Red Cross Sets Class

The 12-hour class will be taught over a period of six consecutive Monday evenings under the direction of Mrs. William Baker, a qualified Red Cross instructor.

The recent disaster in Oregon forced many people to care for sick and injured persons in their homes under the worst possible conditions. Many homes were without heat, electricity and telephone communication with their physicians for a period of several days. Nursing care under special conditions such as these will be included in this class, as well as home nursing procedures, home emergencies, causes and symptoms of illness and community health.

There will be no charge for the class; however, it will be necessary to limit the group to 16. Those interested in this class should register at once by calling the Red Cross office, telephone 772-4403.
