Civic Music Enrollment Opens; Artists Listed

With both the local and Eugene programs as inducements, volunteers working for Jackson County Civic Music association will begin the annual membership enrollment today. Officers, board members and workers attended a meeting at North's Chuck Wagon last night where they heard talks by Mrs. Margaret Mary Musso, national Civic Music representative, and Leonard Mayfield, superintendent of Medford public schools.

In the present day of freeways and other quick transportation, such organizations as Civic Music can stress the fact that Civic Music memberships are good in any city. Therefore, the list of attractions in Eugene or some other Oregon city is of almost as much interest as the one offered in Medford.

Already booked for Medford are the great American vocalist, William Warfield, February 4; the Gregg Smith singers, January 20 and the Tipton Chamber orchestra, May 16. At least one, and possibly more concerts will be booked later.

Booked by the Eugene Civic Music association, fifth largest in the United States, are the Metropolitan Opera company's leading baritone, Cornell MacNeil, October 21; the Greek Festival company, November 12; Helen Hayes and Maurice Evans, two of this nation's most famous stage players in their "As We Like It" Shakespearean program; the San Antonio Symphony orchestra, led by Vittorio Alessandrini and with the Israeli pianist, Bar-Ilan as soloist on January 17; the Orchestra San Pietro from Italy, which played here recently, and John Browning, American pianist.

Last year scores of Jackson county members went to Eugene for one or more of that city's concerts.

"Self-polishing wax can harm your wood floors!"

... says Henry M. Tobey, Research Director of the world's largest hardwood floor maker

"Those self-polishing waxes that work wonders on kitchen floors can be the ruin of your wood floors. How come? Most of these self-polishing waxes are made primarily of synthetic plastics. They simply cannot be removed without damaging the finish or wood.

Layer after layer of old self-polishing wax piles up until your wood floor is darkened and discolored.

To avoid this problem, we recommend Bruce Cleaning Wax or Bruce Floor Cleaner. Both contain a removable liquid paste wax and waterless wood floor cleaner. They clean; remove the old wax; and leave a rich, new coat of paste wax protection—all at the same time.

Where a heavy coat of wax is desired, use Bruce Cleaning Wax. For lighter waxing and badly soiled floors, you'll prefer Bruce Floor Cleaner. It's the right way, and the easiest way to keep your wood floors looking clean and bright."
