Faculty Salaries Said Insufficient

Eugene—Dr. Arthur Flemming, University of Oregon president, said Monday he did not believe the 1963-64 higher education budget proposed by Gov. Mark Hatfield contained enough money for faculty salaries.

Flemming told a news conference that the number one requirement of a higher educational institution was acquiring an outstanding faculty.

Dr. Dubos Named Condon Lecturer

Eugene—Dr. Rene Jules Dubos, microbiologist and experimental pathologist from the Rockefeller Institute of New York, will be the 1963 Condon lecturer at the University of Oregon, Oregon State University, and Portland State college.

Dr. Dubos, as Condon lecturer, will deliver six addresses in Oregon under the sponsorship of the state board of higher education.

His series will open at the University of Oregon with two lectures on "The Cultural Roots and Social Fruits of Science." These will be given Jan. 22 and 24. He will repeat the series at Corvallis Jan. 29 and 31 and in Portland Feb. 5 and 7.

Dr. Dubos, who has had a distinguished career in scientific achievement, is the research scholar who first demonstrated the feasibility of obtaining germ-fighting drugs from microbes 20 years ago.

He also developed a rapid method for growing tubercle bacilli in submerged cultures, an important factor in the diagnosis and experimental study of tuberculosis. Important also has been his investigations on the mechanisms of acquired immunity, as well as those of natural susceptibility and resistance to infection, with special emphasis on tuberculosis and other bacterial diseases.

Phone Diplomacy banks have become popular in hotels here. Foreign guests get telephone calls within the hour from a local resident who speaks his language.

Guard Divisions To Gain Strength, More Equipment

Washington—UPI—National Guard divisions will get an increase in strength as well as additional equipment under the new reorganization plan announced last week end, the Army disclosed Tuesday.

A spokesman said the manpower authorizations will be based on an average full strength of about 15,000 men each, as compared to 13,700 for infantry and 14,600 for armored divisions at present.

In high-priority National Guard infantry divisions, which are to be maintained at 75 to 80 per cent of full strength, this will be several hundred additional drill-pay berths for civilian soldiers.

Concession To Governors

The new reorganization plan was announced Saturday as a last-minute concession to the National Governors' conference before it withdrew its collective resistance to the guard reorganization. Some individual states still may veto the changes.

For the first time, the new plan includes the guard divisions in a system called "ROAD" (Reorganization Objectives for Army Divisions) which is also being applied to regular troops.

All divisions, both regular and guard, are to be given missions for fighting in Europe, Asia or other parts of the world.

Will Be Converted

If the plan is fully carried out, guard infantry divisions assigned to Europe will be converted into mechanized outfits.

This will mean three tank battalions instead of two, and will substitute seven mechanized battalions for the present infantry units.

The Army said the staff reorganization, but not the deliveries of new equipment, will be completed in time for this summer's training camp sessions in states where the governors grant their approval.

\$39.7 Million Is Disbursed by VA

Portland—The Veterans Administration regional office in Portland disbursed \$39,700,000 in disability and death payments in Oregon during 1962, Manager R. J. Novotny has announced.

Of the total, \$30,500,000 was paid to 34,302 living veterans, and \$9,200,000 to survivors.

The payments are higher than a year ago because of the enactment of a law that increased compensation payments from \$1 a month for those with only a 10 per cent service-connected disability to \$25 a month for those with 100 per cent disabilities.

Compensation payments are paid to veterans of the Spanish-American War, World War I and II, Korean Conflict and peacetime service with service-connected disabilities.
