Santa's Famed Snax
Santa and everybody else will appreciate the long-time favorite snack which goes ideally with any beverage—for eating like popcorn. Recipe makes seven cups; may be served from oven or cold.
Place four cups puffed rice, four cups puffed wheat in a shallow pan. Combine three-fourths cup butter, one tablespoon Worcestershire sauce, one-half teaspoon celery salt, one-fourth teaspoon garlic salt, one-half teaspoon onion salt, one-half teaspoon salt and one tablespoon of any favored hot spicy meat sauce in a saucepan; cook over low heat until butter melts. Pour sauce over cereals mixing until each kernel is coated. Heat in moderate oven, 250 degrees, 15 to 20 minutes. Serve hot or cold.

Wines You'll Want
Here's a quick rundown of the California wines you will want to try—in your cooking, on your table throughout the holiday season.
Appelizer Wines: Sherry; Vermouth (Dry or Sweet); Red Table Wines; Burgundy; Claret; Rose (pink); "vino" types.
White Table Wines: Sauvignon, Rhine, Chablis, Riesling, Pinot, Muscatel; Cream (sweet) Sherry; Sparkling Wines; Champagne; Sparkling Burgundy; Sparkling Rose.
"Red and white table wines also include many wines named for their grape varieties. No problem about glasses. Use what you have or pick up attractive glasses at small cost at the "Ten Cent Store."

Templing Tangerines
Sweet and juicy, easy to peel, colorful tangerines with their zipper-skins are very good for eating out-of-hand; belong in every fruit arrangement.
Christmas Red Cranberry Punches
Use crystal punch bowls large or small, to fill with any of these party-time cranberry punches. The key red color shines right through. Choose a white or green cloth for background.

Mock Pink Champagne
Freeze pineapple juice in bell or tree-shaped salad molds the day before the party. These can float on the punch. Chill two quarts cranberry juice cocktail and two quarts lemon-lime carbonated beverage thoroughly. Pour equal quantities in punch bowl just before serving. Float pineapple bell or tree (frozen) on top of Mock-Pink Champagne to serve.

Cranberry Refresher
Mix two cups cranberry juice cocktail, one six-ounce can frozen lemonade concentrate thawed and two cups water in large pitcher. Just before serving add two (seven ounces each) bottles lemon-lime carbonated beverage. Serve over ice. Makes about 14 half-cup servings.

Fruit Punch
A sparkling three-fruit blend. Mix one quart cranberry juice cocktail, juice of two lemons, two cups orange juice and pour into punch bowl over ice. Add two quarts ginger ale just before serving. Makes about 31 quarts or 24 half-cup servings.

White-Cap Cocktail
Chill one quart cranberry juice cocktail. Prepare one package eggs directly on ice. Add two quarts ginger ale just before serving. Makes about 31 quarts or 24 half-cup servings.

Stuffed Dates
Stuff a few score fresh pitted dates ahead. They'll come in mighty handy for snacking and perhaps for quick-wrap-

ping and gifting some one. Stuff with cinnamon-sugared pecan or walnut halves, with filberts or toasted almonds.

Take It Easy
Sure extra ice cubes in a large plastic bag in your freezer. They'll stay "loose." Frost glass rims by dipping edges into lemon juice, then into granulated sugar and into refrigerator for a few minutes.

No punch bowl? Decorate a big mixing bowl; use soup ladle. Or use a pitcher.

Add Almonds
For festive dress-up of creamed onions, mashed sweet potatoes or buttered green beans, add toasted slivered almonds fixed quickly by using canned slivered blanched almonds cooked lightly in hot butter in a skillet until golden brown.

Tinted Coconut
Desirable tones of red and green coconut are easily achieved like this: Dilute three drops green or red vegetable coloring with one-half teaspoon water. Sprinkle diluted coloring and two or three drops peppermint or other desired extract over coconut. Tint by tossing or rubbing coconut or by shaking in a glass jar, until coloring and flavoring are evenly distributed.

Exotic Persimmons
Pretty persimmons, an exotic looking, so colorful, so different in flavor, are at the peak of their short season. Use them on fresh fruit salad, tray or centerpiece for added color and drama. Glamorize ice cream or lemon ice with a few tablespoons of ripe persimmon pulp used as a sauce.

Foil Fancies
Put in extra supply of aluminum foil for using in innumerable ways. It is fine used plain for wraps, house decorating and tree divide but takes on new interest when crushed, pleated or hammered.

Practicing veterans are eligible for dental treatment under certain conditions, according to Elmer W. Donahoe, veterans service officer for Jackson County.

Under a law effective last Aug. 14, peace-time veterans with service-connected dental conditions which existed when they were discharged from active service, may be authorized any dental treatment found to be reasonably necessary for a one-time correction of the condition, provided they apply within one year after their separation from active duty.

Donahoe pointed out, however, that if the service-connected dental condition was the result of an accidental injury incurred in the line of duty, the veteran is not required to apply for dental treatment within one year from the date he was discharged from the service, and treatment for such conditions is not limited to a one-time correction.

Applications filed prior to Aug. 14, are not valid for this treatment, Donahoe emphasized, and new applications must be submitted. Veterans who believe they are eligible for dental treatment under the new law should contact the veterans service office in the county courthouse.

UNDER ATTACK
Quito, Ecuador (UPI)—President Carlos J. Arosemena is under heavy fire from political leaders who charge that he turned up intoxicated at the airport Thursday when he welcomed Chilean President Jorge Alessandri to Ecuador.
