By ELEANOR WIESE

A former Medford girl, Sharon Shore, will be one of the dancers appearing with Danny Kaye and Lucille Ball in two production numbers on "The Danny Kaye Show" tonight at 9 p.m. on KMED-TV.

According to her aunt and uncle, Mr. and Mrs. S. P. Cully, who reside at 517 Beech st., Miss Shore started dancing when she was 4 years old, studying with a Medford teacher and later in Grants Pass, before going to Hollywood.

National Children's Book Week To Be Observed Here

The Public Library of Medford and Jackson county will observe National Children's Book week, Nov. 11 to 17, as will other libraries in the Rogue valley and throughout the United States.

It is a week dedicated to recognizing the importance of reading for boys and girls; according to Omar Bacon, librarian. The week originated with the Boy Scout librarian in 1919. People interested in children have promoted the week on both the local and national level. All the libraries in the county will observe the week with special displays and an abundance of new books.

The children's department of the Medford headquarters library will have many new books on display for the occasion, as well as many award-winning books from former years that are still favorites of children. Any of these books will be available for circulation.

The regular weekly preschool story hour will mark the beginning of Book week activities on Tuesday, November 13 at 10 a.m. with Mrs. H. H. Breese as the storyteller. Special class visits

have been scheduled during the rest of the week, when students will have an opportunity to examine and select books of special interest to them.

Adults as well as children are invited to visit the library, and parents will find many books suitable for holiday giving. Special displays of winners of the Newbery, Cal-

decott and Young Readers' Choice award books will offer suggestions to families for winter "read-aloud" evenings. National Book Week slogan is "I Like Books."
