

\$382,254.10 Paid to the Savers at JCF on December 31, 1962

and . . . the total amount of earnings
paid in 1962 totaled \$758,171.81!

H. J. Field, President of Jackson County Federal Savings and Loan stated that the assets had increased \$2,529,405.02 during 1962, making a total of \$23,975,420.83 at the year's end.

This figure represents a gain of 11.7 per cent over assets reported at the end of 1961.

J. H. Pletsch, Executive Vice President and Manager of the Association reported that the net savings gains recorded during the year totaled \$1,801,917.45 bringing total savings of JCF to an all time high of \$20,794,466.56.

The financial statement shows the Association's mortgage loans total a record figure of \$20,281,794.39 as of December 31st, which is approximately 23.6 per cent above the total of the previous year.

The forecasts for home building in 1963 continues to look brighter for this area.

Much of the success of the Association's business during the past decade has been due to the flexible policy set by the Board of Directors to meet the needs of the growing and progressive Rogue River Valley.

ON PENNY

A Penny saved is two pence clear. A pin a day's a goat a year. Save and Have. — from Ben Franklin's Almanac.

Free Parking

Although our parking lot will be known as Jackson County Federal (or J.C.F.) Parking Lot, we have extended the Lease on the lot to Alabam (S. L. Moore) and arranged with him to furnish free parking on our lot for you while you are transacting business with us.

Just present the ticket that Alabam hands you to the JCF employee who is waiting on you, so we may validate it.

The House That Grew Out of A Book

The book, of course, was a savings passbook! On its pages was written the "success story" of a family that wanted a home of their own. Each deposit was a chapter that carried the story a bit further along toward its happy ending . . . the down payment on the home of their dreams. Adding earnings all through the book, was JCF! And this, of course, made the family's savings grow to the total they required.

Symbol of Safety

Your savings are insured up to \$10,000 by an agency of the United States Government.

Funds deposited by the 10th of the month . . . earn from the first of the month.

YOUR EARNINGS ARE TAXABLE INCOME

Earnings are paid twice yearly on June 30th and December 31st.

Good Living

Here is a time-tested recipe from the traditional American cook-book: Full of character-building nourishment; low on credit calories. Provides you with financial energy to enjoy good living. Requires simple ingredients found in every household.

Serves: everyone you love. 1 measure of planning. Good living is not a Mulligan stew. Select only the choicest desires you have: education, self-improvement, travel, secure retirement, comfortable home, etc.

Sift out the waste of daily living, eliminate little impulse purchases that dilute the full flavor of your financial strength. Spend time wisely, make your possessions last longer.

Mix thoroughly. Blend planned goals with determination to stretch your dollars.

Skim off the top of your paycheck. Pay yourself first; divide the rest of the "dough" for rent, food, etc.

Fold into a savings account. Let savings rise with the help of yeasty earnings. And your savings provide energy for a growing economy to create new jobs and opportunities.

Garnish with an occasional purchase from savings that truly adds to your tastes for good living. Shop the marketplace wisely to get the best value.

Serve as needed. Thrift on your menu never gets stale, enriches remarkably the flavor of good living.

Let our financial c'efs help you with your recipe for good living.
