

Woman, Son Hurt In Auto Accident

A Medford woman and her six-month-old son were taken to Rogue Valley hospital Sunday afternoon following a one-car accident on the Jacksonville highway, state police said this morning.

Mrs. Shirley Stephenson, 20, of 433 Fairmount st., Medford, was reported in fair condition this morning by hospital attendants. She is being treated for possible head injuries. The baby, Oliver Brent Stephenson, was reported in good condition after being treated for minor abrasions.

Light Plane Crash Claims Youngster

Oroville, Wash. (UPI)—The crash of a light plane, said to be caused by an engine failure, claimed the life of a 14-year-old boy and injured the pilot, about 20 miles east of here Sunday.

Killed was Marvin Alumbaugh of Omak. The pilot, Howard Verbeck, 28, Tonasket, was in serious condition in a Tonasket hospital today.

The plane, which went down in the Horseshoe Basin area, was owned by the A and M Flying Service, operated by young Alumbaugh's father, Vern Alumbaugh, Omak.

The older Alumbaugh was in another plane just ahead of the craft which crashed. He said Verbeck managed to bring the plane down for a belly landing after it apparently lost power because of an engine failure.

Morocco is larger in area than California.

1.3 Years Has Been Added to Expectancy Of Resident's Life

For the average Jackson county resident, what are the odds, currently, in favor of his living on to a ripe old age?

To what extent have modern medicine, better nutrition and improved living standards added to his span of life?

A new report by the U. S. Public Health Service and statistics from insurance companies show that life expectancy is on the rise locally and in most other parts of the country.

The average baby born today will live to age 70.2 years, even if there were to be no further progress in medical science during his lifetime.

Two Years Longer That is 2.0 years longer than his expectancy would have been, had he been born a mere 10 years ago.

Those who are 25 years old at present will live to age 73.1, on the average, an increase of 1.4 years, and those who are 40, to age 74.1 which is 1.2 years more than before.

The size of the bonus, in the form of added years of life, is different at different age levels.

In Jackson county, according to the latest Census figures, the median age of the population is 31.8 years, which is somewhat higher than the mean age nationally, 29.5 years.

Local Age Level At the local age level, the figures show, the dividend is 1.3 years of added expectancy per person. The increase is greater than that for people who are below the median age and somewhat smaller for those who are above it.

STUDY IN RUSSIA Moscow—UPI—More than 700 young Cubans arrived Sunday in Odessa to study in the Soviet Union, Moscow Radio reported.

The average dividend, applied to the entire population of Jackson county, adds up to a total of 96,151 years of extended life for the community as a whole.

Compared with other decades, the recent achievements in this direction have been relatively small. In the 1940-1950 period, the gain in life expectancy was twice as great and, in the decade before that, still greater.

These earlier accomplishments, it is explained, reflect the dramatic strides that were made in controlling the infectious diseases.

Further advances in longevity will depend on the success of efforts to cope with the chronic diseases. A vast amount of research is being centered in that direction.

Police Car Damaged In Sunday Incident

A Medford city police car was damaged about 3:35 p.m. Sunday when the officer driving it accidentally backed into another car while he was attempting to park it at 828 Pennsylvania ave.

The officer, Keith B. Van Horn, 1024 Peach st., was called to the above address to investigate a complaint, according to police reports. As he was parking, his patrol car scraped the side of a parked vehicle registered to Arba Jay McCullough, 828 Pennsylvania ave., police said.

Barbecued chicken will be served with music and games for entertainment.

The gubernatorial candidate will discuss campaign issues, Mrs. Poston said.

Tickets may be purchased from Mrs. Poston by calling 773-4760, Medford, or at

di's opera "La Forza del Destino" and Haydn's 100th symphony.

Hereford Group To Hear Trip Report

County Agent Earle Jossy will show slides and give a report on his trip through California, Nevada and the southwest when the Cal-Ore Hereford Association meets Tuesday, Sept. 18, at 7:30 p.m. at North's Chuck Wagon restaurant in Medford.

Jossy attended the recent convention of the National Association of County Agents at Las Cruces, N.M., as president of the Oregon Association of County Agents.

Jossy saw the firing of a missile as part of the convention tour and he and Mrs. Jossy visited national parks in California and Nevada and the southwest on their way home.

Unit May Be Named For Charles McNary

Sen. Wayne Morse of Oregon has asked Interior Secretary Stewart L. Udall to designate one of the O and C management units as the Sen. Charles McNary forest.

Morse made the suggestion in connection with commemoration of the 25th anniversary of the O and C Sustained Yield act. He pointed out that the late Senator McNary of Oregon was instrumental in securing the passage of that law, and that he left his imprint on other legislation relating to reforestation, fire protection, forest management, and sustained yield.

"I know that this action on your part," he wrote Udall, "would serve as an inspiration throughout the years to those who benefit from Charles McNary's devotion to wise forest use and would create a safeguard for the principles for which he stood."

Boise—The Grand canyon of the Snake river in Idaho is the deepest of any known on the North American continent.

Do You Have The Vision?

Gordon S. Johnson
Phone 773-6359
319 Earhart Street—Medford

Life insurance is known as an intangible. Yet people with vision can clearly see its benefits. They recognize them in the protracted standard of living of those families who have surrendered their chief provider. Today's provider is tomorrow's protector with a sound, reliable life insurance program. Let's plan it together.
