

LONG HIKE - Edwin M. Montgomery, 23, of Peru, gives his tired feet a good soaking and a rest at Los Angeles after walking 17,000 miles and wearing out 10 pairs of army boots on a walk through two hemispheres. Montgomery started out from Lima on August of 1961. He got through the Panama Canal aboard a Peruvian Navy ship, and from then on he walked through the banana republics, through Mexico, across the United States to New York and then back across the nation to Los Angeles. Khrushchev Says West Germany Threatening War

Moscow - (AP) - Premier Nikita Khrushchev accused West Germany today of trying to increase tensions between the United States and the Soviet Union, "endangering the lives of millions of people."

Khrushchev made his charge in a letter to West German Chancellor Konrad Adenauer. It was in reply to a communication of protest from Adenauer following the shooting last Aug. 17 of Peter Fechter, 18, an East German youth who bled to death along the Berlin Wall in a futile attempt to escape to the west.

Adenauer had urged Khrushchev to help stop such incidents.

Adenauer Blasted
In his reply, broadcast by Moscow Radio, Khrushchev blasted Adenauer for allegedly following war policy, called again for a German peace treaty, and renewed charges that the West was guilty of espionage and subversion against East Germany.

In Washington, a State Department spokesman said Wednesday that Moscow's current spy scare "hardly jibes" with Khrushchev's recent calls for better U.S.-Soviet relations in the wake of the Cuban crisis. The Soviet press, radio and television have been filled with accusations of espionage by U.S. Embassy personnel, a British businessman, a West German woman and at least one Russian official. The Soviet government endorsed the spy charges against the Americans Wednesday, and the embassy and State Department promptly denied them.

Speaking of the Cuban crisis, Khrushchev told Adenauer:

"Tried To Cast Shadow"
"You tried to corner us so that there would be no way out but conflict. The Caribbean caused only annoyance for you which you expressed in a recent statement."

He added that Adenauer had "tried to cast a shadow" between the United States and the Soviet Union and had tried to hamper a fruitful exchange of opinions.

Khrushchev pointed out that Adenauer had lived through two world wars and asked: "Do you seek a third world war?"

"If war is launched under your initiative," Khrushchev said, "the Federal German Republic will burn out like a candle in the first hours of war."

Beaverton Bonds To Be Resubmitted

Beaverton - (AP) - District No. 48 school board members Wednesday night agreed to resubmit a \$1.9 million bond issue to the voters in February.

The bond money would finance construction of a new junior high school.

The measure, along with two others, were defeated by voters earlier this month.

The other measures would have provided funds for alterations at Beaverton High school and cafeteria construction. The board said it could live without the two smaller measures but not without the needed classrooms.
