Oregon Professor Plans Eastern Trip

Eugene — A University of Oregon physicist, Dr. Francis E. Dart, will leave Jan. 7 for India, Pakistan, Thailand and Malaya where he will undertake a six-week scientific study on behalf of the National Academy of Sciences. The Academy selected Dr. Dart and a biologist from the University of California at Berkeley, Dr. Robert Gibbens, to study science teaching methods and needs in the "under-developed" countries. By surveying educators and persons who determine educational policy in these Asian countries, the two professors hope to obtain suggestions on how the United States may best be of assistance. At present, the Academy is preparing an instructional book emphasizing laboratory techniques which is expected to be useful in teaching science in the under-developed countries. Dr. Dart's study will help determine whether or not the book will be acceptable.

Chamber Adopts Labor Legislation

Washington — UPI — The U.S. Chamber of Commerce Thursday announced a 10-point labor legislation program which included a campaign for right-to-work laws and opposition to a shorter work week. President Ladd Plumley said the chamber would support the right of states to enact laws against compulsory unionism. "Our freedoms are diminished when a man is forced to join a union to earn a living," Plumley said. The shorter work week, he said, would weaken the economy by curtailing production at a time when increased production was needed.

Astronaut May Make 22 Orbits

Houston — UPI — Astronaut Gordon Cooper could possibly make 22 orbits around the earth if his Mercury flight goes well this spring. The space agency's Manned Spacecraft Center said Thursday present plans are to add four more orbits if the first 18 are successful. The change would mean that Cooper would land in the Pacific instead of the Atlantic Ocean as planned earlier. The space agency will deploy recovery forces in both oceans. The change in the number of orbits could extend Cooper's time in space from 24 to 34 hours.

Little Unusual

Chicago — UPI — "Yes, it looked a little suspicious," Mrs. Nancy Jones told police who discovered a 550-pound safe in her living room and added that her husband, Stacy, and two men "brought it home during the night." The officer waited for Jones to come home and arrested him.

dinner's more fun when the dishes are done...

AUTOMATICALLY with an **ELECTRIC DISHWASHER**

Relax, lady of the house! Enjoy every minute of every meal. Forget about the "cook's dessert" of dirty dishes, pots, and pans waiting in the kitchen sink. On those special occasions, stay and enjoy your guests -- while your automatic electric dishwasher takes care of the grubby, time-consuming chores of after-party cleanup.

Added bonus: BETTER HEALTH!

Electric dishwashers also spell a healthier family. No matter how carefully you hand-wash dishes, you can't get them as clean and bacteria-free as does this electric servant. In dishwashers, dishes, silver, crystal are sanitized by scalding water and detergents stronger than your hands can stand. Cut down chances of colds and other infections... cut drug and doctor bills, lost school and work days. Give your family better health... extra hours for family fun... with an automatic ELECTRIC DISHWASHER.

See your favorite Cal/Ore Electrical League dealer. Ask about easy terms on portable, permanent or convertible models.
