

Shasta High Beats Ashland Grizzlies

Ashland - Shasta high of Redding, Calif., overcame a first quarter deficit and held the Grizzlies scoreless over the last three periods Saturday night to down Ashland 42 to 7 in a football game in the California city.

Ashland led 7 to 0 at the quarter but Shasta was in front 19 to 7 at halftime and 28 to 7 after three stanzas.

The Grizzlies scored on a Howard Johnson to Mike Torresson pass for eight yards and Johnson kicked the ex-

Forty Niners On Pants Seat

San Francisco - (UPI) - The San Francisco Forty Niners are opening the National Football league campaign just the way the San Francisco Giants are closing the baseball season - on the seat of their pants.

"We'll try to block and tackle a little better against Detroit next week," Red Hickey, the Forty Niners' glum coach, said Sunday after they opened the NFL season by taking a 30-14 beating from the Chicago Bears.

"About the only injury I know of is Jim Johnson, who has a shoulder pointer. We didn't hit too many people hard enough to get hurt."

The Bears, with linebackers Bill George, Joe Fortunato, and Larry Morris coming up with a bewildering assortment of "red-dogging," limited the Forty Niners to 72 net yards passing and 121 yards rushing.

"We used some new defensive plays and they came off very well," coach George Halas of the Bears conceded.

LEGAL NOTICES

NOTICE OF FINAL ACCOUNT
Estate of Julie Klinek, deceased.
Notice is hereby given that the undersigned has filed his final account in the estate of Julie Klinek, deceased, in the Circuit Court of the State of Oregon for the County of Jackson, and the court has fixed Monday, October 8, 1962, at 9:30 A.M. in the courtroom of said court as the time and place for the hearing of objections thereto and the settlement thereof.

Woods, Water, Wildlife

By Hank DeVoss

The House public lands subcommittee has sent its version of the wilderness bill to the full interior and insular affairs committee, according to the Wildlife Management Institute. The proposal bears the wilderness bill that passed the Senate last year by a 73 to 4 vote or to HR 776, introduced much earlier by Congressman John P. Saylor (Pa.). The full committee has scheduled executive sessions on the bill later this month. Committee approval normally is required before a bill can be debated and voted on the House floor.

WILDERNESS?
The subcommittee's bill hooks on a whole new title which would establish a procedure for all withdrawals, reservations, restrictions, and changes in the use designations or classifications of public lands and national forests. An act of Congress would be required for most use changes of areas larger than \$500 acres. Only the present "wilderness," "wild," and "canoe" areas would be incorporated into the wilderness protection system. An act of Congress would be required before any existing primitive or other appropriate wilderness areas are included in the system. Limited commercial use would be permitted in the designated wilderness areas, and mining and mineral leasing would be permitted for a 10-year period. The wilderness designation of all areas would be reviewed every 25 years.

POOR TIMING
We might as well consider the wilderness bill somewhat of a lamed duck for the time being. The lumber industry has made such an issue of its need for restrictions of free trade and competition in order to survive that there is little chance of congressmen being willing to bear the brunt of like publicity. One can well imagine the howl that would be heard if a few pieces of choice timberland now were placed in wilderness status. The present move to incorporate the sky lakes basin between Crater Lake and Mt. McLoughlin into wilderness status is sure to raise mighty protest. The middle fork of the Rogue is being eyed by some as ripe for logging, and saving it for wilderness will be difficult.

Ken Lane Stops Len Matthews

Philadelphia - (UPI) - Ken Lane's goal - the lightweight championship of the world - was a little closer today following his decisive ninth - round TKO victory over Len Matthews in a nationally televised fight Saturday night.

"I let him bring the fight to me, then I took it away from him," Lane said of his 23-year-old opponent, Lane, 30, of Muskegon, Mich., figures the victory over Matthews, a Philadelphia native, brought him closer to a shot at the lightweight title held by Carlos Ortiz.

Suns, Crackers In IL Finale

United Press International
The pennant-winning Jacksonville Suns were favored to win the International league's final playoffs which they will open tonight against the Atlanta Crackers in Atlanta.

The Suns moved into the finals by defeating the Rochester Red Wings, 4-0, Sunday night.

Atlanta also won its semifinal series against Toronto by the same margin, four games to two, with a 5-2 victory Saturday night.

NFL Sets Date Of Annual Draft

New York - (UPI) - The annual draft of college players by the National Football league will be held in Chicago on Monday, Dec. 3, two days after the close of the regular college football season.

NFL Commissioner Pete Rozelle announced the draft was being conducted at that time in accordance with a league agreement with the colleges.

Loop Playoff Series Knotted

United Press International
Louisville played at Denver today in the final American association playoff.

The Colonels tied the series at one apiece yesterday with a 10-7 win over the Bears.

Playoff winner will meet the International league's representative in the Junior world series.

Gretel Takes Advantage Of 2-Day Postponement

Newport, R. I. - (UPI) - Australia's Gretel, beaten soundly in the first race for the America's Cup, was taking advantage today of a two-day postponement to try to stem the ignominy of what many felt would be a four-straight defeat.

Emil Bus Mosbacher, skipper of U.S. defender Weatherly, professed to be convinced there was still a tough sailing match ahead when the two 12-meter sloops met again starting Tuesday noon.

And the Australians certainly were not conceding defeat.

"We were beaten by a boat that was better on a particular day," said Aussie helmsman Jock Sturrock.

But the \$700,000 Gretel, 18th boat to try to take away the 111-year-old trophy of international racing supremacy, developed a marked weakness compared with Weatherly in winds of 18 knots in the open before a gala flotilla of 2,000 pleasure boats Saturday.

"The Aussie boat is 'tender,'" That is, she heels far too much in strong breezes and cannot point into the wind in the manner Mosbacher could head Weatherly. Gretel came here with the reputation of being a rough weather boat.

It now developed her only chance appears to be outslipping Weatherly in milder winds which were forecast for Tuesday.
