## Steps Taken To Curb Chance of Human Failure

Washington—(UPI)—The Defense Department today issued a set of strict rules that are designed to prevent the "unauthorized detonation" of nuclear weapons.

It issued two lengthy directives to tighten security procedures in the storage and handling of nuclear weapons. Their purpose is to guard against sabotage and the possibility that "human failure" might cause an explosion.

**Special Precautions**  
The Defense Department said the destructiveness of nuclear weapons and "the attendant consequences" call for "high standards of human reliability" and special precautions against sabotage.

One provision would disqualify a person from access to nuclear weapons for over-indulgence in alcohol, financial or family irresponsibility, or "poor attitude or lack of motivation toward the mission of the military program of which he is a part, or toward duty with nuclear weapons."

A spokesman said the directives contained procedures that in general are already practiced in the armed forces.

One of the directives dealt entirely with the selection of personnel. The other laid down the rules for the storage and transportation of nuclear weapons.

The personnel directive provided that persons given access to A-weapons must have "a positive attitude," a good military record, appropriate formal education, good physical condition and "evidence of adequate social adjustment."

**Day-To-Day Evaluation**  
Supervisors were told to take steps to "evaluate individuals from day to day and remove from duty assignment any individual whose general behavior, emotional stability or reliability" falls below standard.

Such persons must sign a certificate to the effect that they have been briefed and understand the importance and the "need for reliability" in their assignments.

To guard against possible sabotage, the second directive called for a "sabotage alert team" of two or more persons who can come to the aid of guards within five minutes wherever atomic weapons are stored.

The directive calls for a "backup alert force" that could be on the scene within 10 minutes and a "reserve force" that could reach the storage site within an hour.

**Sentry Dogs Rated Highly**  
Recognizing the danger of "covert actions by persons with approved access," the directive stipulates:

"Access to complete atomic weapons will be accomplished only when two or more persons are present who are capable of detecting incorrect procedures."

The directive gave high rating to the use of sentry dogs as well as fences and walls, electronic alarm systems and other precautions.

## Man Found Guilty On Check Charge

Royal P. Harlacher, 30, of Chestnut st. and Stewart ave., formerly with Royal's Quality Cabinets, 944 South Central ave., was found guilty in Jackson county circuit court Wednesday afternoon by a jury on a charge of drawing bank check with insufficient funds in the bank.

The trial started Tuesday before Judge Edward C. Kelly. Harlacher was charged with writing a check for \$263.51 to a local transfer company.

## County To Receive \$6,132 in Boat Fees

Jackson county will receive \$6,132 from the Oregon state marine board as its share of boat licensing fees. It will be the second payment the county has received this year from the marine board.

Josephine county will receive a total of \$2,088 for its share.

Payment to counties is based on \$3 per numbered boat.

The sources said Von Horn's contract expires in a few months and that it will not be renewed. Von Horn was appointed commander of the commission in 1958.

## Rally Fails, But Stocks Close Firm

New York—(UPI)—Stocks made a last-minute attempt to rally today, but managed to close firm at best.

Du Pont, Chrysler, and IBM were among the leaders, up roughly 2 1/2 apiece.

Steels and autos firmed while Allied Chemical added nearly 1 and Union Carbide lost around 2 in the chemicals. Halliburton and Champion featured an irregularly higher oil group.

Litton and RCA performed well in the electronics and Bristol-Myers and Carter Products rose a point or more in the drugs.

**Jet Planes To Shoot Down Lost Balloons**  
Palestine, Tex.—(UPI)—Scientists said today two giant balloons they hoped would help determine if there is organic life on Mars will be shot down by Air Force jet planes.

The scientists said they have given up hope of recovering the two balloons, which together are more than 800 feet long. They were launched from near Palestine, Tex., Wednesday, carrying a dummy payload.

The experiment went fine until the balloons drifted into Louisiana Thursday for a scheduled decent. The radio-controlled valve on them would not work.

## Witnesses at Women's Peace Movement Hearings Study in Poise and Coolness

By YVONNE FRANKLIN  
Mail Tribune Washington Bureau

Washington—(Special)—On the first day of House Un-American Activities Committee hearings into alleged Communist infiltration of the Women Strike for Peace movement, three women who testified struck out.

This movement started in Washington, D.C. and has spread nationwide and has a similar organization in Portland, Ore. Chairman Clyde Doyle told reporters he did not think the committee would get to Oregon, that the material developed mostly covered the New York area.

The three women who testified were a study in poise and cool, smiling contempt for the HUAC. A clique of about 300 women from New York filled the hearing room. The three-hour hearing was frequently interrupted by murmurings, snorts of derisive laughter, applause, and at one point an irate young man strode to the front of the room and demanded an end to the proceedings.

Doyle started the hearings by citing evidence that Communists sought to infiltrate peace groups in order to foment agitation.

"All of the women in the Women Strike for Peace groups are not Communists," he said, "but some of them are."

He said that the committee's purpose was to determine whether or not the movement had been infiltrated, and he thought the innocent women in the group should know who the Communists were.

The first two witnesses before the committee took the fifth amendment when asked if they were or had been members of the Communist party, but the third woman admitted that she had once been a member.

Counsel for the committee and chief developer, Alfred M. Nittle, developed his evidence slowly in calm and patient voice. The first witness, Mrs. Blanche Posner of New York, seemed to take the proceedings as a great joke.

At one point she looked up after counsel had asked about her alleged Communist activities and said "Oh, I was looking for a cigarette, would you repeat the question?"

At the outset of her performance—characterized by utterances of "Oh, I take the 5th"—Mrs. Posner made a high-voiced rapid speech in which she said the "women of America were motivated to make demonstrations because the milk on their breakfast Wheaties had strontium 90 in it, also by the fear of cancer and leukemia."

Doyle gaped her down and warned the applauding audience not to do it again and threatened to clear the room. But Doyle is a mild-mannered man and couldn't bring himself to do it even though applause rocked the room after each woman's appearance.

Mrs. Posner invoked the 5th amendment when asked whether she had been a member of a Communist cell group when she was teaching high school prior to her resignation. She giggled at the question, but a moment later apologized, said the question was not relevant and took the 5th.

The second witness, Mrs. Ruth Meyers, talked rather more than Mrs. Posner who was busy with the 5th amendment; however, her answers were so tangled and obscure that counsel could not get her to admit that she was a leader in the movement, whether she knew Mrs. Posner or Mrs. Dagmar Wilson, the ostensible leader of the Women Strike for Peace movement. She took the 5th on whether she was a Communist, terming the question "a disgrace."

Clyde Hoffman, third of the cool cookies, who all had attorneys by their side, was more frank about her leading role with the New York group. Young, attractive and extremely self-assured, she said she was an active member of the Central Coordinating committee in New York, but she wouldn't admit knowing anybody in the movement.

She cited the fifth amendment on that question and declined to answer when first asked whether she had been a Communist party member in 1944 in a cell group in Brooklyn.

She said, after conferring with her counsel: "I do not see that the committee has the authority to pose this question. I do not believe that past membership experience on the date you mention could possibly be pertinent to anything this committee is undertaking."
