School News

Howard School

In Mrs. Flossie Murray's room there are six boys and six girls.

We had planned to go to Ashland park for a field trip recently, but it rained, so now we are going to wait for a nice sunny day.

In Mrs. Dorothy Arney's room, we have 14 boys and 12 girls. When school opened, both first grade rooms had 12 more children, making the rooms so crowded we had to have a third first grade.

We have a window zoo, Jay Myers brought a lizard, a Monarch butterfly, and some caterpillars to school. Wayne Peterson brought a tadpole; Heidi Rawlins brought four caterpillars; Billy Bowers brought one grasshopper; Earlene Whisler brought two garden spiders; and Tim Firman brought a Monarch butterfly.

In Mrs. Wickman's new first grade room we have 24 children.

Each group of children that read together selected names for their group. The names that they picked are the Ready Readers, the Speedy Speeders and the Busy Beavers.

Our room studied about seeds and how seeds get to new places. Brad Laurine brought us some sunflower seeds and Jonni Rice brought some flower seeds to add to our collection.

Two new students enrolled in Miss Mary Klockner's room recently. They are Michael Howell and Tony Dalton.

First grades have been taking Reading Readiness tests. In science we studied about the Monarch butterfly. We had caterpillars change into butterflies in our classroom.

We listened to the story of "Johnny and the Monarch."

There are 14 girls and 15 boys in Mrs. Margaret Mann's second grade. Five children are new to Howard school.

Benny Cox came from Arkansas, Judy Frenick from Yreka, Calif., Kelly Graham from Seattle, Wash., Linda Newman from Mannheim, Germany, and Debbie Snyder transferred from Jefferson school.

Oregon Delegation

Salem — (UPI) — Gov. Mark Hatfield fired off telegrams Monday to members of the Oregon congressional delegation urging them to press for passage of federal ABC highway funds before Congress adjourns.

The funds would apply to primary, secondary and urban routes. Oregon's share would be about \$45 million, including \$1 million for twisting State Highway 42 in Douglas and Coos counties.

Although the funds are for the 1963-64 fiscal year, they can be let before that.

Hatfield said the ABC funds are "vital" to continuation of key highway construction in Oregon. The bill has been stalled for some time.

115 Russian Ships Fishing Off Alaska

Kodiak, Alaska — (UPI) — At least 115 Russian fishing vessels are operating in the Gulf of Alaska, covering a 190-mile area east of Kodiak Island and stretching as far south as the Trinity Islands, Navy sources disclosed Monday.

The Soviet fishing boats were discovered by the Navy ship Kodiak and a Navy patrol plane which have been conducting surface and air reconnaissance missions along the east side of Kodiak Island for the past three days.

A Navy spokesman said that the Kodiak reported an 18-boat flotilla of Russian ships had apparently left the area near Two Headed Island, where American fishermen reported losses of crab gear because of Russian trawling methods.
