

Inter-Community Council Suggests State Legislation

The Jackson county inter-community council recently went on record favoring state legislation for the certification of psychologists in the state.

Dr. Andrew Foley of the Veterans Administration Domiciliary pointed out that unethical practices have not yet reached a critical status in Oregon and is not now a problem, but it will be if not controlled.

Problems arising from incoming residents accustomed to free county hospital care also was discussed. Moderators consisted of Dr. Neely Bradford, Veterans Administration Domiciliary; County Judge Earl Miller, Jackson county court; Phillip Huntley, Ashland Community hospital administrator, and Mrs. Vyvan Gardner, Jackson county welfare department.

Many patients from other areas are referred to this area because of local specialists, Mrs. Gardner noted. The medical specialists are much closer to northern California residents than those in the San Francisco Bay area, he said.

Statistics show the aged are five times as long in a hospital as the working group and three times more numerous, Huntley stated.

Judge Miller noted the county's annual budget includes money for payment to hospitals for uncollectable and indigent accounts. He said the county budgeted \$80,000 last year for this purpose.

Next meeting of the inter-community council will be at noon Tuesday, Feb. 19, at 248 East Stewart ave., in the Commission for the Blind building.

Measles topped all other communicable diseases reported in Jackson county last week, according to Dr. A. Erin Merkel, director of the Jackson county health department.

There were 45 cases of measles, 41 of them in the Talent district. Central Point had 2 cases and Medford had 2.

Influenza was second high with 19 cases, 8 at Shady Cove, 4 in Medford and 3 in Ashland.

There were 8 cases of mumps, 5 of pneumonia, 3 of trench mouth and 3 of gonorrhea.

Mrs. Steven Wisely of Eagle Point Primary school, Darrell Copeland, of the grade school and Stewart Hopper, of the Eagle Point High school, have started a 10-week course in audio visual aids in the curriculum center at the Jackson county courthouse.

At the Belview school, Ashland. Attending were Mrs. Lila Bubb, Shady Cove; Mrs. Eallor Mitchell and Mrs. Ray Barrow, Eagle Point grade school; Mrs. Mabel Copley, Mrs. Jackson Jones, Mrs. Vera Selby, Mrs. Robert Work, Mrs. Steven Wisely, Eagle Point primary, and Keith Krambeal representing both the primary and grade schools.

Dr. Bradford, who came from private practice in California to the Veterans Administration Domiciliary at White City, explained the operation of county hospitals in general and those in California in particular.

Local specialists are much closer to northern California residents than those in the San Francisco Bay area, he said. He told of one case last week in which a young boy died and sent to Medford by Mercy Flights.

The parents were on California welfare. But, because their son was not hospitalized in California, the welfare department could not pay the local hospital.

CAPT. E. R. LYONS Leads Inspection Party

Reserve Unit To Have Inspection

Annual inspection of the Naval Reserve Electronics Division 13-5 is scheduled Tuesday, Jan. 22, at the Army and Navy Reserve training center, Lt. Cmdr. R. E. Bridgeline, commanding officer, has announced.

Capt. E. P. Lyons will head the inspection team from headquarters of the 13th Naval district for inspection of the local unit.

Captain Lyons served in World War II and was recalled in the Korean conflict. He has remained on active duty since that date. His latest assignment is Deputy Chief of Staff for Naval Reserve matters in the 13th Naval district at Seattle.

Other members of the inspection team will be Cdr. D. S. Parkinson, who is making his second trip to this area; Lt. G. D. Shilsted, and Chief Personnelman T. J. Bishop.

The unit will be inspected on its personal appearance, administration matters and its assigned job of training the men to fulfill their mobilization assignment in case of recall.

Don Pinkham, Reporter.

The club name was chosen and new officers elected. They are Mary Lynn Keese, president; Gaila Weaver, vice president; Janet Fredrick, secretary, and Diana Ervin, reporter.

The next meeting will be Jan. 24 at 532 Fairmont st. Diana Ervin, Reporter.

The secretary, Marilyn Winningham, read the minutes and called the roll. Members answered, at the first meeting, with suggestions for feeding horses. At the second meeting roll call was announced.

The name of the club was changed to the Scrambled Eggs. The next meeting will be held at the home of the leader Jan. 22.

Carol Hale, Reporter.

The association board of directors includes Van Dyke, Frieda Varnum and Thomas J. Adams of Crater Lake, Cecil Lake and J. D. Vertrie of Klamath Falls, J. Eldon Dunn, Herb Partridge and Bob Robinson of Medford, and Neal Guse, assistant park superintendent, and W. Ward Yeager, park superintendent.

Highlights of 1962 and the announcement of publishing four publications for sale this summer at the park.

The publications are "Shrubs of Crater Lake," "Along Crater Lake Roads," "Climate of Crater Lake National Park" and "The Underworld of Oregon Caves."

Labor Strikes Idle More Than 100,000 Throughout Nation

By United Press International - A worsening rash of labor unrest spread across the country today. It idled more than 100,000 workers and affected millions of others.

At a glance: -A presidential board was to meet with both sides in New York today in the virtually complete shutdown of all Atlantic and Gulf Coast ports.

-Production continued at the McDonnell Aircraft Corp., St. Louis, where the astronauts' Mercury and Gemini space capsules are made, despite a walkout of 184 electricians.

-Publishers reaffirmed their unity in the printers strike that has stopped publication of nine New York dailies. Plans were made to start another newspaper with an initial run of 200,000 Friday.

-Negotiators met with the union and representatives of the Cleveland Press and Plain Dealer in a meeting Mayor Ralph Locher called "crucial."

-Shippers estimated the strike already has cost \$600 million.

-Court Delay Sought - In New Orleans, attorneys for five banana handler locals sought to delay a court order.

-Mayor James H. J. Tate asked Philadelphia transit workers to go back to work during negotiations. Bot sides met again Wednesday without agreement.

President Kennedy, in naming a three-man board Wednesday, said the "point of public toleration has been passed" in the strike which has idled more than 100,000 longshoremen and maritime workers.

Sen. Wayne Morse (D-Ore.), once a member of the National Defense Mediation and War Labor boards, headed the group that was to meet with representatives of the International Longshoremen's Association and the various fleets.

The longshoremen walked off the job 25 days ago in search of a 55-cent an hour package. They have been offered a 23-cent hourly increase.

Shippers estimated the strike already has cost \$600 million.

Court Delay Sought - In New Orleans, attorneys for five banana handler locals sought to delay a court order.

to return to work. U.S. District Judge Frank B. Ellis said Wednesday the banana handlers should abide by an unsigned contract agreement, despite the general strike.

In Lakeland, Fla., a shipper said the strike would mean the loss of sales to European markets of about a half-million boxes of fresh citrus. He said one sale of one million gallons of orange concentrate had been cancelled.

Machinists and other workers at McDonnell Aircraft honored their contracts rather than picket. Forty-five teamsters did not cross the picket line, and the firemen and oilers union said it was up to their 30 members whether to work.

Defense Work Continues - More than 26,000 workers are employed at the St. Louis plant which also turns out Phantom II planes, McDonnell President David S. Lewis said he anticipated no interruption of defense production.

The company said it had offered the electricians 35 cents in wage increases spread over the next three years. One source said the union asked for 53 cents, but a union spokesman denied this.

The New York Chronicle was scheduled to hit the streets Monday where millions have been without a daily for 41 days. The paper was to be financed by news-

papermen, businessmen and lawyers. The Publishers Association of New York City met shortly after negotiations between the printers and publishers were broken off. The publishers said "the adamant stand on economically impossible proposals... would threaten the New York newspapers with bankruptcy."

Failure of talks today could lead to the breaking off of negotiations between the American Newspaper Guild and the Cleveland papers. The guild has been on strike 49 days.

Kennedy Planning West Germany Trip

Washington - (UPI) - President Kennedy will go to West Germany this year for an "informal working visit" following a trip he and Mrs. Kennedy will make to Italy, the White House announced Friday.

One well-informed source said the trip probably would take place in the spring. It appeared largely connected to problems stemming from Britain's so far unsuccessful attempts to enter the European Common Market.

The White House said Kennedy was going to Bonn at the invitation of West German Chancellor Konrad Adenauer. He previously had accepted an invitation to visit Italy which was extended by Italian Premier Amintore Fanfani during a visit here last week.

Eagle Point - A new procedure of semester testing will be put into effect at Eagle Point High school this year.

All major classes in one subject and grade will meet in the multipurpose room for a final test. The testing schedule is arranged so that students will not be overloaded with tests. A student will probably not have more than one major test per day, school officials said.

Principal Rick Traylor said the faculty feels it will be beneficial to the college-bound students in that it acquaints them with two hour tests as well as large group testing.

Grants Pass Firm Bids High on Logs

Southern Oregon Plywood, Inc., Grants Pass, was high bidder Jan. 7 for 9,500,000 board feet of national forest timber in the Travall Creek area, Prospect Ranger district, Rogue River National forest.

Forest Supervisor C. E. Brown said the high bid totaled \$116,839. This compares with the forest service appraisal price for the timber of \$116,746.

Other bidders in the oral auction were Olson Lumber Co., Fir-Ply, Inc., Oregon Veneer Company, Steve O. Wilson.

The timber consisted of 7,640,000 board feet of Douglas-fir bid at \$9.90 per thousand board feet, and 1,860,000 board feet of white fir and other species bid at \$5.30 per thousand board feet.

New Testing Plan Starts at EP High

World Traveler Will Speak at SOC Assembly

Ashland - "Czechoslovakia - Showcase for Russian Communism," will be the topic presented by Neil Douglas, explorer, photographer, and world traveler, at the Southern Oregon college assembly Monday, Jan. 21, at 10 a.m. in Churchill auditorium.

Douglas has presented film lectures at SOC five previous occasions on Russia, Turkey, Germany, Alaska, and the Iron Curtain countries. Townspeople are invited to attend the assembly without charge.

Record books were handed out. Anyone interested in joining a cooking club is asked to call Mrs. William Hubbard, Greg Lathrop, Reporter.

Cookie Cooks - The Central Point Cookie Cooks 4-H club elected officers recently.

They are president, Patricia Warn; vice president, Linda Hall; secretary, Terry Fletcher; game leader, Malvina Briggs; song leader, Claudia Underwood, and reporter, Carol Hale.

The name of the club was changed to the Scrambled Eggs. The next meeting will be held at the home of the leader Jan. 22.
