Strange Caravan Causes Travelers To Crane Necks

Topeka, Kan.—UPI—A strange group left here Thursday en route for Lawrence and points east — far east.

Highway travelers were craning their necks for a long look at the four horses, two mules, a dog and Don Lee of Council, Idaho, as they journeyed single file at a slow pace.

The pack train departed San Francisco on April 15 bound for Washington, D.C., with a message for President Kennedy. Lee and his pack train have journeyed more than 2,000 miles by the slow method.

Camps by Roadside

Lee said he camps by the roadside and in state parks and frequently stops to work a few days, preferably in sporting goods stores where he can tell sportsmen about the wonders of the Idaho wilderness.

Lee, a professional guide who takes hunting and family parties into the Idaho wilds, said he is making the trip for several reasons including:

"To deliver a personal invitation to President Kennedy to go hunting in Idaho during the state's centennial celebration in 1963.

"To dramatize that the old west still exists and can be reached by authentic pack trains.

"And to bring to Americans his philosophy on the value of spending time among 'God's unspoiled creations.'

Would Clear Thinking

Lee said, "If every businessman could spend two weeks in the mountains it would clear his thinking and improve his judgment."

The guide, dressed for the trail in western clothes and wearing a pair of well-worn spurs on his boots, stopped at the Kansas Statehouse and visited with Gov. John Anderson, who is known to be an enthusiastic hunter himself.

Anderson offered Lee a cup of coffee which he accepted and then promptly shared with his dog, Bandit.

Medical Care Committee Favors Benefit Increase

Salem —UPI— The Governor's Committee on Medical Care for the Aged unanimously favors an increase in benefits under the state's medicare program for 1963-65, the Oregon Council on Aging was told Wednesday.

Dr. Wesley Nicholson of Eugene, chairman of the council and a member of the governor's medicare committee, said the committee would hold its final meeting Saturday in Portland to polish up its report which will go to Gov. Mark Hatfield.

Nicholson said the committee favors no change in the present eligibility requirements for medicare.

To Serve 12,000

He said the program being recommended by the committee was designed to serve about 12,000 persons more than 65 years of age during the next biennium.

Less than 5,000 persons have taken advantage of Oregon's program this biennium. An estimated 55,000 persons in the state were eligible for some benefits during the biennium.

The Portland meeting of the governor's committee starts at 10 a.m. in the Public Service building. Chairman is Dr. Ennis Keizer of North Bend, also chairman of the Oregon Welfare Commission.

The proposed medicare program requires approval of the 1963 legislature.

Tip Leads Police To Bank Robber

Tacoma —UPI— The South 35th and Union branch of the National Bank of Washington was held up Wednesday and about 20 minutes later police detectives arrested a man at whose home \$5,200 was found.

William F. Morgan, 23, Tacoma, orally admitted the holdup and a pistol was found in his possession, police said.

Officers went to his home following the robbery when a special Air Force investigator, Gilbert Gordon of McChord Air Force Base, reported the license number on a car he saw driving away from the scene. The car was registered to Morgan.

PENNEY'S

60th ANNIVERSARY

Christmastime... anytime COUNT ON
PENNEY BRANDS for the kind of quality you're
happy to own, proud to give.
