SPECIAL OFFER!

We have taken in trade 3 police cars from the City of Medford. Prior to wholesaling these units out of town, we are offering them to the public locally on an as-is basis at very low figures. These cars are all good mechanically but some need minor body work. They are cars built for heavy duty work: heavy duty vinyl interiors, etc. The Plymouths are special factory built for police work with heavy duty suspension units, brakes, transmissions and electrical systems. Lots of good heavy service left in these cars!
