FLEXIBILITY!
The Daily Newspaper Is the Flexible Medium for Pinning Down Sales

Newspapers don't tie up the advertiser with rigid time schedules or space limitations that weaken the impact and effectiveness of his message. Newspapers offer creative and physical flexibility. An advertiser can use a two-page spread to tell a detailed story or he can use a smaller space to say what he wants in fewer words, depending on his budget and his strategy. The physical flexibility of newspapers means ads can be scheduled quickly to take care of sudden selling opportunities. The daily newspaper is flexible enough to fit any advertising strategy.
