foothills rd. and Littell dr.

Robertson's bid of \$16,983.90 was the lowest among the three bids submitted. The engineer's estimate for the project was \$19,927.75, according to Robert L. Lee, Medford water superintendent.

The project will get under way in about two weeks, Lee estimated, and is expected to be completed in about three months.

Four different sizes of water main will be used: 4, 6, 12, and 16-inch pipe. The 12 and 16-inch mains will serve as part of the eventual extension of water service to the eastern part of Medford, Lee said.

Candidates Heard At Fair Held Sept. 8 at Grange

Shady Cove — All candidates were represented, either in person or by emissary, at the Shady Cove Grange Candidates' fair held Saturday, Sept. 8. About 40 persons heard the candidates present their views.

Ted Phillips, of the Jackson county Governor-for-Thornton committee, represented Attorney General Robert Y. Thornton at the meeting. During the evening he attacked Gov. Mark O. Hatfield's attempt to lease off-shore oil lands to Shell Oil company without competitive bidding. Hatfield's appointment of a handpicked committee to hear charges of corruption in the Oregon National Guard resulting in the loss of considerable property from Camp Withcombe was also criticized.

Through Phillips, Thornton said that Hatfield has attempted to whitewash the affairs of his administration before the people of Oregon. He commented that the special committee techniques had also been used to interfere with the attorney general's investigation of the Liquor Control commission in 1955.

Phillips concluded by commenting, "If the governor will not trust the people of this state to deal with the facts, I do not believe the people of Oregon will trust control of their government to him."

Charges Answered
Hugh Jennings, chairman of the Jackson county Republican central committee, who represented Gov. Hatfield at the Candidates' fair, answered the accusations by stating that the governor "has taken decisive action in the best interests of the people of Oregon." He added that the decisions of the governor have been made only after a complete examination of the facts and consultation with responsible authorities, regardless of party affiliation.

Jennings stated that the true facts about the off-shore oil exploration reveal that the bill was introduced by two leading Democrats in the House of Representatives. It was then referred to the committee on natural resources, where it received favorable recommendation. "The Democratic-controlled Senate and House," Jennings said, "passed the bill by a vote of 27 to two in the Senate and 49 to 10 in the House."

Over \$2 million have been spent in exploration by the oil companies, he added, emphasizing that Hatfield's approval appeared to be in the best interests of the people.
