## New Katangese Attack Reported On The March

### Another Round Of Fighting Seen

Elisabethville, Katanga, The Congo —UPI— Katanga Interior Minister Godefroid Munongo — said to be the power behind President Moïse Tshombe — has reformed the shattered Katangese gendarmerie and is marching on Elisabethville with 1,000 men, UN sources said Saturday.

At the same time Radio Free Katanga said UN forces which seized Jadotville earlier this week had resumed their drive on Tshombe's headquarters town of Kolwezi and had driven 40 miles from Jadotville against "fierce resistance." Jadotville is 80 miles from Kolwezi.

### Major Blow

The Katanga communique said UN troops were stopped between Mulungushi, 20 miles northwest of Jadotville, and Nguba, 20 miles further on, "by violent battles." UN sources indicated earlier their forces had halted at Jadotville to await a Tshombe peace feeler.

(Tshombe offered a major blow to his efforts to halt the disintegration of his regime when the UN announced that Big Chief Kasongo Nyembo of the Baluba tribesmen, a co-founder of an independent Katanga, had deserted Tshombe to cooperate with the UN. He controls the Kamina area.)

UN reports said Munongo was marching up from the northern Rhodesian border. The development threatened to explode a new round of fighting in the mineral rich province. It came as UN Undersecretary Ralph Bunche arrived in Leopoldville and gave the green light for further military operations against Katanga President Moïse Tshombe.

### 3 More Targets

Bunche pinpointed three more main military objectives including Tshombe's stronghold at Kolwezi and Sakania. Sakania is located on the border of northern Rhodesia, 100 miles southeast of Elisabethville, from which the Katangese were reported moving with at least six armored vehicles.

The United Nations sent a civilian train with Red Cross markings down the railway line toward the Sakania area late Saturday to test the reaction of Munongo's gendarmes.

It appeared obvious Bunche was hoping to withhold these major UN strikes until Secretary General Thant's two-week ultimatum to Tshombe to talk peace or face renewed warfare expires Jan. 14. The new Katangese offensive could change all that, however.

## Sports Bulletin

New York —UPI— Ranga, dark-haired Joey Archer of New York took a long step toward a shot at the middleweight crown Saturday night by scoring an impressive, unanimous 10-round decision over junior-middleweight champion Denny Meyer in their non-title fight at Madison Square Garden.

## NEWS BRIEFS

ITEMS FROM AROUND THE GLOBE

### LINER MAKES PORT SAFELY

Valletta, Malta —UPI— The 45,000-ton British liner Canberra, crippled Friday by a pre-dawn fire in the engine room switchboard, made it into port safely Saturday with 2,222 passengers bound for Australia.

### WORLD COURT ACTION SOUGHT

New Delhi —UPI— India disclosed Saturday it was formally proposed to Communist China that they refer their border dispute to the International Court of Justice at The Hague for arbitration.

### JACK CARSON SERVICES CONDUCTED

Glendale, Calif. —UPI— Funeral services for Jack Carson Saturday concluded three days of shock and mourning in Hollywood which saw cancer claim the lives of the comedian and his friend Dick Powell.

### BARNETT ORDERED TO APPEAR FEB. 8

New Orleans —UPI— A federal appeals court Saturday ordered Mississippi Gov. Ross Barnett to appear Feb. 8 to explain why he should not be held in criminal contempt for his actions during the Old Miss integration crisis.

UN FORCES — Troops of the United Nations Fourth Madras (India) regiment are shown during the recent drive on Jadotville, which the UN captured Jan. 3. They are halted here near one of the bridges blown up by retreating Katangese. A soldier uses a bull dozer (half hidden in ditch, in foreground) to make the road passable for trucks. (UPI)

## Arthur H. Dean Resigns as U. S. Chief Negotiator

Washington —UPI— When the East-West disarmament conference at Geneva reconvenes on Jan. 15, the United States will be represented by a new chief negotiator, to succeed veteran cold war diplomat Arthur H. Dean. Dean's resignation, after two years on the job without pay, was revealed Friday.

Russia probably will replace Deputy Foreign Minister Valerian Zorin in the disarmament job, as he was also replaced as chief of the Soviet delegation to the United Nations.

Dean and Zorin, both of whom have represented their governments in difficult situations for many years, have negotiated in Geneva during the last two years without substantial progress.

Dean has been identified with the Anglo-American "hard line" on test ban inspection, a position which the Soviets have rejected. It was felt in Geneva that a new negotiator would begin new efforts for a test ban treaty with a psychological advantage.

Adrian Fisher, deputy director of the Arms Control and Disarmament Agency, has been mentioned as possible successor to Dean.

## Hatfield Rejects Jeannace Plea, But Decision Not Final

Salem —UPI— A plea for commutation of the death sentence of child slayer Jeannace June Freeman has been rejected, the governor's office announced Saturday.

Travis Cross, press secretary for Gov. Mark Hatfield, said the governor "found nothing in the case at this time as the result of the presentation earlier this week which warrants the exercise of the extraordinary relief of executive clemency."

Cross made it clear the rejection applied only to the presentation made for commutation Thursday by attorneys William M. Holmes and Cash R. Perrine, both of Bend.

Cross said Hatfield was continuing to read transcripts and other documents in the case "before announcing a final decision."

Miss Freeman, 21, is scheduled to die in the gas chamber Jan. 29 for the slaying of a six-year-old in central Oregon in 1961.

## Talent Election Case To Be Aired

Talent — A hearing will be held in Jackson County Circuit Court Monday at 1:30 p.m. to determine whether the Nov. 6, 1962 Talent city election should be held over again.

The hearing will be on a petition filed by John W. Tompkins, former Talent city councilman, who was defeated in the election.

Tompkins is contesting the election because 45 of the ballots were incorrectly printed.

The name of one of the city council candidates, Eddie Lunsford, was listed as a candidate for mayor as well as council on those 45 ballots, while the name of one of the mayor candidates, Edward Switzer, was left off entirely.

## Governors Approve National Guard Plan

Washington —UPI— The executive committee of the National Governor's conference Saturday gave qualified approval for the states to let the Army proceed with its plan to drastically reorganize the National Guard.

But the governors emphasized that each state was still free to veto the Army plan which would mean the elimination of four of the present 27 National Guard divisions.

## Unemployment Same as Year Ago

The number of unemployed in December followed the usual pattern, but was smaller in size and came later than usual considering seasonal trends, according to John J. Patton, manager of the Oregon State Employment service.

Several of these layoffs are expected to be short while others may continue for two months or more.

As of the week ending Dec. 20, the rate of insured unemployment for Jackson county was 7.3 per cent, the same as a year ago. Local employment remained high throughout the fall and layoffs are far less severe than those experienced in the same period two and three years ago, when the rate was 12.9 and 10.9 per cent, respectively.

The fruit industry completed its gift packing but is expected to be short while others may continue for two months or more.

As of the week ending Dec. 20, the rate of insured unemployment for Jackson county was 7.3 per cent, the same as a year ago. Local employment remained high throughout the fall and layoffs are far less severe than those experienced in the same period two and three years ago, when the rate was 12.9 and 10.9 per cent, respectively.

## 2 in Fair Condition After Auto Collision

Two White City domiciliary residents were reported in fair condition at Sacred Heart hospital Saturday night as a result of a two-car accident about 5:05 p.m. on Highway 62, according to Medford city police.

Hurt were Paul B. Johnson, 54, and Walter Terrell, 61. They were passengers in a car driven by Ted Raymond Crandell, 49, also of the domiciliary. Driver of the other vehicle was Malhon Sprague, 66, or rt. 3, box 69.

Officers said the collision occurred as Crandell attempted to pass a northbound car ahead of him and inadvertently swung into the southbound lane in front of the Sprague vehicle. Crandell was cited for improper passing.

## RED SUMMIT SEEN

Moscow —UPI— Premier Nikita S. Khrushchev may turn his Berlin trip this month into a Communist summit conference aimed at further isolating Red China from the rest of the Communist bloc, eastern European sources said Saturday.

## JFK May Seek Legislation To End ILA Strike

### President Reported Getting Concerned

New York —UPI— Sources close to the administration said Saturday there was a possibility President Kennedy may seek anti-strike legislation to end the 14-day-old strike of dockworkers on the east and gulf coasts.

Labor Secretary W. Willard Wirtz declared that eventual settlement of the strike was "bound to have an effect on the future of collective bargaining."

Wirtz, who again met separately with officials of the International Longshoremen's association (ILA) and New York Shipping association (NYSA), declined to refer to specific legislation which could result from the maritime strike.

Sources close to the administration said, however, that the President is becoming increasingly concerned and may seek anti-strike legislation to end the 14-day-old walkout.

"Without speaking on specific legislation," Wirtz said in a statement, "I say this: A particular case of this magnitude is bound to have an effect on the future of collective bargaining."

The labor secretary said "any decision" on anti-strike legislation "obviously would be made by the President."

He proposed Saturday that the ILA and NYSSA break up their full committees into subcommittees and hold joint meetings. The subcommittees would each handle one of the six major issues involved in the dispute.

The ILA, however, rejected the proposal. "Whatever we do must be handled by the full committee," said Thomas W. (Teddy) Gleason, executive vice president of the 75,000-member union. The shippers had agreed to the suggestion.

Alexander Chopin, chairman of the NYSSA, said later that "if the union continues to be adamant and refuses to take suggestions from the labor secretary there can be no hope for a settlement."

## Basketball Scores

Saturday Prep Scores  
Vanderbilt 68 Tennessee 50

Heny 65, Eagle Point 64

Central Point —Crater high downed Ashland 65 to 50 here last night in its 1963 Southern Oregon conference basketball opener. The Comets headed 27 to 24 at halftime. Lou Alvarez had 19 points for Crater to top all scorers. Jim Lamb was high for Ashland with 10.

# Hundreds Of Communists Arrested By Peru Junta

POSSIBLE CHOICE — President John F. Kennedy arrived at Tinker Air Force Base at Oklahoma City Friday to attend the funeral services for the late Sen. Robert Kerr. He was met by Oklahoma Governor Howard Edmondson. Speculation is that Edmondson, who leaves office Jan. 14, may resign prior to that time and be appointed to fill the Senate seat Kerr vacated. (UPI)

## Oklahoma Governor Edmondson May Be Sen. Kerr Successor

Oklahoma City —UPI— Gov. Howard Edmondson and his brother, Rep. Ed Edmondson (D-Okla.) met behind closed doors for several hours Saturday and announced that a decision on a successor to the late Sen. Robert S. Kerr will be made public Monday.

It had been assumed by some that the decision would come Saturday, in the wake of Friday's funeral for the late Oklahoma senior senator which was attended by top government dignitaries headed by President Kennedy.

Oklahoma Democratic leaders agree privately that the choice probably will be for the governor to resign and be named to the post, but it could be that the governor may decide to appoint his brother, a 10-year veteran of the House.

If Gov. Edmondson resigns, Lt. Gov. George Nigh would step up to the chief executive's chair and would be expected to name Edmondson to the Senate.

The machinery for such a

## Consolidation Hearing Slated Monday Evening

A public hearing on the proposed joining of the Phoenix-Talent district and Medford school district 549C will be held at 8 p.m., Monday in the Jackson County Courthouse auditorium.

The state board of education has already approved the legality of the plan.

The Jackson county rural school board is expected to meet soon after the hearing and make its decision on the consolidation proposal.

Following the decision, any opposition group has 30 days in which to file a remonstrance petition calling an election. A majority vote in each of the two districts is required to pass the reorganization.

Generally, the assets and liabilities of both districts would become a common responsibility of the new district to retire any outstanding indebtedness.

## HOFFA PROBE SET

Nashville, Tenn. —UPI— Selection will begin next week of a special grand jury to investigate alleged jury tampering in Teamsters President James R. Hoffa's conspiracy trial, it was announced Saturday.

Kansas City, Mo. —UPI— Former President Dwight D. Eisenhower called Saturday for more personal diplomacy and less government protocol in the search for world peace.

"I think there is a definite grass roots interest among the peoples of the world to make governments get out of their way in their own attempts to establish a free world," Eisenhower said at the first annual trustees meeting of People-to-People.

Eisenhower, chairman of People-to-People, and two other former heads of state, Harry S. Truman and Miguel Aleman of Mexico, joined in the session dedicated as a "salute to Mexico."

The three were to be honored at a dinner last night.

"No people, as a people, want war," Eisenhower said at the meeting. "But the governments are in their way, to a degree, because governments are concerned primarily with the interests of the home front."

Eisenhower founded People-to-People while he was President in 1956 and helped to reorganize it in 1961 as a private citizens group seeking to promote world understanding.

## 'Revolutionary Plot' Met by Military Action

Lima, Peru —UPI— Peru's ruling military junta proclaimed a nationwide state of siege Saturday to break up what it called a revolutionary plot hatched in Moscow and Havana.

Police flying squads arrested scores of known communists in pre-dawn sweeps. The government did not say how many suspected communists were arrested, but unofficial estimates in the capital said about 800 persons had been taken into custody.

Buses continued to roll up to police headquarters in Lima into the night, indicating the roundup was continuing. Aprista party sources said 21 of its members were arrested in the town of Haraz and brought to Lima—the first indication that non-communists were being caught up in the raids.

The government said the nation was calm. But the state of siege meant that constitutional guarantees had been lifted until further notice.

The stage of siege was announced by the government at 3 a.m. Saturday. Simultaneously the government cut off all inter-city telephone service in the republic. Provincial police were placed under the command of military zone commanders.

Throughout the nation police burst into the residences of communists, dragged them from bed, and took them off to detention centers.

In Lima alone, 40 to 60 army trucks were used to shuttle prisoners in the early morning round-up.

In the nearby port of El Callao, infantry troops disarmed 2,000 striking workers from two shoe-manufacturing factories they had taken over. One worker was killed and two others were wounded in exchanging fire with the troops, police said.

The government communique announcing the state of siege said "A vast subversive plan of agitation and violence, planned by agents of Moscow and Havana has been unleashed."

guage in a news conference with Eisenhower, Aleman in turn pledged the friendship of Mexico with the United States.

"Together we will live and together we will prosper," Aleman said. "My country extends to you the most sincere hand of cordiality that will unite us in a spirit of friendship."

"On such friendship... should be built liberty and peace."
