Equitable Savings, Loan Association Opens Local Office

Equitable Savings and Loan association, one of Oregon's oldest and largest savings and loan associations, officially opened its 19th office in Oregon in the Medford Shopping Center with a ribbon cutting ceremony this morning.

Medford's new mayor, James Dunlevy, cut the ribbon dedicating the new office designed by Medford Architect Robert J. Keeney. Representing Equitable at the dedication ceremonies were John A. Zehntbauer, member of Equitable's board of directors, Harold H. Cake, executive vice president and a board member, and Rollin Watson, Medford branch manager.

A three-day open house will feature prizes, a puzzle piece contest, carillon bell concerts daily by Professor Thomas Roberts, caricature sketches by Hollywood artist Pancho, refreshments and free gifts, including gifts for opening new savings accounts.

May Match Missing Piece

Medford area residents who received puzzle pieces in a letter mailed from Equitable last week may take their puzzle pieces to the new office to see if they match the missing piece on the master puzzle.

Office hours during the open house will be until 5 o'clock this afternoon; 9 a.m. to 9 p.m. Friday and from 9 a.m. until 4 p.m. Saturday.

Equitable was organized in December, 1890, under the corporation laws of Oregon. It is the oldest savings and loan association in the Pacific Northwest operating under its original charter. Equitable began operations in the State of Washington in 1899. Equitable has six offices in Portland including the home office and in nine other Oregon cities including Medford, Roseburg, Coos Bay, Eugene, Springfield, Newport, Salem, Bend and The Dalles. Its four offices in Washington are in Seattle, Tacoma, Spokane and Yakima.

\$160 Million in Assets

Equitable's total assets now exceed \$160,000,000. Individual accounts are insured to \$10,000 by the Federal Savings and Loan Insurance Corporation, an agency of the federal government. Equitable is also a member of the Federal Home Loan Bank.

Equitable pays 4 per cent current rate on open savings and 4 1/2 per cent current rate at maturity on its A.P.O. systematic savings plan available to savers less than 59 years old.

The board of directors of Equitable Savings and Loan association met here last night for the first time in its 72-year history. The occasion was its regular December meeting postponed to coincide with the opening of its 19th office in Medford this morning.

Ralph H. Cake, president of Equitable, presided at the meeting attended by all but one of the nine board members. Equitable's board includes:

Ralph H. Cake, president, elected to the board in February, 1922, and president since March, 1938. Cake was also Oregon's Republican National Committeeman from 1940 to 1952.

Harold H. Cake, executive vice president, was first elected to the board in February, 1948.

Former Legislator Andrew M. Collier, president of Klamath Ice and Storage company, Klamath Falls, was first elected to the board in January, 1942. Collier is a former member of the Oregon Legislature.

Try and Stop Me

By BENNETT CERF

ATTRIBUTED to Supreme Court Justice William Douglas is the tale of a mountain climber who arrived for an assault on a Himalayan peak with a portable TV set packed in his gear. Guides reminded him that there was no television even dreamed of in that part of the world. "I know that," nodded the climber. "and that's why I brought my own set with me."

Ted Laycock, dean of Boston literary critics, received this note in "LAT" from a Boston College senior: "O, Sibill! Si Ergo, Fortibus in Ero. Nobili Demis Trux, Sevatis In Em, Causen Dux." Laycock puzzled over the message for quite a spell before the light dawned. He then was able to decipher the quotation as follows: "Oh, see Billie; see 'er go! Forty buses in a row! No, Billie; dem is trucks. See what is in 'em: cows and ducks."

QUOTES WORTH REMEMBERING:
"A salesman should never be ashamed of his calling. He should be ashamed of his not calling." - Albert Lasker.
"Man can hardly ever recognize the devils of his own creation." - Albert Schweitzer.
"It is a foolish man who hears all he hears." - Austin O'Malley.
"He that fails in love with himself will have no rivals." - Benjamin Franklin.
