The example of Eleanor Roosevelt's numerous eulogies showing the various types of world personages touched by her was compared to other women's readiness to meet the world. How much background of understanding of other countries and masses of the world and appreciation of other cultures do we have in this shrinking world, she asked.

What Doctors Say

Dr. H. E. Kirschner, M.D., said in his book, LIVE FOOD JUICES, You wouldn't think of eating a table full of vegetables, but your body may be starving for the minerals, vitamins and enzymes found in a table full of vegetables. To overcome the deficiency, an abundance of raw vegetable juice may be essential, because the digestive tract cannot assimilate the volume of bulk.

Of all the juices Raw Carrot Juice stands supreme. It is a wonderful cleanser of the bile and waste matter, coagulated in the liver. Occasionally in some instances the skin becomes discolored, usually a yellowish hue, after drinking carrot juice for some time. This is the result of the coagulated bile in the liver dissolving so fast that sluggish kidneys and bowels were not able to take care of its elimination quickly enough resulting in the lymph carrying this excess debris to the surface for elimination through the pores of the skin.

Dr. R. D. Pope, M.D., states in his book, RAW VEGETABLE JUICES—It is claimed by writers of Comic News that carrot juice will turn the skin yellow. It is ignorance of the functions of the body that would make anyone believe such nonsense. It is just as absurd to expect the color pigment of the carrot to come through the skin as to expect the red of the beet, or the green of the spinach to come through.

Whenever yellow appears through the skin after drinking carrot juice, it is an indication that the liver is eliminating greater quantities of stale bile and other matters than the eliminative organs can handle so that some of the elimination takes place through the pores of the skin. When we continue to drink raw vegetable juices however the discoloration eventually disappears.
