

National PTA Totals 12 Million Members
Chicago—(UPI)—Membership in the National Congress of Parents and Teachers stands at more than 12 million. More than 3.5 million of the members are male and 780,000 are teachers.
The members belong to more than 47,000 local PTA units. The Organization was founded in 1897 in Washington, D.C., as the National Congress of Mothers. But as men and teachers joined in increasing numbers the name was changed in 1925.

Sir Wolstan Dixie Wants Recognition for Use of Family Name by South

London—(UPI)—Practically on the spot where King Richard III cried "My kingdom for a horse," Sir Wolstan Dixie announced today he has no objection to the use of his family name by the South of the United States.
"All I want," said the jovial baronet, "is recognition of our contribution to American life. Dammit, sir, not every-

body puts his name to so large and marvelous a part of the world."

Sir Wolstan was moved to speak because he expected to go to the United States in 1965—the centennial of the end of the Civil War. He wants to retrace footsteps of his jolly forebear John Dixie who, he alleges, was such a good man to work for that slaves used to sing:
"I wish I were on Dixie's land."

"That," said Sir Wolstan, eyes twinkling, "is the real origin of the words 'Dixie' and 'Dixieland.' I'm not asking for our plantations back, mind you, though believe me we could use them these days of high taxation.
"I just think it would be nice if children were to learn in Southern schools the truthful meanings of the words."

Sir Wolstan is proud of his family. He can trace his antecedents back to the year 1100 when they were already large landowners. He now lives on part of the same land—Market Bosworth in Leicestershire where King Richard lost his crown at the battle of Bosworth field in 1485.
"My ancestor, John," he said, "was a schoolmate of John Harvard and Thomas Mooker, who founded Hartford, Conn., at the Dixie Foundation of Ecclesiastical History at Cambridge. He landed in New York with the Dutch in 1638 and tried to grow tobacco in what is now Harlem.
"That didn't work out so he took his people to Carolina and Georgia. He and his family had marvelous names as employers and that was why everybody talked a b o u t Dixie's land."

Two Men Wanted in County Are Arrested
Two men wanted on bad check charges by Jackson county sheriff's office have been arrested in Eureka, Calif.
The pair, Roy Ward Jr., 35, and Lester Howard Fields, 32, have waived extradition and will be returned to Medford to face the charges.
Sheriff's warrants charge Ward with obtaining property under false pretenses and Fields with uttering and publishing a false check. Bail was set at \$1,500 each.
Medford police said they wish to question the pair in connection with four bad check cases in Medford.
