Jobless Insurance Claims Increase

Salem - (UPI) - The Oregon Employment department said 13,400 unemployment insurance claims were filed last week, compared to 10,020 the same week a year ago.

Claims were down, compared to last year, in every area of Oregon except Astoria and Ontario.

Astoria has the state's highest rate of insured unemployment, 9.3 per cent.

Hillsboro enjoyed the lowest rate, 2.1.

The 1,490 claims last week were up 9.9 per cent from a month ago as the regular seasonal drop in jobs continued.

There were more layoffs in logging, lumbering and construction.

Unemployment rates in cities, with last year's comparisons, included: Corvallis 2.5 per cent, down 0.6; Eugene 3.1, down 1.4; Klamath Falls 3.5, down 1.9; Medford 4.5, down 2.1; Pendleton and Milton - Freewater 4.3, down 2.3; Portland 2.7, down .5; and Salem 3, down 1.1.

Lumbermen Could Appeal To OEP

Washington - (UPI) - Hard-pressed Pacific Northwest lumber companies could appeal to the Office of Emergency Planning for help in meeting Canadian competition, officials of the agency said today.

But one official said that a required investigation to determine whether Canada is a lumber export to the United States present a threat to U.S. national security might take up to one year.

The official said the OEP, which is directly under the President, has the responsibility only for determining whether imports affect national security. An investigation by the OEP could be made under terms of the trade expansion act of 1962.

If it were found that imports from Canada were a threat to national security, the OEP would inform the President. Any further steps would have to be made by the President.

Storm Forces Two Dairymen To Quit

Salem - (UPI) - Only two fluid milk dairymen have quit the dairy business as a result of the Columbus Day storm, and six others are undecided whether to continue milking, the State Agriculture Department said Wednesday.

At least 81 head of dairy stock died in the storm, and five others were crippled.

These facts came from information gathered by the state department of agriculture's dairy inspectors in western Oregon. The survey included only dairymen producing for the consumer market, as opposed to factory milk producers. It covers roughly 60 per cent of the producers under state inspection.

Dairymen in the mid-Willamette valley suffered the worst construction losses. Every dairy reported damage, and 16 reported dairy buildings destroyed.

The partial survey revealed 92 buildings were a complete loss and 247 others damaged in varying degrees.

Harvey Amends Boundary Complaint

The Dalles - (UPI) - Harvey Aluminum Co. has amended its complaint in a local school district boundary dispute to list Sheriff Ernie Mosier and members of the school board, acting as a district boundary board, as defendants.

Mosier was named because of his position as tax collector. Harvey last week paid its 1962-63 property taxes but turned \$51,236 over to the county clerk's office for possible allocation to School District 12 (The Dalles) instead of School District 9 (Chenoweth-Mosier-Rowena).

Heretofore, Harvey has paid a major share of the property taxes in District 9.

The amended complaint stated that the plaintiff is "tendering into court" the tax monies "in dispute for 1962-63." The firm estimated this sum at \$51,236.

Included in the amended complaint is a school district boundary description on which the calculation is based. The complaint asks the court to settle the controversy.

Five Face Bank Robbery Charges

Carson City, Nev. - (UPI) - Arraignment of five persons accused of burglarizing a Reno bank of \$116,552 was continued indefinitely Wednesday to give defense attorneys more time to study the indictment.

Federal Judge John Ross also denied a motion to reduce the \$50,000 bail for James R. Day, 28, and his wife, Josephine, of Matairre, La.

The Days also face charges of armed robbery and possession of narcotics in Jefferson Parish, Louisiana. Other defendants appearing at the hearing were Sandra Jeanne Barnwell, 23, Reno; John E. Foster, 28, Portland, Ore; and Edward D. Harris, 34, Reno.

The indictment charges that Miss Barnwell, a former teller at the Security National Bank, secured a key to the night deposit safe and gave it to Day who had a duplicate made. She also gave him her outer door key to the bank and the safe depository combination, the indictment charges.

The government contends the five plotted the crime and Harris and Foster actually entered the bank in July of 1961 and made off with \$32,619 in cash, \$82,673 in checks, and an additional \$1,260 in either cash or checks.
