Three Arrested For Explosion On Berlin Wall

Berlin—(AP)—West Berlin police announced today the arrest of a West Berlin group that planned widespread explosions along the Communist anti-refugee wall.

They said the three men were caught Sunday night as they set off a blast that blew a nine-foot square hole in the wall of the American sector border 300 yards from the U.S. Army's Checkpoint Charlie. It was the biggest hole ever blown in the wall.

"We are doing it for Germany," the men said.

Explosives Found

In their home police found 20 pounds of explosives, 31 detonator capsules and 6 rolls of fuse.

No refugees escaped through the hole. Workmen guarded by Eastern police labored through the night to repair the wall.

Western headquarters said the West Berliners, aged 21, 25 and 37, were caught by a West Berlin policeman just after they had lighted a fuse to set the blast.

The policeman and the three men ran from the wall and minutes later the explosion went off.

No one was injured although the explosion broke 60 West Berlin windows and hurled debris 75 yards.

The West Berlin city government repeatedly has warned it will arrest persons who try to blow up the wall although it stresses it has no sympathy with the wall.

Education Budget Termed Inadequate

Salem—(AP)—The Oregon College of Education student Legislative Information committee said today the proposed biennial budget for higher education is inadequate to "support quality education in Oregon."

Clifford L. Cook, chairman, said the committee issued a three page report to the students and faculty which claimed the higher education budget was short by \$2.5 million. The committee said that suggested tuition increases might endanger students' financial position, and could deny admission for students of low income families.

A report is being prepared which will be presented to each legislator in January, Cook said.

Grants Pass Man Files Complaint

The Rev. Robert A. Allen, Grants Pass, is seeking \$1,654.95 in damages from Curtis Edward Yates, Hebo, Ore. as a result of an auto-pedestrian accident in Ashland during July 13, 1962, which injured his son Ronald Muri Allen, 7.

Mr. Allen is seeking \$654.95 for medical expenses and \$1,000 in general damages, according to a complaint filed in circuit court. The complaint states that Ronald received severe and permanent injuries when struck by a car driven by Yates as the boy was crossing North Main st. near Coolidge st. in Ashland.

The complaint charges that Yates failed to keep a careful lookout, to keep his car under control, and was driving at a speed excessive for the driving conditions.

ASKS TAX BOSS

New York—(AP)—The United States needs a fiscal authority with power over federal tax policy similar to those held over monetary policy by the Federal Reserve board, according to Alvin H. Hansen, Harvard professor-emeritus of economics. He presented his argument in "Challenge," the economic magazine of New York university.
