

On the Air

By ELEANOR WIESE

Unfortunately the two most interesting shows today, politically speaking at least, are scheduled opposite each other. Former Vice President Richard M. Nixon will be interviewed on "Meet the Press" at 6 p.m. on KMED-TV, and "Pollsters and Politics" will be carried on KBES-TV at the same time.

Mr. Nixon will be questioned by newsmen regarding his future political plans, win or lose, and his plans for California if elected governor. His opponent in the California gubernatorial race, incumbent Gov. Edmund G. "Pat" Brown, will be queried next week. A toss of a coin determined who came first. "Pollsters and Politics" is a special report on "Twentieth Century" on the use of public opinion sampling by politicians as an important tool in determining voter preferences and reaction to key issues. Pollsters Dr. George Gallup, Elmo Roper, Louis Harris and others will show how polls are conducted. Director of the Bureau of the Census, Richard M. Scammon, will explain how the size of the polling sample is decided.

Winston Churchill's World War II memoirs are the basis of "The Valiant Years," starting Monday at 8:30 p.m. on KMED-TV, a distinguished series new to Medford.

British actor Richard Burton reads Churchill's words and Gary Merrill narrates the episodes which tell the story of the war from Churchill's viewpoint. Newsfilm and still photos are used to illustrate the series. Musical backgrounds were composed by Richard Rodgers.

The first program, "The Gathering Storm," chronicles the rearmament of Germany. Churchill's warnings about the Nazi prewar buildup and his appointment to the Cabinet in 1939 as First Lord of the Admiralty.

ALCOA PREMIERE, 10 p.m. Friday KMED-TV. "Guest in the House." Fred Astaire portrays a former British Secret Service agent who visits a friend's home and announces that he is moving in.

ALFRED HITCHCOCK, 10 p.m. Friday KBES-TV. "I Saw the Whole Thing." A mystery writer (John Forsythe) is involved in a hit-and-run accident. The reliability of eye-witnesses is questionable.

DAVID BRINKLEY'S JOURNAL, 7:30 p.m. Saturday KMED-TV. Dishonest practices in construction of interstate highways is probed in full-hour program.

SATURDAY MOVIE, 9 p.m. Saturday KMED-TV. "Three Coins in the Fountain."

Most of the houses along the Saigon river in South Vietnam are built on stilts by squatters who don't have to pay taxes as they would if they built on land.

Medford Council Defers Action on Paving Proposal

When opposition developed to a paving project on Olwell Way and to a water main installation on Whittle ave., the Medford city council voted Thursday night to defer action of the proposals.

A third proposal, involving the sale of sections of Blocks 44 and 45 in the city of Jackson, parts of the right of way of the old Medford-Jacksonville Railway, also was deferred until the next regular

meeting of the council on the motion of Councilman Donald Hansen.

Sale of the property had been recommended by the city administration to R. E. and Frances L. Hirsch, Jacksonville.

The move to defer action on the Olwell Way paving project was due in part to voiced opposition at the meeting and also to the stated reluctance of several councilmen to pave

just half a block. Signatures on the paving petition represented 66.67 per cent of abutting property owners.

A decision on the Whittle st. water main was put off until the next meeting when two Medford attorneys, Gregory T. Hornecker and Robert Dickey, representing opposing clients developed a conflict of fact.

The council considered

whether a group of buildings at the corner of East Jackson st. and North Riverside ave., and a barn at Black Oak dr. and Walden Place, should be considered dangerous buildings and therefore require their removal.

The group decided to order that the barn be boarded up and the vegetation around it be removed within 30 days. The buildings at East Jackson

and North Riverside ave. must be removed by Jan. 1, 1963, the council ordered.

A request for a change of zone from single-family to limited commercial for a piece of property located east of Biddle rd. at the Interstate 5 interchange was referred back to the planning commission for further study.

In other action, the council voted to:

-Annex to the city two small parcels of property lying east of Foothills rd. in Fairview Terrace subdivision.

-Annex to the city property situated west of Kenyon ave., and north of Garfield st.

-Pave Hillcrest rd. from Valley View dr. to Black Oak dr., and from Black Oak dr. to 120 feet east of the east line of Country Club Park subdivision. Bids were called on

the project.

-Grant two easements to Pacific Power and Light company for power poles at the municipal airport.

-Award a contract for a box culvert on Highland dr. to Medford Construction company at a cost of \$4,255.

Troy L. Dean for \$300.

-Request the state speed control board to review the speed zones along Crater Lake highway between the intersection of Highways 99 and 62 and the northeasterly city limits.

-Appoint John DuBay as municipal court judge pro tem.
