Produce Yield on Property Said High

Produce yield on two acres of the Jackson county farm home agricultural property exceeds national averages...

The county court had asked County Purchasing Coordinator William Cochran to obtain production and cost figures on the farm property for presentation to the county budget committee.

National average figures obtained from agricultural experts show average of 17,500 pounds of cabbage per acre, 9,000 pounds of tomato, and 17,000 pounds of potatoes.

More figures were available until County Commissioner Edwin Taylor has a chance to study those given the county court.
