

29 Refugees Tunnel Under Berlin Wall; Tear Gas Used

Berlin - (UPI) - Twenty-nine refugees tunneled under the Berlin wall early Saturday to West Berlin in the largest mass escape since the wall was built, a West Berlin city government spokesman announced today.

The 29 men, women and children banded together and built their tunnel so secretly that the Communists did not discover it even after the successful escape.

News of the flight was disclosed at a news conference today after rain flooded the tunnel so it could no longer be used.

It was the largest number of people to flee in one group since the wall went up Aug. 13, 1961.

The previous high was 28 through another tunnel on Jan. 24.

In another development, West Berlin police reported that Communist police threw 25 tear gas grenades into the West over a barbed wire barrier on the French sector border. West Berlin police said they retaliated with 25 of their own.

The Communists began the battle when a West Berlin loud-speaker truck drove along the border of the Helldorf District broadcasting anti-Communist news.

Earlier in the day, Western tanks and troops occupied strategic points in West Berlin in an exercise designed to test their ability to defend this isolated city.

In another escape, three boys burrowed through a cemented-up cellar door of a border house Monday night.

One asked to be sent back home today and he was turned over to Communist police on the border.

The Allied operational readiness test involved American, British and French tanks, armored personnel carriers and other military vehicles. It was called less than an hour after a Soviet statement Monday night said Berlin's four-

power status no longer existed.

The timing of the Allied war games and release of the Soviet statement appeared coincidental. Such military exercises usually are planned in advance. The Allies in Berlin have held numerous similar troop exercises in the past.

An Allied spokesman said the troops were ordered to keep away from the East Berlin border.

Most of the 12,000-man Allied garrison was reported involved in the test.

The troops returned to their barracks early today after completing their assigned tasks.

INCIDENCE OF PRINCIPAL DISEASES DECREASES

Geneva - (UPI) - The incidence of the six principal diseases which can be controlled by quarantine fell "spectacularly" during the decade from 1950 to 1960, the United Nations reported today.

The UN World Health Organization reported sharp drops in cholera, bubonic plague, yellow fever, smallpox, Mediterranean fever and typhus.

ITALIAN FISHERMEN SENTENCED IN ALBANIA

Vienna - (UPI) - A Communist Albanian court Monday sentenced five Italian fishermen to prison terms ranging from 18 months to two years for fishing in Albania's territorial waters, the official Albanian Radio Tirana reported.

RED CHINESE CONFERS WITH JAPANESE OFFICIALS

Tokyo - (UPI) - Communist Chinese Vice Premier Chen Yi conferred Monday with members of a Japanese Trade Union delegation visiting Peiping, the Communist New China News Agency reported.

No details were announced. The delegation is headed by Minoru Miyagawa, vice president of the Japanese Workers Education Association.

Stocks Rally After Firm Opening; Blue Chips Show Gains

New York - (UPI) - Stocks began a full-scale rally after a firm opening today.

Most of the blue chips ran up large fractional gains and Du Pont spurred around 2. Motors, international oils, and chemicals all looked firm but steel remained mixed.

Aerospace and other glamor issues paced the rise with Beckman, IBM and Polaroid moving ahead 2 or more points.

Ted Kennedy Slight Favorite To Cop Massachusetts Seat in U.S. Senate

Boston - (UPI) - The voters bring in the verdict today on whether 30-year-old Edward M. Kennedy is too young and inexperienced to sit in the United States Senate. He is a slight favorite to win the Democratic senatorial nomination over Edward J. McCormack, 39, nephew of House Speaker John McCormack.

Despite a prediction of showers early in the day, a record primary vote of more than 1 million is expected. The Teddy-Eddie contest, featuring two television debates, is stirring the voters out of their living rooms and off their front porches. It has almost submerged the fact that the Republicans, too, are choosing a senatorial candidate today.

George Cabot Lodge, 35, and almost a dead ringer for his father, Henry Cabot Lodge, is running against Laurence Curtis, a 69-year-old congressman, partly because he has a movie star appeal to the female voters.

The winners of these two contests will meet in the November congressional election to determine who serves the state.

Type III Vaccine Stop Recommended

Portland - (UPI) - The State Board of Health has recommended a temporary suspension of the use of Type III oral polio vaccine until a special report from the surgeon general's office is received.

The recommendation followed a report of the surgeon general which said an advisory committee felt there was a certain but very low level risk associated with use of Type III oral vaccine.

Dr. Richard Wilcox, state health officer, said the surgeon general's office informed the board that an advisory committee is continuing to study the matter and will provide a special report within the "next few days."

Dr. Wilcox emphasized that no questions have been raised concerning the safety of Types I and II.

two years until 1964. The Senate vacancy occurred when John F. Kennedy resigned after being elected president.

Neither Teddy nor Eddie is claiming a landslide, but some experts are predicting a massive wave of independent voters will put the President's youngest brother across easily.

The Kennedy name is an authentic vote catcher in Massachusetts and Teddy has a group of professionals around him who know how to squeeze the last possible vote out of the situation.

Works Way Up

McCormack is state attorney general and has worked his way with considerable skill up the Massachusetts political ladder. He has a pretty fair name and a good machine going for him, too. Speaker McCormack holds thousands of political IOUs around this state, and while he has been careful not to cash in on them in behalf of his nephew his friends are likely to remember.

Teddy has pent lots more money than McCormack. He has reported contributions of

\$127,404 between early April and Sept. 1. Eddie's reports show receipts of \$48,947. The Kennedy election team operates here with power and precision and apparently there always is plenty of money to oil the machinery.

IN RIGHT PLACE

Madison, S.D. - (UPI) - A cat was the first patient Monday in the new emergency room at the Madison Community hospital. The expectant feline was discovered in a box left by workmen.

Be sure you collect all you should if your home burns

A fire doesn't always happen to the other fellow.

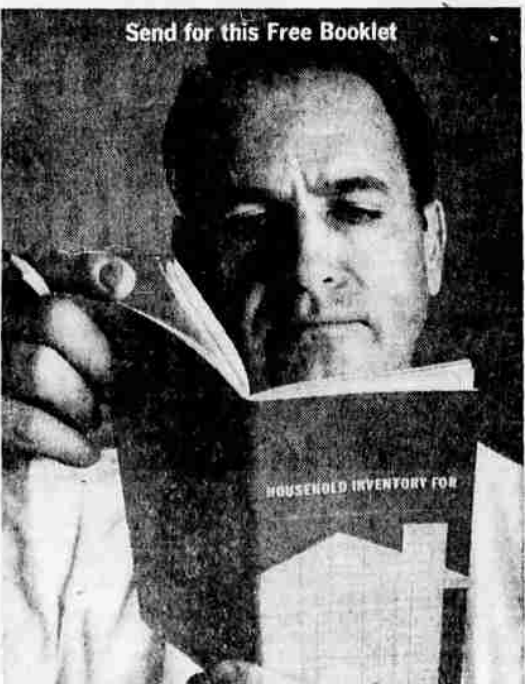

It could happen to your home—tonight!

If it did, could you give an accounting of every household furnishing and every piece of personal property lost in the fire... with the actual value of each? You would have to... to establish your insurance claim. Compiling a complete list of your losses after a fire is an almost impossible task.

On the other hand, the procedure is quite simple—if before you have a fire, you keep an up-to-date record of each article exposed to possible loss. To help you do this, the Atlantic Companies are offering a free inventory booklet for household furnishings and personal property. It lists the items you are likely to own—such as carpets, chairs, lamps, appliances—and provides space for additional items and for the cost of each one.

Filling in this inventory record of your possessions now will serve two purposes. First, it will give you an accurate list from which to file a claim. Second, it will help you determine if you are adequately insured (at the time of fire loss, most people do not have enough fire insurance!).

To make certain you collect all you should when you have a fire, fill out Atlantic's household inventory booklet. For your free copy, clip this coupon and send it to the independent agent of your choice below.
