

**Adoption Law  
Overhaul Proposed**

Salem—Gov. Mark Hatfield has urged an overhaul of Oregon adoption laws. He withheld specific recommendations, pending completion of a review of two studies—one by the Governor's Conference on Children and Youth, and the other by the Legislative Fiscal Committee. Hatfield said he is giving particular attention to laws pertaining to adoption of orphaned, abandoned and other children on welfare. He noted the legislature previously authorized the welfare commission to put up for adoption certain children who otherwise would remain under welfare foster home care until maturity.

**Why Buy Motorola Products?**

- QUESTION: Why does Motorola TV offer the best buy?  
ANSWER: It has the most powerful chassis in the industry with the best guarantee; hence requires the least amount of service.
- QUESTION: Why does Motorola Stereo sound better?  
ANSWER: Motorola introduced 3-channel, 3-amplifier stereo taking the industry by storm. It provides better stereo separation by separating the monaural base response from the 2 stereo channels. The base amplifier is of greater power and allows more flexibility in cabinet design.
- QUESTION: Why should you buy a Motorola radio?  
ANSWER: Motorola offers a written labor guarantee good anywhere in the U.S. Since Motorola is the country's leading manufacturer of transistors and power semiconductors, they do not find it necessary to import.
