Murder Confession Permission Waited

Mountain Home -UPI- Air Force and civilian authorities met today to determine if a young civilian will retell his confession to a double slaying the military has charged to another man.

Officers at Mountain Home AFB announced they will recess their hearing into premeditated murder charges against A1C Gerald M. Anderson, 24, until they learn if 25-yearold Theodore Thomas Dickie will be allowed to tell his story.

It was Dickie's confession to the knife slayings last April in Mountain Home of Mrs. Nancy Joy Johnson, 22, and her son, Danny, 2, that led to an Idaho court's freeing of Anderson of a civil charge he killed Mrs. Johnson.

Anderson was held more than seven months before Dickie's confession brought his release by the civilian court. He then was confined under the Air Force charge.

Fall Concert Set By Talent Groups

Talent-The Talent Junior High school music department will present its fall concert Thursday, Dec. 13, at 8 p.m. in the Talent gymnasium.

Featured during the evening's program will be the choir, stage band and the concert band.

Among some of the more well-known numbers performed by the chorus will be selections from "Brigadoon," and familiar selections played by the band will be "Dixie" and "Salute to Grieg".

Leasing Firms Expected To Be Fewer in Future

New York-UPI-The number of companies competing in the equipment leasing field seems most likely to shrink within a couple of years, Anthony F. Caruso believes.

This does not mean leasing is on the wane. Some sources in the field say that it now has reached an annual volume of a half billion dollars. Caruso said he thinks that equipment leasing activity is certain to grow, but the number of companies handling leasing may diminish.

Early Arrival

Business expansion is in the air today," said Caruso, manager of the Horton Equipment Leasing Co. of New York, a wholly-owned subsidiary of Advance Industries, Inc. Horton was an early arrival in the leasing field, said Caruso, and some of its clients have been with it since the start.

There can be plenty of problems in the equipment leasing field through rate-cutting, Caruso continued. He said he believed some operators were losing money, or at least failing to profit, by not looking ahead; they tried to shave their lease rates too closely in an effort to build up volume.

Steady Profit Policy

He said the Horton operation, which was acquired by Advance in May, 1958, has refrained from going into a program designed merely to build volume. It has made its policy one of steady profit, he said, and tried to maintain its customers list on a steady, continuing basis by maintaining a high standard of service.

"You can break your back and get a tremendous volume," he said, "but making this isn't always the answer. Some who have cut rates to get new business have run into the fact that financing costs money and so does administration."

Caruso said he believed businessmen have long since learned to accept without question the value of equipment leasing in many operations.

Dolores Del Rio's Jewelry Stolen

New York-UPI-The nation's prime target area for jewel thieves — the luxury hotels near Central Park's plaza — recorded another theft today, a $27,500 raid on the jewel box of actress Dolores Del Rio in her Hotel St. Regis suite.

Police said Miss Del Rio believed the jewels were taken sometime Monday evening or early Tuesday morning while she was out to dinner and the theater with her husband, producer - director Lewis Riley. She discovered the theft at noon Tuesday.

In the past few months several hundred thousand dollars of jewels have been stolen from guests by "cat" burglars at hotels near the St. Regis, including the Hotel Plaza, Hotel Pierre, and Essex House. The most recent theft was a $50,000 jewel robbery in the nearby Central Park South apartment of actress Joan Fontaine.

Election Fraud Hearing Starts

St. Helens -UPI- Opening statements were scheduled today on a civil complaint charging fraud in the Columbia county sheriff's race.

Republican Roy S. Wilburn filed the complaint challenging a recount that gave the office to Democrat incumbent Spencer Younce by 40 votes. Wilburn had won by 100 votes prior to the recount.

Wilburn charged that ballots were changed, substituted and destroyed for the recount.

Circuit Judge J. S. Bohannon is hearing the case.

Cub Scout Pack 4

Members of Pack 4 of the Cub Scouts held their November meeting in the Oak Grove school gymnasium. Boys brought toys for the firemen to repair. Den 1 presented the flag; Den 6 led the singing and Den 4 presented a short skit.

New committeemen, Wes McKenzie, and new den mother, Mrs. Betty McKenzie, were introduced. Den 5 won the Akela doll for the most parent attendance. A gift was presented to Mr. and Mrs. W. H. Howell who have moved.

The next pack meeting will be held Thursday Dec. 13, at 7 p.m. in the school gymnasium. After a short meeting the boys, parents and friends are invited to go Christmas caroling in a nearby neighborhood.
