## Labor-Supported Senate Candidates Hold Election Edge

Washington - Senate candidates backed by labor's political arm held the edge today in a series of head-to-head contests against opponents supported by the conservative Americans for Constitutional Action.

The candidates endorsed by the AFL-CIO Committee on Political Education won nine of the elections involved. The conservative supported candidates won five and one race remained in doubt.

In House races, Labor endorsed 176 winning candidates and 137 losers. Sixteen races were still in doubt. ACA backed 122 winning House candidates and 28 who were defeated. Ten races involving ACA endorsement were in doubt.

Brewster beat ACA-backed Edward T. Miller in the race for the seat vacated by Sen. John M. Butler (R-Md.).

## Next Congress To Include Five Negro Members

Washington - The 88th Congress will include five Negroes, a post-reconstruction record.

Four Negro House members won reelection in Tuesday's voting and were joined by a fifth, Democrat Augustus F. Hawkins from the newly created 21st congressional district of California.

Negroes have not held so many congressional seats since the election of 1874, when Southern states under carpet-bag rule sent one Negro to the Senate and seven to the House. One or more Negroes from the South served in every Congress thereafter through 1901. After that, there was no Negro member of Congress until 1928.

Both Democratic and Republican candidates in the new 21st California district were Negroes. The district is part of Los Angeles, which ranks sixth among cities in Negro population. The district is about 80 per cent Negro.

Incumbent Negro House members who won easy reelection, all Democrats, are Reps. Adam Clayton Powell, New York City; Charles C. Diggs Jr., Detroit; William L. Dawson, Chicago; and Robert N. C. Nix, Philadelphia. All represent districts with heavy Negro population and all were opposed by Negro Republicans.

Jones said the reappraisal, which includes all classes of property, is expected to reach completion in this area in time for the valuations to show on the 1964-1965 tax rolls.

The countywide program was started last here last summer with reappraisal of residential properties on the south side of Grants Pass.

Josephine is one of six counties currently under reappraisal.
