Senior Citizen Gift Suggestions Offer Comfort

If there are any senior citizens on your gift list who are semi-invalids or simply "not as spry as they used to be," consider some gift ideas to make their life a bit easier.

Gifts that offer comfort — convenience and companionship are always most welcome.

Your favorite oldster may welcome a canary, parakeet, small aquarium with tropical fish or gentle kitten as a pet.

Plants, dish garden and window box gardens are friendly gifts, too.

Extra-Long Cord

And for conversations with family and friends, a colored extension phone with a "traveling" extra-long cord (a wonderful step saver) will be just what he or she has been wanting.

Such little safety items as a bathtub rail to hold on to while getting in or out of the tub . . . a sturdy step stool to reach up-high closets and cupboards . . . attractive night lamps for bedroom or other rooms . . . those foot-long matches to make oven lighting a cinch — these are all thoughtful gift notions.

Here are but a few: a pillow with arms and back to sit up comfortably in bed while reading; an adjustable tray that raises high enough for breakfast in bed, or lowers to armchair heights for enjoying a snack while watching TV; a slanted leg rest that will attach to a chair in the living room, or a big, comfy ottoman; all sorts of electric massagers give comfort, as do heating pads and electric blankets.

Chill Chasers

A pretty stole for the ladies and a smart, short lounge jacket for the men are terrific chill chasers that spell fashion too. A long-handled shoe horn will save bending over strain.

The list can go on and on — tasty prepared foods and snacks are ideal for the "live-aloner," as are two-cup percolators and teapots, personal sized hand coffee grinder, and so on.

Check out this list for gifts for grandparents, neighbors or just good friends who are "not as young and agile" as they'd like to be.

Fresh Greenery Adds To Holiday Cheer

For an old fashioned Christmas—traditional in the many niceties that make for a very happy holiday — bring fresh greenery into the home and plan to use it for effective about the house decor.

The ingredients for decorating the interior are boughs of evergreen, red and white candles, ornaments, holly, and a good portion of imagination.

Charm Bracelets Combine Thought With Affection

The perfect Christmas gift, everyone knows, should combine thought with affection and give enduring pleasure. That's one reason charms and charm bracelets are especially popular at this season.

From one of the world's largest suppliers of charms, Marchal Jewelers, come a few general rules (and they have little to do with price, much to do with thought) to apply wherever you may shop.

First of all, remember that charms are the most sentimental form of jewelry. Each must have a meaning — to giver and receiver.

Charms are meant to last; fourteen karat gold dangles are therefor favored.

Good Luck Emblems

How do you select a charm? Think and look — and let your imagination take over. Everyone, superstitious or not, wants a good luck emblem.

Such personalized charms that indicate birthplace, travels and special occasions are most popular. Also a medal, an old watch fob, a baby's first tooth and other keepsakes can be wonderfully attractive when mounted in gold as a charm.

Even photographs of children, dogs, boats, houses can be reproduced as charms. Such gold souvenirs may be modestly priced — but they are completely unique, one-of-a-kind.

Special Meaning

Charms which hold a special meaning are desirable gifts — for example — travelers, whatever their faith, welcome St. Christopher medals, or the touching Hebrew "Mizpah" which prays that "though we are separate, we are always together."

Everyone seems to like the "touch me for luck" Jade Buddhas now so popular, while a special Christmas wish can be expressed charmingly with a jewelled Christmas ball.

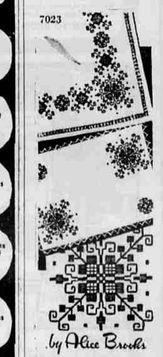
The only rule for charms is to give them with affection. That's their special magic!

Something Glamorous Suggested for Women

Give her something of glamour, and she'll be enamoured —for these are the things she loves. Most women, especially working gals, look forward to gifts they usually don't buy for themselves; therefore the list can be endless.

To sum up: these can be gifts of fine leather, books, desk accessories, hair ornaments, evening bags, fine candy, costume jewelry, writing accessories, and so on.

Heirloom Look



Lovely accent for linens — richness of Norwegian embroidery in white or colors. Mainly single stitch — this Norwegian embroidery. Decorate towels, cloths, mats. Pattern 7023: eight each of 3 different motifs; directions.
