

University of Mississippi Officials Ordered Into Court

Negro Refused Entry Despite Federal Order

Meridian, Miss. — (UPI) — Three University of Mississippi officials were ordered to appear in federal court today to face possible contempt citations for refusing to admit a Negro to the white-only institution.

U. S. District Judge Sidney Mize issued the order Thursday night at the request of the Justice Department when James H. Meredith was turned away from the university at Oxford amid shouts of "nigger, nigger" from students.

The order directed Chancellor John Davis Williams, Dean Arthur B. Lewis and Registrar Robert Byron Ellis to present themselves at a "show cause" hearing before Mize. Oxford is about 150 miles northwest of Meridian.

Gov. Ross Barnett was not included in the order although he flew to Oxford from Jackson Thursday to personally deny Meredith, 29-year-old Negro Air Force veteran, admission to the university despite a federal court order.

Represents Board
The state College Board, which has the final say in university admissions, earlier had given Barnett authority to represent the group in the Meredith case.

The Justice Department said, however, that "in our view, Governor Barnett's actions have no legal effect. We are proceeding against those named in the court's order whose responsibility in our opinion remains unaffected by the governor's action."

The state, at the urging of Barnett who called for state officials to suffer imprisonment rather than heed federal desegregation orders, had laid down a number of legal barriers to Meredith's admission. But the U. S. 5th Circuit Court of Appeals at Hattiesburg wiped them all out with a blanket injunction.

Barnett was waiting in an alumni building on the shady, 114-year-old campus when Meredith drove up Thursday night in the company of several deputy U. S. marshals. About 100 state troopers kept cheering students behind a chain fence and barricade.

Meets Governor
The group entered the building, at which time Meredith told Barnett he wanted to enroll at the university. The governor told Meredith his application had been rejected.

The Negro and the marshals then left the building and walked back to their car, again passing students chanting "nigger, nigger," and "go home, nigger."

Meredith stared straight ahead and seemed calm as the automobile drove away. Barnett emerged minutes later and received a rousing cheer from the students.

Quiet returned to the campus when Meredith and Barnett left and the only major gathering was an orderly football pep rally and street dance. Most of the state troopers also were gone.

Luxury Ship Hits Red Chinese Junk

Tokyo — (UPI) — An American luxury liner collided with and sank a Communist Chinese fishing junk off the East China coast of Swatow Thursday, informed sources reported today.

The sources said the liner, the American President Lines President Hoover, apparently was not damaged seriously. It rescued 17 of the 18 crewmen believed to have been aboard the junk.

The American ship was en route from Hong Kong to Yokohama, Japan. Swatow is on the mainland about 200 miles northeast of Hong Kong.

The Hoover is known as the "country club of the Pacific" and the crewmen of the junk were reported to have been treated in high style on the liner.

The Hoover is due in Yokohama Saturday. It was expected the Chinese would be transferred there to another vessel and returned to Hong Kong.

During the excitement of the collision and the search for the 18th Communist crewman, a Chinese stowaway aboard the Hoover was reported to have leaped overboard and disappeared.

NOT THE ONLY FISH
Westcliff-on-Sea, England — Mrs. Dolly Starn, 62, has broken her engagement to 99-year-old William Chapman because "I like my freedom too much." Chapman said today he hopes to find another woman and "be married before Christmas."

CROWD HELD BACK—A long line of Mississippi state troopers hold back a crowd of students across the street from Gov. Ross Barnett's campus headquarters as Barnett met with Negro James Meredith on the University of

Mississippi at Oxford. Barnett denied Meredith admission to the university in defiance of a federal court order to admit him. (UPI)

Combat Forces Ready for Attack In Argentina

Buenos Aires — (UPI) — Argentina's grave military crisis flared anew today. Rival army groups deployed combat forces, and the government braced for an attack in Buenos Aires.

A shaky cease fire negotiated in the early morning hours collapsed when three top government generals who had agreed to step down to solve the crisis changed their minds.

The War Ministry Building was evacuated and readied for attack. Rebel Gen. Juan C. Ongania, charging betrayal, started moving tanks into Buenos Aires' western suburbs.

Troops on Broad Front
The government generals who reneged on earlier promises to resign or retire, Army Commander in Chief Gen. Juan C. Lario, his chief of staff, Gen. Bernardino Labayru, and War Secretary Gen. Jorge O. Cornejo Saravia, moved troops on a broad front against Ongania's defense positions at Campo de Mayo.

Their forces were deployed along the 30-mile stretch between Buenos Aires and La Plata, to the south of the capital. There were reports that bridges were being blown in and around Berazategui, midway between the two big cities.

A rebel communique accused the army high command of "refusing" to accept the peace formula proposed earlier by President Jose M. Guido which had apparently ended the crisis.

"They will be defeated," the rebel communique said.

Troop Return Ordered
Guido as commander-in-chief of the armed forces ordered all belligerent troops to return to their barracks shortly after noon. However, there was no indication they would obey the presidential command.

Presidential Press Secretary Alejandro Gancedo confirmed that Gens. Cornejo Saravia, Lario and Labayru had failed to leave their command posts as ordered by Guido. He said that Navy Secretary Rear Adm. Gaston C. Clement and Air Secretary Brig. Gen. Jorge Rojas Silveira had offered their resignations, apparently because they were unable to enforce Guido's peace terms, but said the president had rejected them.

Indian, Chinese Forces Tangle

New Delhi — (UPI) — An official spokesman announced today that Indian troops were battling Chinese Communist forces at an outpost on the disputed northeast frontier.

The Chinese and Indians exchanged fire throughout the night and were still shooting this morning at the Dhola post, the spokesman said.

Three Indians were reported wounded.

An earlier Chinese Communist report said one Chinese border guard was killed and another wounded in a frontier battle with Indian forces.

Reports of the fighting coincided with an announcement that India has accepted a Chinese proposal to hold discussions on the border dispute.

An official Indian spokesman said the talks would begin in the Chinese Communist capital of Peking Oct. 15.

Peiping's New China news agency, in a dispatch monitored in Tokyo, reported that Indian and Chinese Communist troops were engaged in battle on India's border with Tibet today.

Foreign Briefs

SOVIET AMBASSADOR ARRIVES IN CONGO
Leopoldville — (UPI) — The first Soviet ambassador to the Congo in two years presented his credentials to President Joseph Kasavubu Thursday.

Serge Nemtchina told Kasavubu the Soviets would not intervene in Congolese internal affairs and the president told him he was "happy to hear this. I have repeatedly asked for foreign countries not to interfere."

MOVE TOWARD 'NUCLEAR MUNICH' IZVESTIA SAYS
Moscow — (UPI) — The government newspaper Izvestia charged Thursday that Britain was moving toward a "nuclear Munich" with France and West Germany to gain entry into the European Common Market.

It said West German Chancellor Konrad Adenauer wants Britain to turn over its nuclear secrets to France in exchange for British entry into the market, implying that France then would give them to West Germany.

WORLD WAR I STILL PRESENTS DANGER
London — (UPI) — World War I still presents a danger on Britain's coasts, the admiralty announced Thursday.

It said bombs and mines more than 40 years old have been found, "still highly dangerous," and that military explosives of all types are discovered on an average of once every other day.

ROCKET INFORMATION SAID LACKING
Vienna — (UPI) — The United States knows almost nothing about the Soviet nuclear rocket program, Atomic Energy Commission Chairman Glenn T. Seaborg told a news conference today.

"Essentially, we have no information on what the Soviets are doing with nuclear rockets," he said.

Selling Onslaughts Drive Averages To Lowest in 6 Weeks

New York — (UPI) — The stock market reeled today before two heavy selling onslaughts which drove the averages to their lowest levels in about six weeks.

Among the blue chips, Du Pont, General Foods, Procter & Gamble and Owens-Illinois sank 2 or more points and dips of 1 or more appeared in around half the component issues of the Dow Jones industrial average.

These included Chrysler and General Motors in the autos, Kodak and Union Carbide in the chemicals and Alcoa and International Nickel in the Metals. Steel showed Wheeling strong but Youngstown and Jones & McLaughlin down at least 1 1/2. Texaco and California Standard were off comparably among the international oils.

DOW JONES AVERAGES
New York — (UPI) — Dow Jones final stock averages: 30 industrials 591.78, off 9.87; 20 railroads 117.79, off 0.91; 15 utilities 120.00, off 0.93, and 65 stocks 206.24, off 2.62. Sales today were about 4.28 million shares compared with 3.35 million shares Thursday.

Today's prices on selected stocks:
Alum. Co. Am. 34 1/2
American Air Lines 16 1/2
A. T. & T. 110
American Tobacco 29 1/2
Anaconda Copper 37 1/2
Arimco 62
Bardis Corp 30

Oregon State Bar Press Awards Given
Corvallis — (UPI) — The Oregon State Bar press awards today went to newspapermen from Salem and Eugene.

The award for news articles went to Alfred Jones of the Salem Capital Journal and the award for the best editorial went to Robert Frazier of the Eugene Register-Guard.

Speaker at the noon luncheon was Felix F. Stumpf, head of the California Bar's continuing legal education program. He said lawyers should adopt some of the techniques of industry to keep abreast of new legislation, opinions and new administrative regulations in a rapidly changing society.

Stumpf advocated post-law instructions for young lawyers, refresher and general courses for the practicing bar and instruction to permit more experienced lawyers to become proficient in specific fields.

Cubans Employed By American Firms Released

Havana — (UPI) — Two Cubans employed by U.S. news media were released Thursday night by security police who had held them prisoner for 18 days.

Mr. and Mrs. Raul Casanas said they were "well treated and well fed" by their captors, who questioned them only once during their captivity.

The Casanases said security authorities apologized when they were set free, saying their arrest was a "big mistake."

Others Expelled
Two other newsmen arrested recently — British correspondent John Bland, who was with the Casanases when they were picked up Sept. 2, and John Barnes a Briton who had been covering Cuba for Newsweek, were expelled from the country Saturday.

The Casanases denied reports that they were looking for Russian army camps in the western province of Pinar del Rio at the time of their arrest. They said they were returning from the beach, where they had entertained Bland at a farewell party.

Arrested Near Beach
"We were arrested about a mile and a half from the beach at El Salado, where we went to give Bland a farewell party since he meant to leave Cuba the following Wednesday," Casanas said.

Casanas is a correspondent for the New York Times. Mrs. Casanas, known professionally as Sarita Valdes, is employed by NBC news.

The Cuban couple said they spent their first two days at security headquarters "in an air-conditioned room with TV and radio sets."

Quincy Columbia Contract Approved

Washington — (UPI) — The Senate Thursday approved and sent to the White House a bill to authorize a new repayment contract with the Quincy Columbia Basin irrigation district.

The Senate approved the House-passed bill by voice vote after rejecting an effort to block delivery of irrigation water to Columbia Basin project lands on which crops now in surplus are raised.

The Senate rejected an effort by Sen. Jack Miller (R-Iowa) to amend the bill by a 61-13 roll call vote.

The Senate rejected the amendment after Sen. Henry M. Jackson (D-Wash.) said the surplus crop problem should be taken up in the next session of Congress and be applied equally to all projects.

HEAT GETS HIM
Lourenco Marques, Mozambique — (UPI) — Four passersby helped free a native who lay down on a tar road in the hot sun Thursday and awoke to find himself stuck to the street.

Kennedy Tells Pennsylvanians Nation Must Elect Progressive Congress

Harrisburg, Pa. — (UPI) — President Kennedy, opening his campaign for more Democrats in Congress, said Thursday night the voters must decide whether the nation moves ahead or returns to what he called the "do-nothing government" of the Eisenhower administration.

Kennedy told a crowd of about 10,000 persons in a dirt-floored livestock arena here that the 87th Congress had not "measured up to all that I had hoped."

What is needed, he said, is a "progressive Congress — in short, a Democratic Congress."

The President opened his formal fall effort to boost the House and Senate Democratic majorities at a \$100-a-plate fund-raising dinner and television effort to back the gubernatorial candidacy of former Philadelphia Mayor Richardson Dilworth and reelection of Sen. Joseph Clark.

Speaking in the home state of his predecessor, former President Dwight D. Eisenhower, Kennedy did not mention him by name. But he said that it was indeed a "cold day" when he took office in January, 1961.

"The nation's engine was idling," he said. "Around the world the picture was even more dreary."

"If the Democratic party is charged with disturbing the status quo, with stirring up the great interests and with daring to try something new,

I intend to plead guilty."

The dinner in the exhibition hall of the state farm show grounds and a speaking program in the adjacent arena had the colorful air of a political convention. Brass bands blared and groups of pretty girls in straw hats roamed the aisles.

Will Try Again
The President promised that with more backers in Congress, the administration would enact such legislation as medical care for the aged and federal aid to education, which failed to get through the 87th Congress.

"More is at stake than what party controls the Congress and the various state governments," Kennedy said. "The American people on Nov. 6 must choose whether this nation is to sail or anchor down to deadlock and drift."

Gov. Hatfield Lauds Winnemucca Route
Lakeview — (UPI) — Gov. Mark Hatfield said today dedication Saturday of the Winnemucca-to-the-Sea Highway will be a signal for opening of a new era in transportation and economic progress of the Klamath Basin area.

Hatfield paid tribute to those who contributed to the drive which brought about completion of the route which links northern Nevada and part of southeast Oregon with routes which go to the Pacific.

Upon arrival, he told an audience at the airport that "we saw today in the House . . . a very clear indication of why this election is so important."

"We passed in the House by five votes an agricultural bill which will save this country nearly a half-billion dollars, as well as protect the economic rights of American agriculture; and we lost in the House a bill of assistance to higher education, and three-fourths of the Republican party voted against it."
